## I. Letter to Applicant

### UNITED STATES DEPARTMENT OF EDUCATION OFFICE OF INNOVATION AND IMPROVEMENT

Dear Applicant,

Thank you for your interest in applying for a Development grant under the Investing in Innovation (i3) Fund. In its first six years, i3 generated unprecedented enthusiasm. Thousands of local educational agencies and non-profits submitted high-quality proposals, and the Department of Education funded 157 of them. The Department is pleased that Congress has appropriated funds that will allow nearly \$100 million in grants this year to support a range of new and evidence-based, innovative approaches to improving student achievement and providing every student with access to a world-class education.

As you know, the Department has implemented the pre-application process for the 2016 Development grant competition. The Department received 346 pre-applications. Applicants that submitted highly rated pre-applications have been invited to submit a full application for the Development competition. If you received a letter informing you that you are a highly rated applicant, please use this application package to submit your full application for the Development competition. Additionally, pre-applicants who were not highly rated may also submit a full application if they so choose. In order to be eligible to submit a full application and receive an i3 Development grant, an entity must have first successfully submit a pre-application by the established deadline and that pre-application must have been peer reviewed.

Please carefully read the Notice Inviting Applications published April 25, 2016, this Application Package, and other Department documents such as the i3 Frequently Asked Questions to ensure you understand the i3 Development grant competition.

The core aim of the i3 program continues: to improve education for our neediest students. The i3 program utilizes a “tiered evidence” framework to allocate funds: proposals supported by limited evidence receive the smallest grants, and proposals with the most rigorous evidence can receive large grants that enable expansion across the country. All i3 projects are required to conduct an independent evaluation in order to expand our understanding of what works in education, and help answer questions about for whom and in what contexts specific interventions are most effective. Our sincere hope is that these evaluations are valuable to grantees and the broader public alike.

The i3 Development competition includes lessons learned from prior i3 competitions, consistent with the final priorities, requirements, definitions, and selection criteria for this program, published in the [Federal Register](#) on March 27, 2013 (78 FR 18681) ([the “2013 i3 NFP”](#)) and the Department’s notice of final supplemental priorities published in the Federal Register on December 10, 2014 (79 FR 73425) (the [“Supplemental Priorities”](#)). The Department continues to use priorities in the i3 grant competition to enable the i3 program to build a portfolio of solutions and corresponding evidence for different approaches to addressing key challenges in public education.

The i3 program also includes a statutory requirement for a private-sector match for all i3 grantees. . Additional details regarding how this process will work are included in the Notice Inviting Applications, this Application Package, and the i3 Frequently Asked Questions.

Thank you for your interest in the Investing in Innovation Fund. Ensuring that every student receives a world-class education requires all of our efforts, and I commend you for taking advantage of this opportunity to help improve education for our nation’s students.

Sincerely,

/s/

**ATTENTION – Adobe Forms and PDF Files Required**

Applications submitted to Grants.gov for the Department of Education will be posted using Adobe forms. Therefore, applicants will need to download the latest version of Adobe reader (at least Adobe Reader 10.1.14). Information on computer and operating system compatibility with Adobe and links to download the latest version is available on Grants.gov at this link: [compatibility table](#). We strongly recommend that you review these details on [www.Grants.gov](http://www.Grants.gov) before completing and submitting your application. In addition, applicants should submit their application a day or two in advance of the closing date as detailed below. Also, applicants are required to upload their attachments in .pdf format only. (See details below under “Attaching Files – Additional Tips.”) If you have any questions regarding this matter please email the Grants.gov Contact Center at [support@grants.gov](mailto:support@grants.gov) or call 1-800-518-4726.

- 1) **REGISTER EARLY** – Grants.gov registration involves many steps including registration on SAM ([www.sam.gov](http://www.sam.gov)) which may take approximately one week to complete, but could take upwards of several weeks to complete, depending upon the completeness and accuracy of the data entered into the SAM database by an applicant. You may begin working on your application while completing the registration process, but you cannot submit an application until all of the Registration steps are complete. Please note that once your SAM registration is active, it will take 24-48 hours for the information to be available in Grants.gov, and before you can submit an application through Grants.gov. For detailed information on the Registration Steps, please go to: <http://www.grants.gov/web/grants/register.html> [Note: Your organization will need to update its SAM registration annually (formerly Central Contractor Registry (CCR).)]

Primary information about SAM is available at [www.sam.gov](http://www.sam.gov). However, to further assist you with obtaining and registering your DUNS number and TIN in SAM or updating your existing SAM account the Department of Education has prepared a SAM.gov Tip Sheet which you can find at: <http://www2.ed.gov/fund/grant/apply/sam-faqs.html>.

All applicants are advised to confirm that they have an active record with SAM. If an applicant has an expired record, the applicant will need to activate its record in order to submit an application of the i3 competition.

**Registration in Brief (ALLOW 4 WEEKS FOR COMPLETION OF ALL STEPS)**

- a. **Obtain DUNS Number**  
**Same day.** If requested by phone (1-866-705-5711) DUNS is provided immediately. If your organization does not have one, you will need to go to the Dun & Bradstreet website at <http://fedgov.dnb.com/webform> to obtain the number.
- b. **Register with SAM.** All applicants are advised to confirm that they have an active record with System for Award Management (SAM). If an applicant has an expired record, the applicant will need to activate its record in order to submit an application for the i3 competition. Ensure that your organization is registered with the System for Award Management (SAM) at <https://www.sam.gov/portal/public/SAM/>. If your organization is not registered within the SAM, an **authorizing official** of your organization must register.

- i. You can obtain a Data Universal Numbering System (DUNS) number from Dun and Bradstreet. A DUNS number can be created within **one-to-two business days**.
- ii. If you are a corporate entity, agency, institution, or organization, you can obtain a Taxpayer Identification Number (TIN) from the Internal Revenue Service. If you are an individual, you can obtain a TIN from the Internal Revenue Service or the Social Security Administration. If you need a new TIN, please **allow 2-5 weeks** for your TIN to become active.
- iii. The SAM registration process can take approximately seven business days, but may take upwards of several weeks, depending on the completeness and accuracy of the data entered into the SAM database by an entity. Thus, if you think you might want to apply for Federal financial assistance under a program administered by the Department, please allow sufficient time to obtain and register your DUNS number and TIN. We strongly recommend that you register early.

Note: Once your SAM registration is active, you will need to **allow 24 to 48 hours** for the information to be available in Grants.gov and before you can submit an application through Grants.gov.

If you are currently registered with SAM, you may not need to make any changes. However, please make certain that the TIN associated with your DUNS number is correct. Also note that you will need to update your registration annually. This may take three or more business days.

Information about SAM is available at [www.SAM.gov](http://www.SAM.gov). To further assist you with obtaining and registering your DUNS number and TIN in SAM or updating your existing SAM account, we have prepared a SAM.gov Tip Sheet, which you can find at:

<http://www2.ed.gov/fund/grant/apply/sam-fags.html>.

In addition, if you are submitting your application via Grants.gov, you must (1) be designated by your organization as an **Authorized Organization Representative (AOR)**; and (2) register yourself with Grants.gov as an AOR. Details on these steps are outlined at the following Grants.gov Web page: [www.grants.gov/web/grants/register.html](http://www.grants.gov/web/grants/register.html).

For additional guidance on updating a registration, applicants are advised to visit the SAM.gov Web site.

c. **Username & Password**

**Same day.** Complete your AOR (Authorized Organization Representative) profile on Grants.gov and create your username and password. You will need to use your organization's DUNS Number to complete this step. <https://apply07.grants.gov/apply/OrcRegister>.

d. **AOR Authorization**

**\*Same day.** The E-Business Point of Contact (E-Biz POC) at your organization must login to Grants.gov to confirm you as an Authorized Organization Representative (AOR). Please note that there can be more than one AOR for your organization. In some cases the E-Biz POC is also the AOR for an organization.

**\*TIME DEPENDS ON RESPONSIVENESS OF YOUR E-BIZ POC.**

e. **TRACK AOR STATUS**

At any time, you can track your AOR status by logging in with your username and password. Login as an Applicant (enter your username & password) using the following:

[http://www.grants.gov/applicants/org\\_step6.jsp](http://www.grants.gov/applicants/org_step6.jsp).

- 2) **SUBMIT EARLY – We strongly recommend that you do not wait until the last day to submit your application. Grants.gov will put a date/time stamp on your application and then process it after it is fully uploaded.** The time it takes to upload an application will vary depending on a number of factors including the size of the application and the speed of your Internet connection, and the time it takes Grants.gov to process the application will vary as well. If Grants.gov rejects your application (see step three below), you will need to resubmit successfully to Grants.gov before 4:30:00 p.m. Washington, DC time on the deadline date.

**Note: To submit successfully, you must provide the DUNS number on your application that was used when you registered as an Authorized Organization Representative (AOR) on Grants.gov. This DUNS number is typically the same number used when your organization registered with the SAM (formerly CCR -Central Contractor Registry). If you do not enter the same DUNS number on your application as the DUNS you registered with, Grants.gov will reject your application.**

- 3) **VERIFY SUBMISSION IS OK –** You will want to verify that Grants.gov received your application submission on time and that it was validated successfully. To see the date/time your application was received, login to Grants.gov and click on the Track My Application link. For a successful submission, the date/time received should be earlier than 4:30:00 p.m. Washington, DC time, on the deadline date, AND the application status should be: Validated, Received by Agency, or Agency Tracking Number Assigned. Once the Department of Education receives your application from Grants.gov, an Agency Tracking Number (PR/award number) will be assigned to your application and will be available for viewing on Grants.gov’s Track My Application link.

If the date/time received is later than 4:30:00 p.m. Washington, D.C. time, on the deadline date, your application is late. If your application has a status of “Received” it is still awaiting validation by Grants.gov. Once validation is complete, the status will either change to “Validated” or “Rejected with Errors.” If the status is “Rejected with Errors,” your application has not been received successfully. Some of the reasons Grants.gov may reject an application can be found on the Grants.gov site:

<http://www.grants.gov/web/grants/applicants/grant-application-process/application-statuses.html>. For more detailed information on troubleshooting Adobe errors, you can review the Adobe Reader Error Messages document at <http://www.grants.gov/web/grants/support/technical-support/troubleshooting/encountering-error-messages.html>. If you discover your application is late or has been rejected, please see the instructions below. Note: You will receive a series of confirmations both online and via e-mail about the status of your application. Please do not rely solely on e-mail to confirm whether your application has been received timely and validated successfully.

### **Submission Problems – What should you do?**

If you have problems submitting to Grants.gov before the closing date, please contact Grants.gov Customer Support at 1-800-518-4726 or <http://www.grants.gov/web/grants/about/contact-us.html>, or access the Grants.gov Self-Service web portal at: <https://grants-portal.psc.gov/Welcome.aspx?pt=Grants>

Because electronic submission is required for this competition, you must submit an electronic application before 4:30:00 p.m., unless you follow the procedures in the Federal Register notice and qualify for one of the exceptions to the electronic submission requirement and submit, no later than two weeks before the application deadline date, a written

statement to the Department that you qualify for one of these exceptions. (See the Federal Register notice for detailed instructions.)

### **Helpful Hints When Working with Grants.gov**

Please note, once you download an application from Grants.gov, you will be working offline and saving data on your computer. Please be sure to note where you are saving the Grants.gov file on your computer. You will need to logon to Grants.gov to upload and submit the application. **You must provide the DUNS number on your application that was used when you registered as an Authorized Organization Representative (AOR) on Grants.gov.**

Please go to <http://www.grants.gov/web/grants/about/contact-us.html> for help with Grants.gov. For additional tips related to submitting grant applications, please refer to the Grants.gov Submit Application FAQs found on the Grants.gov <http://www.grants.gov/web/grants/support/general-support/faqs.html>.

### **Dial-Up Internet Connections**

When using a dial up connection to upload and submit your application, it can take significantly longer than when you are connected to the Internet with a high-speed connection, e.g. cable modem/DSL/T1. While times will vary depending upon the size of your application, it can take a few minutes to a few hours to complete your grant submission using a dial up connection. **If you do not have access to a high-speed connection and electronic submission is required, you may want to consider following the instructions in the Federal Register notice to obtain an exception to the electronic submission requirement no later than two weeks before the application deadline date.** (See the Federal Register notice for detailed instructions.)

### **MAC Users**

For MAC compatibility information, review the Operating System Platform Compatibility Table at the following Grants.gov link: <http://www.grants.gov/web/grants/support/technical-support/recommended-software.html>. **If electronic submission is required and you are concerned about your ability to submit electronically as a non-windows user, please follow instructions in the Federal Register notice to obtain an exception to the electronic submission requirement no later than two weeks before the application deadline date.** (See the Federal Register notice for detailed instructions.)

## Attaching Files – Additional Tips

Please note the following tips related to attaching files to your application, especially the requirement that applicants **only include read-only, non-modifiable .PDF files** in their application:

1. Ensure that you attach ***.PDF files only*** for any attachments to your application, and they must be in a **read-only, non-modifiable format**. PDF files are the only Education approved file type accepted as detailed in the Federal Register application notice. Applicants must submit individual .PDF files only when attaching files to their application. Specifically, the Department will not accept any attachments that contain files within a file, such as PDF Portfolio files, or an interactive or fillable .PDF file. Any attachments uploaded that are not .PDF files or are password protected files will not be read.
2. Grants.gov cannot process an application that includes two or more files that have the same name within a grant submission. Therefore, each file uploaded to your application package should have a unique file name.
3. When attaching files, applicants should follow the guidelines established by Grants.gov on the size and content of file names. Uploaded files must be less than 50 characters, contain no spaces, no special characters (example: -, &, \*, %, /, #, \) including periods (.), blank spaces and accent marks. Applications submitted that do not comply with the Grants.gov guidelines will be rejected at Grants.gov and not forwarded to the Department.
4. Applicants should limit the size of their file attachments. Documents submitted that contain graphics and/or scanned material often greatly increase the size of the file attachments and can result in difficulties opening the files. For reference, the average discretionary grant application package totals 1 to 2 MB. Therefore, you may want to check the total size of your package before submission.

## APPLICATION TIPS

- I. Register or maintain registration on SAM.gov. The SAM registration process can take approximately seven business days, but may take upwards of several weeks, depending on the completeness and accuracy of the data entered into the SAM database by an entity. Thus, if you think you might want to apply for Federal financial assistance under a program administered by the Department, please allow sufficient time to obtain and register your DUNS number and TIN. Once your SAM registration is active, you will need to allow 24 to 48 hours for the information to be available in Grants.gov and before you can submit an application through Grants.gov. Also note that you will need to update your registration annually. This may take three or more business days.
- II. Register early on Grants.gov. The registration process may take up to two weeks to complete. For additional information on the registration and submission process please review the resources available on the Grants.gov Website.
- III. Verify that the person assigned to submit the application has been designated as an Authorized Organization Representative (AOR). Track your AOR status (see page 12). You must be “active” in order to submit an application on behalf of the organization.
- IV. Carefully review the FY2016 NIA for eligibility requirements. While applicants did not need to address the eligibility requirements for the pre-application, full applications will be deemed ineligible if they do not meet all of the eligibility requirements, including the required evidence standards and prior record of improvement.
- V. Clearly state which Absolute Priority under which you are submitting an application. Applications will be reviewed by Absolute Priority, so it is important that you clearly indicate the Absolute Priority you intend the Department to review your application under. Applicants should ensure that the Absolute Priority identified in the application narrative matches that identified on the i3 Applicant Information Sheet.
- VI. Review the submission for clarity. Applications will be read by multiple peer reviewers; therefore it is important to ensure that the application can be understood by someone who is unfamiliar with your project.
- VII. Submit all files in .PDF format. While Grants.gov may accept other format types, the Department’s system, which receives the files from Grants.gov, will only accept .PDF files. Files submitted in formats other than .PDF may not convert in a legible manner and, in these instances, cannot be reviewed.
- VIII. Submit early on Grants.gov. Applications must be finished uploading, and be validated by the Grants.gov system, by 4:30:00pm, Washington, DC, time on the deadline date. Validation indicates if the submission was successful and may take up to two days. If the submitted application is deemed invalid due to an error, applicants may correct the error and resubmit only if the 4:30:00pm Washington, DC time deadline has not passed. Applicants are encouraged to review the submission to be sure that the files transmitted correctly. Grants.gov may not catch all errors. Late submissions or modifications to the submitted application will not be accepted after the deadline.
- IX. Each application will be reviewed under the competition it was submitted under in the Grants.gov system, and only applications that are successfully submitted by the established deadline will be peer reviewed. Applicants should be careful that they download the intended i3 application package and that they submit their applications under the intended i3 competition.
- X. **NOTE:** Applicants will receive multiple emails to confirm submission in Grants.gov, validation, and transmission to the Department of Education. Once the application is transmitted to the Department, applicants will receive a final email with a unique identifier called a PR Award Number. Use this number when making inquiries about the submitted application. Please review the email carefully to ensure that you submitted the application under the intended competition.

## DUNS NUMBER INSTRUCTIONS

**All applicants must have a D-U-N-S number in order to apply for federal funds.**

**NOTE:** Check with your fiscal office to see if your institution has an assigned D-U-N-S before contacting Dun & Bradstreet.

Please provide the applicant's D-U-N-S Number. You can obtain your D-U-N-S Number at no charge by calling **1-800-333-0505** or by completing a D-U-N-S Number Request Form. The form can be obtained via the Internet at the following URL:

[http://www.dnb.com/US/duns\\_update/index.html](http://www.dnb.com/US/duns_update/index.html)

The D-U-N-S Number is a unique nine digit number that does not convey any information about the recipient. A built-in check digit helps assure the accuracy of the D-U-N-S Number. The ninth digit of each number is the check digit, which is mathematically related to the other digits. It lets computer systems determine if a D-U-N-S Number has been entered correctly.

Dun & Bradstreet, a global information services provider, has assigned D-U-N-S numbers to over 43 million companies worldwide. **Live help Monday-Friday 8am-6pm (EST) Dial 1-888-814-1435.**

Note: Electronic submission via Grants.gov must use the D-U-N-S number your organization used when it registered in the System for Award Management.

## DEFINITIONS FOR ED SF-424

### DEFINITIONS FOR DEPARTMENT OF EDUCATION SUPPLEMENTAL INFORMATION FOR SF 424 (Attachment to Instructions for Supplemental Information for SF 424)

**Novice Applicant (See 34 CFR 75.225).** For discretionary grant programs under which the Secretary gives special consideration to novice applications, a novice applicant means any applicant for a grant from ED that—

- Has never received a grant or subgrant under the program from which it seeks funding;
- Has never been a member of a group application, submitted in accordance with 34 CFR 75.127-75.129, that received a grant under the program from which it seeks funding; and
- Has not had an active discretionary grant from the Federal government in the five years before the deadline date for applications under the program. For the purposes of this requirement, a grant is active until the end of the grant's project or funding period, including any extensions of those periods that extend the grantee's authority to obligate funds.

In the case of a group application submitted in accordance with 34 CFR 75.127-75.129, a group includes only parties that meet the requirements listed above.

#### PROTECTION OF HUMAN SUBJECTS IN RESEARCH

##### I. Definitions and Exemptions

###### A. Definitions.

A research activity involves human subjects if the activity is research, as defined in the Department's regulations, and the research activity will involve use of human subjects, as defined in the regulations.

###### —Research

The ED Regulations for the Protection of Human Subjects, Title 34, Code of Federal Regulations, Part 97, define research as "a systematic investigation, including research development, testing and evaluation, designed to develop or contribute to generalizable knowledge." *If an activity follows a deliberate plan whose purpose is to*

*develop or contribute to generalizable knowledge it is research.* Activities which meet this definition constitute research whether or not they are conducted or supported under a program that is considered research for other

purposes. For example, some demonstration and service programs may include research activities.

###### —Human Subject

The regulations define human subject as "a living individual about whom an investigator (whether professional or student) conducting research obtains (1) data through intervention or interaction with the individual, or (2) identifiable private information." *(1) If an activity involves obtaining information about a living person by manipulating that person or that person's environment, as might occur when a new instructional technique is tested, or by communicating or interacting with the individual, as occurs with surveys and interviews, the definition of human subject is met. (2) If an activity involves obtaining private information about a living person in such a way that the information can be linked to that individual (the identity of the subject is or may be readily determined by the investigator or associated with the information), the definition of human subject is met.* [Private information includes information about behavior that occurs in a context in which an individual can reasonably expect that no observation or recording is taking place, and information which has been provided for specific purposes by an individual and which the individual can reasonably expect will not be made public (for example, a school health record).

###### B. Exemptions:

Research activities in which the **only** involvement of human subjects will be in one or more of the following six categories of **exemptions** are not covered by the regulations:

(1) Research conducted in established or commonly accepted educational settings, involving normal educational practices, such as (a) research on regular and

special education instructional strategies, or (b) research on the effectiveness of or the comparison among instructional techniques, curricula, or classroom management methods.

(2) Research involving the use of educational tests (cognitive, diagnostic, aptitude, achievement), survey procedures, interview procedures or observation of public behavior, unless: (a) information obtained is recorded in such a manner that human subjects can be identified, directly or through identifiers linked to the subjects; and (b) any disclosure of the human subjects' responses outside the research could reasonably place the subjects at risk of criminal or civil liability or be damaging to the subjects' financial standing, employability, or reputation. ***If the subjects are children, exemption 2 applies only to research involving educational tests and observations of public behavior when the investigator(s) do not participate in the activities being observed. Exemption 2 does not apply if children are surveyed or interviewed or if the research involves observation of public behavior and the investigator(s) participate in the activities being observed.*** [Children are defined as persons who have not attained the legal age for consent to treatments or procedures involved in the research, under the applicable law or jurisdiction in which the research will be conducted.]

(3) Research involving the use of educational tests (cognitive, diagnostic, aptitude, achievement), survey procedures, interview procedures or observation of public behavior that is not exempt under section (2) above, if the human subjects are elected or appointed public officials or candidates for public office; or federal statute(s) require(s) without exception that the confidentiality of the personally identifiable information will be maintained throughout the research and thereafter.

(4) Research involving the collection or study of existing data, documents, records, pathological specimens, or diagnostic specimens, if these sources are publicly available or if the information is recorded by the investigator in a manner that subjects cannot be identified, directly or through identifiers linked to the subjects.

(5) Research and demonstration projects which are conducted by or subject to the approval of department or agency heads, and which are designed to study,

evaluate, or otherwise examine: (a) public benefit or service programs; (b) procedures for obtaining benefits or services under those programs; (c) possible changes in or alternatives to those programs or procedures; or (d) possible changes in methods or levels of payment for benefits or services under those programs.

(6) Taste and food quality evaluation and consumer acceptance studies, (a) if wholesome foods without additives are consumed or (b) if a food is consumed that contains a food ingredient at or below the level and for a use found to be safe, or agricultural chemical or environmental contaminant at or below the level found to be safe, by the Food and Drug Administration or approved by the Environmental Protection Agency or the Food Safety and Inspection Service of the U.S. Department of Agriculture.

## **II. Instructions for Exempt and Nonexempt Human Subjects Research Narratives**

If the applicant marked "Yes" for Item 3 of Department of Education Supplemental Information for SF 424, the applicant must provide a human subjects "exempt research" or "nonexempt research" narrative. Insert the narrative(s) in the space provided. If you have multiple projects and need to provide more than one narrative, be sure to label each set of responses as to the project they address.

### **A. Exempt Research Narrative.**

If you marked "Yes" for item 3 a. and designated exemption numbers(s), provide the "exempt research" narrative. The narrative must contain sufficient information about the involvement of human subjects in the proposed research to allow a determination by ED that the designated exemption(s) are appropriate. The narrative must be succinct.

### **B. Nonexempt Research Narrative.**

If you marked "No" for item 3 a. you must provide the "nonexempt research" narrative. The narrative must address the following seven points. Although no specific page limitation applies to this section of the application, be succinct.

#### **(1) Human Subjects Involvement and Characteristics:**

Provide a detailed description of the proposed involvement of human subjects. Describe the characteristics of the subject population, including their

anticipated number, age range, and health status. Identify the criteria for inclusion or exclusion of any subpopulation. Explain the rationale for the involvement of special classes of subjects, such as children, children with disabilities, adults with disabilities, persons with mental disabilities, pregnant women, prisoners, institutionalized individuals, or others who are likely to be vulnerable.

(2) **Sources of Materials:** Identify the sources of research material obtained from individually identifiable living human subjects in the form of specimens, records, or data. Indicate whether the material or data will be obtained specifically for research purposes or whether use will be made of existing specimens, records, or data.

(3) **Recruitment and Informed Consent:** Describe plans for the recruitment of subjects and the consent procedures to be followed. Include the circumstances under which consent will be sought and obtained, who will seek it, the nature of the information to be provided to prospective subjects, and the method of documenting consent. State if the Institutional Review Board (IRB) has authorized a modification or waiver of the elements of consent or the requirement for documentation of consent.

(4) **Potential Risks:** Describe potential risks (physical, psychological, social, legal, or other) and assess their likelihood and seriousness. Where appropriate, describe alternative treatments and procedures that might be advantageous to the subjects.

(5) **Protection Against Risk:** Describe the procedures for protecting against or minimizing potential risks, including risks to confidentiality, and assess their likely effectiveness. Where appropriate, discuss provisions for ensuring necessary medical or professional intervention in the event of adverse effects to the subjects. Also, where appropriate, describe the provisions for monitoring the data collected to ensure the safety of the subjects.

(6) **Importance of the Knowledge to be Gained:** Discuss the importance of the knowledge gained or to be gained as a result of the proposed research. Discuss why the risks to subjects are reasonable in relation to the anticipated benefits to subjects and in relation to the importance of the knowledge that may reasonably be expected to result.

(7) **Collaborating Site(s):** If research involving human subjects will take place at collaborating site(s) or other performance site(s), name the sites and briefly describe their involvement or role in the research.

***Copies of the Department of Education's Regulations for the Protection of Human Subjects, 34 CFR Part 97 and other pertinent materials on the protection of human subjects in research are available from the Grants Policy and Oversight Staff, Office of the Chief Financial Officer, U.S. Department of Education, Washington, D.C. 20202-4250, telephone: (202) 245-6120, and on the U.S. Department of Education's Protection of Human Subjects in Research Web Site: <http://www.ed.gov/about/offices/list/OCFO/humansub.html>***

NOTE: The **State Applicant Identifier** on the SF 424 is for State Use only. Please complete it on the OMB Standard 424 in the upper right corner of the form (if applicable).

Lines 1-11, columns (a)-(e): For each project year for which funding is requested, show the total amount requested for each applicable budget category.

Lines 1-11, column (f): Show the multi-year total for each budget category. If funding is requested for only one project year, leave this column blank.

Line 12, column (f): Show the total amount requested for all project years. If funding is requested for only one year, leave this space blank.

**Indirect Cost Information:** If you are requesting reimbursement for

indirect costs on line 10, this information is to be completed by your Business Office.

(1): Indicate whether or not your organization has an Indirect Cost Rate Agreement that was approved by the Federal government. If you checked "no," ED generally will authorize grantees to use a temporary rate of 10 percent of budgeted salaries and wages (**complete (4) of this section when using the temporary rate**) subject to the following limitations:

(a) The grantee must submit an indirect cost proposal to its cognizant agency within 90 days after ED issues a grant award notification; and

(b) If after the 90-day period, the grantee has not submitted an indirect cost proposal to its cognizant agency, the grantee may not charge its grant for indirect costs until it has negotiated an indirect cost rate agreement with its cognizant agency.

(2): If you checked "yes" in (1), indicate in (2) the beginning and ending dates covered by the Indirect Cost Rate Agreement. In addition, indicate whether ED, another Federal agency (Other) or State agency issued the approved agreement. If you check "Other," specify the name of the Federal or other agency that issued the approved agreement.

(3): If you check "no" in (1), indicate in (3) if you want to use the de minimis rate of 10 percent of MTDC (see 2CFR § 200.68). If you use the de minimis rate, you are subject to the provisions in 2 CFR § 200.414(f). Note, you may only use the 10 percent de minimis rate if you are a first-time Federal grant recipient, and you do not have an Approved Indirect Cost Rate Agreement. You may not use the de minimis rate if you are a State, Local government, or Indian Tribe, or if your grant is funded under a training rate or restricted rate program.

(3): If you are applying for a grant under a Restricted Rate Program (34 CFR 75.563 or 76.563), indicate whether you are using a restricted indirect cost rate that is included on your approved Indirect Cost Rate Agreement, or whether you are using a restricted indirect cost rate that complies with 34 CFR 76.564(c)(2). Note: State or Local government agencies may not use the provision for a restricted indirect cost rate specified in 34 CFR 76.564(c)(2). Check only one response. Leave blank, if this item is not applicable.

2. For non-Federal funds or resources listed in Section B that are used to meet a cost-sharing or matching requirement or provided as a voluntary cost-sharing or matching commitment, you must include:

- The specific costs or contributions by budget category;
- The source of the costs or contributions; and
- In the case of third-party in-kind contributions, a description of how the value was determined for the donated or contributed goods or services.

[Please review cost sharing and matching regulations found in 2 CFR 200.306.]

3. If applicable to this program, provide the rate and base on which fringe benefits are calculated.

4. If you are requesting reimbursement for indirect costs on line 10, this information is to be completed by your Business Office. Specify the estimated amount of the base to which the indirect cost rate is applied and the total indirect expense. Depending on the grant program to which you are applying and/or your approved Indirect Cost Rate Agreement, some direct cost budget categories in your grant application budget

may not be included in the base and multiplied by your indirect cost rate. For example, you must multiply the indirect cost rates of "Training grants" (34 CFR 75.562) and grants under programs with "Supplement not Supplant" requirements ("Restricted Rate" programs) by a "modified total direct cost" (MTDC) base (34 CFR 75.563 or 76.563). Please indicate which costs are included and which costs are excluded from the base to which the indirect cost rate is applied.

When calculating indirect costs (line 10) for "Training grants" or grants under "Restricted Rate" programs, you must refer to the information and examples on ED's website at:

<http://www.ed.gov/fund/grant/apply/appforms/appforms.html>

## ASSURANCES AND CERTIFICATIONS INSTRUCTIONS

### GENERAL EDUCATION PROVISIONS ACT (GEPA) SECTION 427

---

**\*ALL APPLICANTS MUST INCLUDE INFORMATION IN THEIR APPLICATIONS TO ADDRESS THIS PROVISION IN ORDER TO RECEIVE FUNDING UNDER THIS PROGRAM.**

Section 427 requires each applicant to include in its application a description of the steps the applicant proposes to take to ensure equitable access to, and participation in, its federally-assisted program for students, teachers, and other program beneficiaries with special needs.

This provision allows applicants discretion in developing the required description. The statute highlights six barriers that can impede equitable access or participation: **gender, race, national origin, color disability, or age**. Based on local circumstances, you should determine whether these or other barriers might prevent your teachers, etc. from such access or participation in the federally funded project or activity. The description in your application of steps to be taken to overcome these barriers need not be lengthy; you may provide a clear and succinct description of how you plan to address those barriers that are applicable in your circumstances.

A general statement of an applicant's nondiscriminatory hiring policy is not sufficient to meet this requirement. Applicants must identify potential barriers and explain steps they will take to overcome these barriers.

First, applicants must **identify at least one barrier** that would prevent teachers, and other program beneficiaries from participating in grant activities. The statute highlights six types of barriers that can impede access to participation: **gender, race, national origin, color, disability, or age**. However, applicants can take a fairly broad view of what constitutes a barrier and may address a barrier that is not among these six. Nor does the barrier have to be related to an applicant's own operation or way of conducting business. The barrier could be an attitude or perception held by people that the grant project is intended to serve. For example, an organization could be free of any discriminatory policies but still have trouble getting immigrant parents involved because these parents are reluctant to work with any official group or agency.

Second, applicants must **explain what they will do to overcome the barrier**.

Here are two examples of identifying a barrier and its solution:

- **Barrier**—Low-income parents cannot participate in grant activities held in the evening at a local school because they lack babysitting and transportation.  
**Solution**—Grant money will be spent to carry out a detailed plan (explained within the applicant's GEPA statement) to help the parents overcome their babysitting and transportation difficulties.
- **Barrier**—Sight impaired students cannot benefit from reading tutors paid for with grant money because the students are unable to use the books available during the tutoring sessions.  
**Solution**—Grant money will pay for materials in Braille.

In determining the significance of the project, the Secretary considers the following factors:

- (1) The magnitude or severity of the problem to be addressed by the proposed project. (34 CFR 75.210)
- (2) The extent to which the proposed project involves the development or demonstration of promising new strategies that build on, or are alternatives to, existing strategies. (34 CFR 75.210)
- (3) The extent to which the proposed project addresses the absolute priority the applicant is seeking to meet. (2013 i3 NFP)

### **B. Quality of the Project Design and Management Plan (Up to 45 Points)**

In determining the quality of the proposed project design, the Secretary considers the following factors:

- (1) The extent to which the goals, objectives, and outcomes to be achieved by the project are clearly specified and measurable. (34 CFR 75.210)
- (2) The adequacy of the management plan to achieve the objectives of the proposed project on time and within budget, including clearly defined responsibilities, timelines, and milestones for accomplishing project tasks. (2013 i3 NFP)
- (3) The adequacy of procedures for ensuring feedback and continuous improvement in the operation of the proposed project. (2013 i3 NFP)
- (4) The mechanisms the applicant will use to broadly disseminate information on its project so as to support further development or replication. (34 CFR 75.210)

### **C. Quality of Project Evaluation (Up to 20 Points)**

In determining the quality of the project evaluation to be conducted, the Secretary considers the following factors:

- (1) The clarity and importance of the key questions to be addressed by the project evaluation, and the appropriateness of the methods for how each question will be addressed. (2013 i3 NFP)
- (2) The extent to which the methods of evaluation will, if well-implemented, produce evidence about the project's effectiveness that would meet the What Works Clearinghouse Evidence Standards with reservations. (34 CFR 75.210)
- (3) The extent to which the proposed project plan includes sufficient resources to carry out the project evaluation effectively. (2013 i3 NFP)

SUGGESTED POINT RANGES<sup>1</sup> FOR RATING APPLICANT RESPONSES TO THE SELECTION CRITERIA

All applicants are required to respond to each of the Selection Criteria published in the Notice Inviting Applications published in the Federal Register on April 25, 2016 (81 FR 24070 - 24083). Please assess applications based on the Selection Criteria. No outside factors, such as personal knowledge of past performance, or subjective judgments about what an application should contain may be considered. Please note that within each Criterion no one factor is worth more points than the other. The application should be a comprehensive design for the proposed intervention and desired outcomes. Therefore, it is imperative that reviewers read the application in its entirety to determine the overall quality of the proposed project and the quality of the applicant’s response to each Criterion.

The numerical scores assigned to an applicant’s response to the Selection Criteria must be consistent with the comments written. Comments and scores should reflect the same overall assessment of the quality of the response. It is important that you do not pair a negative comment with a positive score and vice versa. Comments indicate why the applicant’s response to each Selection Criterion is fully developed, well developed, adequately developed, poorly developed, or not addressed. Scores indicate how well or poorly the applicant responded to a Selection Criterion. Shown below are **suggested** point ranges for an evaluation of fully developed, well developed, adequately developed, poorly developed, or not addressed, for each of the Criterion.

Maximum Point Value	Quality of Applicant’s Response				
	Not Addressed	Poorly Developed	Adequately Developed	Well-Developed	Fully Developed
45	0	1-21	22-34	35-41	42-45
35	0	1-16	17-27	28-32	33-35
20	0	1-9	10-16	17-18	19-20

<sup>1</sup> This document will be provided to peer reviewers to assist in the reviewing and scoring of the eligible applicant’s response to the Selection Criteria. It is included here for the applicants’ reference.

## INSTRUCTIONS FOR BUDGET NARRATIVE

The Budget Narrative Form should include the eligible applicant's line item budget (ED form 524) **AND** the accompanying detailed budget narrative justification.

Applicants may request i3 funding for 3, 4, or 5 years and should make this determination at the time of application. Applicants must complete ED 524 for all budget years of the proposed project. Applicants must also provide a budget narrative that describes their proposed multiyear project activities and the costs associated with those activities as well as all costs associated with carrying out the proposed project. Section 75.112(b) of EDGAR requires applicants to present "a narrative that describes how and when, in each budget period of the project, the applicant plans to meet each objective of the project." EDGAR may be accessed at:

<http://www.ed.gov/policy/fund/reg/edgarReg/edgar.html>

In addition, applicants should include costs for four project staff persons (project director, evaluator, and two partners) to attend an annual 2 day project directors meeting in Washington, DC.

The budget should include only costs that are allowable, reasonable, and necessary for carrying out the objectives of the i3 project. Rules about allowable costs are set out in 2 CFR Part 200<sup>2</sup>, as adopted by the Department at 2 CFR Part 3474.<sup>3</sup>

For each line item of both Sections A (federal costs) and B (non-federal costs) of the Budget Form (ED 524), provide detailed costs (in dollars) accompanied by a narrative justification to support your request. Also, please note that, in Section B, an applicant shows the funds or in-kind donations it proposes to use to meet the matching requirement as well as any other non-Federal funds or in-kind donations that it proposes to use to support its i3 project. For example, an applicant that requests \$1,000,000 must secure \$100,000 in matching funds; therefore, the project budget narrative would reflect how the total proposed budget of \$1,100,000 will be expended. An applicant need not have secured matching funds or in-kind donations in order to show those funds or donations in Section B. If an applicant is submitting with its application a request for a reduction of the private-sector matching requirement, the applicant may show in Section B the amount of non-Federal funds or in-kind donations it intends to use to support its i3 project consistent with that request.

Please check all figures and combined totals in the budget narrative, and compare the amounts with those reflected on the ED 524.

### **Instructions for Section C- Budget Narrative**

Provide an itemized budget breakdown, and justification by project year, for each budget category listed in Sections A and B of the ED 425.

Personnel (Line 1): Provide each project personnel's base salary and wages and FTE.

Fringe Benefits (Line 2): The institution's normal fringe benefits contribution may be charged to the program. Leave this line blank if fringe benefits applicable to direct salaries and wages are treated as part of the indirect costs. If you are including fringe benefits, please explain how the fringe rate was calculated and identify the staff members who are receiving the benefits.

Travel (Line 3): Indicate the travel costs of employees and participants only. Provide a breakdown of the costs associated with each trip and justification for the costs. In addition, applicants should include costs for four project staff persons (project director, evaluator, and two partners) to attend an annual 2-day project directors meeting in Washington, DC.

Equipment (Line 4): Indicate the cost of tangible, non-expendable personal property that has usefulness greater than one year and acquisition costs that are the lesser of the capitalization level established by the applicant entity for financial statement purposes or \$5,000 per article. Lower limits may be established to maintain consistency with the applicant's policy. Indicate the amount of equipment that is being purchased, the cost per unit, and the justification of purchases that links to the project narrative.

Supplies (Line 5): Show all tangible, expendable personal property. Direct supplies and materials differ from equipment in that they are consumable, expendable, and of a relatively low unit cost. Supplies purchased with grant funds should directly benefit the grant project and be necessary for achieving the goals of the project. Applicants should provide a breakdown of how supplies costs are determined.

Contractual (Line 6): The contractual category should include all costs specifically incurred with actions that the applicant takes in conjunction with an established procurement system. Include consultant fees, expenses, and travel costs in this category if the consultant's services are obtained through a written binding agreement or contract. Identify who is being contracted with, the amount of the contract (this should include a breakdown of the major service components of the contract and the costs of each portion) and an explanation of what the services are being provided by the contractor.

Construction (Line 7): Not applicable.

Other (Line 8): Indicate all direct costs not covered on lines 1-6. For example include costs such as space rental, required fees, honoraria and travel (where a contract is not in place for services), training, and communication and printing costs. *Do not include costs that are included in the indirect cost rate.*

Total Direct Costs (Line 9): The sum of lines 1-8.

Indirect Costs (Line 10): Indicate the applicant's approved indirect cost rate, per sections 75.560 – 75.564 of EDGAR. Please note, an applicant that does not have a federally recognized indirect cost rate agreement may, if awarded a grant, charge indirect costs at a temporary rate of 10 percent of budgeted direct salaries and wages. See 34 CFR 75.560(c). In addition, under 2 CFR 200.414, certain grantees that have never received a negotiated indirect cost rate may elect to charge a de minimis rate of 10% of modified total direct costs (MTDC) which may be used indefinitely. LEAs, however, are not eligible for this de minimis rate.

**NOTE:** If you have questions about obtaining an approved Indirect Cost Rate or applying your Indirect Cost Rate, you may contact a cost negotiator using the information provided at the following URL: <http://www2.ed.gov/about/offices/list/ocfo/fipao/icgreps.html>. If you have further questions about Indirect Cost rates, please refer to section K. Allowable Use of Funds, in the i3 FAQs.

Training Stipends (Line 11): Indicate the amount of stipend, the number of grant participants receiving the stipends and the justification for the stipend. Please make sure that training stipends are placed under this line item and not under "Personnel" or "Other."

Total Cost (Line 12): This should equal to sum of lines 9-11 (total direct costs + indirect + training stipends).

*Please note that a budget justification should be provided for both Federal costs and Non-Federal costs.*

## INSTRUCTIONS FOR APPENDIX

Applicants should **attach all appendices to the Other Attachments Form**. For each appendix, applicants are asked to save files as a .PDF, label each file with the Appendix name and upload the file to the Other Attachments Form. The Other Attachments Form can support up to ten attachments, therefore it is unnecessary to merge appendices into one document.

**Appendix D:**

Response to Evidence Standards

See evidence standards under "Other" requirements in the Notice Inviting Applications (80 FR 16654).

- To be eligible for an award, an application for a Development grant must be supported by evidence of promise (as defined in the NIA) or a strong theory (as defined in the NIA). Applicants must identify in Appendix D and the Applicant Information Sheet if their evidence is supported by evidence of promise or a strong theory.
  - Note: In Appendix D, under the "Other Attachments Form," an entity that submits a full application should provide information addressing one of the required evidence standards for Development grants. This information should include a description of the intervention(s) the applicant plans to implement and the intended student outcomes that the intervention(s) attempts to impact.
- Applicants must identify in Appendix D and the Applicant Information Sheet if their evidence is supported by evidence of promise or a strong theory. An applicant submitting its Development grant application under the evidence of promise standard should identify up to two study citations to be reviewed for the purposes of meeting the i3 evidence

standard requirement and include those citations in Appendix D. In addition, the applicant should specify the intervention that they plan to implement, the findings within the citations that the applicant is requesting be considered as evidence of promise, including page number(s) of specific tables if applicable. The Department will not consider a study citation that an applicant fails to clearly identify for review.

- An applicant must either ensure that all evidence is available to the Department from publicly available sources and provide links or other guidance indicating where it is available; or, in the full application, include copies of evidence in Appendix D. If the Department determines that an applicant has provided insufficient information, the applicant will not have an opportunity to provide additional information at a later time.
  - Note: The evidence standards apply to the prior research that supports the effectiveness of the proposed project. The i3 program does not restrict the source of prior research providing evidence for the proposed project. As such, an applicant could cite prior research in Appendix D for studies that were conducted by another entity (*i.e.*, an entity that is not the applicant) so long as the prior research studies cited in the application are relevant to the effectiveness of the proposed project. If an applicant applies under the evidence of promise standard but does not meet it, their application will not be reviewed under the strong theory standard.
