Note: An LEA includes a public charter school that operates as an LEA.

To qualify as a rural applicant under the EIR program, an applicant must meet both of the following requirements:
(a) The applicant is—

AUTHORIZING LEGISLATION

Section 4611 of the Elementary and Secondary Education Act, as amended by P.L. 114-95, the Every Student Succeeds Act (ESSA).

SEC. 4611. GRANTS FOR EDUCATION INNOVATION AND RESEARCH.

(a) PROGRAM AUTHORIZED.—

(1) IN GENERAL.—From funds reserved under section 4601(b)(2)(A), the Secretary shall make grants to eligible entities to enable the eligible entities to—

(A) create, develop, implement, replicate, or take to scale entrepreneurial, evidence-based, field-initiated innovations to improve student achievement and attainment for high-need students; and

(B) rigorously evaluate such innovations, in accordance with subsection (e).

(2) DESCRIPTION OF GRANTS.—The grants described in paragraph (1) shall include—

(A) early-phase grants to fund the Early-phase, implementation, and feasibility testing of a program, which prior research suggests has promise, for the purpose of determining whether the program can successfully improve student achievement or attainment for high-need students;

(B) mid-phase grants to fund implementation and a rigorous evaluation of a program that has been successfully implemented under an early-phase grant described in subparagraph (A) or other effort meeting similar criteria, for the purpose of measuring the program’s impact and cost effectiveness, if possible using existing administrative data; and

(C) expansion grants to fund implementation and a rigorous replication evaluation of a program that has been found to produce sizable, important impacts under a midphase grant described in subparagraph (B) or other effort meeting similar criteria, for the purposes of—

(i) determining whether such impacts can be successfully reproduced and sustained over time; and

(ii) identifying the conditions in which the program is most effective.

(2) to disseminate best practices.
2018 EIR Early-phase Notice Inviting Applications

The full text of the Notice Inviting Applications (NIA) for the FY 2018 EIR Early-phase competition including all relevant deadlines can be found on the EIR website at the following URL:

All EIR applications must be received on or before 4:30:00 pm Washington, DC time on June 5, 2018. Please note that the U.S. Department of Education grant application deadline is 4:30:00 P.M., Washington, DC time. Your application must be fully uploaded and submitted and must be date and time stamped by the Grants.gov system no later than 4:30:00 P.M., Washington, DC time, on the application deadline date. Late applications will not be accepted. The Department is required to enforce the established deadline to ensure fairness to all applicants. After successfully submitting a Workspace application, a Grants.gov Tracking Number (GRANTXXXXXXXX) is automatically assigned to the application. The number will be listed on the Confirmation page that is generated after submission. Using the tracking number, access the Track My Application page under the Applicants tab or the Details tab in the submitted workspace.

Applicants should be careful that they download the intended EIR application package and that they submit their application under the intended EIR competition. Your application will be reviewed under the competition it was submitted under, and only applications that are successfully submitted by the established deadline will be peer reviewed.

2018 EIR Early-phase Application Package

Please note that the EIR Early-phase Application Package is for applicants to download and use as a guide only. All EIR grant applications must be submitted online using Workspace in Grants.gov unless electronic submission is not possible.

Intent to Apply

The Secretary strongly encourages each potential applicant to notify the Department of its intent to submit an application for EIR funding by completing the FY 2018 Intent to Apply survey at https://www.surveymonkey.com/r/68R7WHZ. Applicants that fail to complete the FY 2018 Intent to Apply survey may still apply for funding, but submission of the survey will help us plan for an efficient peer review.

Apply!

A Grants.gov applicant must apply online using Workspace. Instructions on getting started on your Workspace Application can be found on the Grants.gov website here: https://www.grants.gov/web/grants/applicants/workspace-overview.html. For access to complete instructions on how to apply, refer to: www.grants.gov/web/grants/applicants/apply-for-grants.html.

Funding Opportunity Number: ED-GRANTS-041918-003

Each application will be reviewed under the competition it was submitted under in the Grants.gov system, and only applications that are successfully submitted by the established deadline will be peer reviewed.
The deadline for submission of all EIR applications through Grants.gov is at 4:30:00 P.M., Washington, DC time on June 5, 2018.

To facilitate your use of Grants.gov, this document includes important submission procedures you need to be aware of to ensure your application is received in a timely manner and accepted by the Department of Education.

Browser Support

The latest versions of Microsoft Internet Explorer (IE), Mozilla Firefox, Google Chrome, and Apple Safari are supported for use with Grants.gov. However, these web browsers undergo frequent changes and updates, so we recommend you have the latest version when using Grants.gov. Legacy versions of these web browsers may be functional, but you may experience issues.

For additional information or updates, please see the Grants.gov Browser information in the Applicant FAQs: http://www.grants.gov/web/grants/applicants/applicant-faqs.html#browser

ATTENTION – Workspace, Adobe Forms and PDF Files Required

Grants.gov applicants can apply online using Workspace. Workspace is a shared, online environment where members of a grant team may simultaneously access and edit different web forms within an application. For each funding opportunity announcement (FOA), you can create individual instances of a Workspace.

Below is an overview of applying on Grants.gov. For access to complete instructions on how to apply for opportunities, refer to: https://www.grants.gov/web/grants/applicants/workspace-overview.html.

1) Create a Workspace: Creating a Workspace allows you to complete it online and route it through your organization for review before submitting.

2) Complete a Workspace: Add participants to the workspace to work on the application together, complete all the required forms online or by downloading PDF versions, and check for errors before submission. The Workspace progress bar will display the state of your application process as you apply. As you apply using Workspace, you may click the blue question mark icon near the upper-right corner of each page to access context-sensitive help.

a. Adobe Reader: If you decide not to apply by filling out web forms you can download individual PDF forms in Workspace. The individual PDF forms can be downloaded and saved to your local device storage, network drive(s), or external drives, then accessed through Adobe Reader.

NOTE: Visit the Adobe Software Compatibility page on Grants.gov to download the appropriate version of the software at: https://www.grants.gov/web/grants/applicants/adobe-software-compatibility.html.
b. Mandatory Fields in Forms: In the forms, you will note fields marked with an asterisk and a different background color. These fields are mandatory fields that must be completed to successfully submit your application.

c. Complete SF-424 Fields First: The forms are designed to fill in common required fields across other forms, such as the applicant name, address, and DUNS Number. Once it is completed, the information will transfer to the other forms.

3) Submit a Workspace: An application may be submitted through Workspace by clicking the Sign and Submit button on the Manage Workspace page, under the Forms tab. Grants.gov recommends submitting your application package at least 24-48 hours prior to the close date to provide you with time to correct any potential technical issues that may disrupt the application submission.

4) Track a Workspace Submission: After successfully submitting a Workspace application, a Grants.gov Tracking Number (GRANTXXXXXXXX) is automatically assigned to the application. The number will be listed on the Confirmation page that is generated after submission. Using the tracking number, access the Track My Application page under the Applicants tab or the Details tab in the submitted workspace.

Helpful Reminders

1) REGISTER EARLY – Grants.gov registration involves many steps including registration on SAM (www.sam.gov) which may take approximately one week to complete, but could take upwards of several weeks to complete, depending upon the completeness and accuracy of the data entered into the SAM database by an applicant. You may begin working on your application while completing the registration process, but you cannot submit an application until all of the Registration steps are complete. Please note that once your SAM registration is active, it will take 24-48 hours for the information to be available in Grants.gov, and before you can submit an application through Grants.gov. For detailed information on the Registration Steps, please go to: http://www.grants.gov/web/grants/register.html. [Note: Your organization will need to update its SAM registration annually.]

Primary information about SAM is available at www.sam.gov. However, to further assist you with obtaining and registering your DUNS number and TIN in SAM or updating your existing SAM account the Department of Education has prepared a SAM.gov Tip Sheet which you can find at: http://www2.ed.gov/fund/grant/apply/sam-faqs.html.

SAM.gov ALERT: If you are registering a new entity in SAM.gov, you must provide an original, signed notarized letter stating that you are the authorized Entity Administrator before your registration will be activated. Read the FAQs to learn more about this process change. Additionally, beginning on April 27, 2018, entities renewing or updating their registration will be required to submit an original, signed notarized letter confirming the authorized Entity Administrator associated with the DUNS number before the registration is activated.

2) SUBMIT EARLY – We strongly recommend that you do not wait until the last day to submit your application. Grants.gov will put a date/time stamp on your application and then process it after it is fully uploaded. The time it takes to upload an application will vary depending on a number of factors including the size of the application and the speed of your Internet connection, and the time it takes Grants.gov to process the application will vary as well. If Grants.gov rejects your application (see step three below), you will need to resubmit successfully to Grants.gov before 4:30:00 p.m. Washington, DC time on the deadline date.

Note: To submit successfully, you must provide the DUNS number on your application that was used when you registered as an Authorized Organization Representative (AOR) on Grants.gov. This DUNS number is typically the same number used when your organization registered with the SAM. If you do not enter the
same DUNS number on your application as the DUNS you registered with, Grants.gov will reject your application.

3) VERIFY SUBMISSION IS OK – You will want to verify that Grants.gov received your application submission on time and that it was validated successfully. To see the date/time your application was received, login to Grants.gov and click on the Track My Application link. For a successful submission, the date/time received should be earlier than 4:30:00 p.m. Washington, DC time, on the deadline date, AND the application status should be: Validated, Received by Agency, or Agency Tracking Number Assigned. Once the Department of Education receives your application from Grants.gov, an Agency Tracking Number (PR/award number) will be assigned to your application and will be available for viewing on Grants.gov’s Track My Application link.

If the date/time received is later than 4:30:00 p.m. Washington, D.C. time, on the deadline date, your application is late. If your application has a status of “Received” it is still awaiting validation by Grants.gov. Once validation is complete, the status will either change to “Validated” or “Rejected with Errors.” If the status is “Rejected with Errors,” your application has not been received successfully. Some of the reasons Grants.gov may reject an application can be found on the Grants.gov site: http://www.grants.gov/web/grants/applicants/encountering-error-messages.html. For more detailed information on troubleshooting Adobe errors, you can review the Adobe Reader Software Tip Sheet at: http://www.grants.gov/web/grants/applicants/adobe-software-compatibility.html. If you discover your application is late or has been rejected, please see the instructions below. Note: You will receive a series of confirmations both online and via e-mail about the status of your application. Please do not rely solely on e-mail to confirm whether your application has been received timely and validated successfully.

Submission Problems – What should you do?

If you have problems submitting to Grants.gov before the closing date, please contact Grants.gov Customer Support at 1-800-518-4726 or email at: support@grants.gov or access the Grants.gov Self-Service Knowledge Base web portal at: https://grants-portal.psc.gov/Welcome.aspx?pt=Grants.

If electronic submission is required, you must submit an electronic application before 4:30:00 p.m. Washington, DC time, unless you follow the procedures in the Federal Register notice and qualify for one of the exceptions to the electronic submission requirement and submit, no later than two weeks before the application deadline date, a written statement to the Department that you qualify for one of these exceptions. If electronic submission is optional and you have problems that you are unable to resolve before the deadline date and time for electronic applications, please follow the transmittal instructions for hard copy applications in the Federal Register notice and get a hard copy application postmarked by midnight on the deadline date. (See the Federal Register notice for detailed instructions.)

Helpful Hints When Working with Grants.gov

Dial-Up Internet Connections

When using a dial up connection to upload and submit your application, it can take significantly longer than when you are connected to the Internet with a high-speed connection, e.g. cable modem/DSL/T1. While times will vary depending upon the size of your application, it can take a few minutes to a few hours to complete your grant submission using a dial up connection. If you do not have access to a high-speed connection and electronic submission is required, you may want to consider following the instructions in the Federal Register notice to obtain an exception to the electronic submission requirement no later than two weeks before the application deadline date. (See the Federal Register notice for detailed instructions.)
Attaching Files – Additional Tips

Please note the following tips related to attaching files to your application, especially the requirement that applicants only include read-only, flattened .PDF files in their application:

- Ensure that you attach .PDF files only for any attachments to your application, and they must be in a read-only, flattened format. PDF files are the only Education approved file type accepted as detailed in the Federal Register application notice. Applicants must submit individual .PDF files only when attaching files to their application. Specifically, the Department will be unable to review any attachments that contain files within a file, such as PDF Portfolio files, or an interactive or fillable .PDF file. Any attachments uploaded that are not .PDF files or are password protected files will be unable to be reviewed.

- Grants.gov cannot process an application that includes two or more files that have the same name within a grant submission. Therefore, each file uploaded to your application package should have a unique file name.

- When attaching files, applicants should follow the guidelines established by Grants.gov on the size and content of file names. Uploaded file names must be fewer than 50 characters, and, in general, applicants should not use any special characters. However, Grants.gov does allow for the following UTF-8 characters when naming your attachments: A-Z, a-z, 0-9, underscore, hyphen, space, period, parenthesis, curly braces, square brackets, ampersand, tilde, exclamation point, comma, semi colon, apostrophe, at sign, number sign, dollar sign, percent sign, plus sign, and equal sign. Applications submitted that do not comply with the Grants.gov guidelines will be rejected at Grants.gov and not forwarded to the Department.

- Applicants should limit the size of their file attachments. Documents submitted that contain graphics and/or scanned material often greatly increase the size of the file attachments and can result in difficulties opening the files. For reference, the average discretionary grant application package with all attachments is less than 5 MB. Therefore, you may want to check the total size of your package before submission.
APPLICATION TIPS

I. Register or maintain registration on SAM.gov. The SAM registration process can take approximately seven business days, but may take upwards of several weeks, depending on the completeness and accuracy of the data entered into the SAM database by an entity. Thus, if you think you might want to apply for Federal financial assistance under a program administered by the Department, please allow sufficient time to obtain and register your DUNS number and TIN. Once your SAM registration is active, you will need to allow 24 to 48 hours for the information to be available in Grants.gov and before you can submit an application through Grants.gov. Also note that you will need to update your registration annually. This may take three or more business days.

II. Register early on Grants.gov. The registration process may take up to two weeks to complete. For additional information on the registration and submission process please review the resources available on the Grants.gov Website.

III. Verify that the person assigned to submit the application has been designated as an Authorized Organization Representative (AOR). You must be “active” in order to submit an application on behalf of the organization.

IV. Carefully review the FY2018 NIA for eligibility requirements. Clearly state which absolute priority under which you are submitting an application. Applications will be reviewed by absolute priority, so it is important that you clearly indicate the absolute priority under which you intend the Department to review your application.

V. Review the submission for clarity. Applications will be read by multiple peer reviewers; therefore it is important to ensure that the application can be understood by someone who is unfamiliar with your project.

VI. Submit all files in .PDF format. While Grants.gov may accept other format types, the Department’s system, which receives the files from Grants.gov, will only accept .PDF files. Files submitted in formats other than .PDF may not convert in a legible manner and, in these instances, cannot be reviewed. Ensure that you attach .PDF files only for any attachments to your application, and they must be in a read-only, flattened format. PDF files are the only Education approved file type accepted as detailed in the Federal Register application notice. Applicants must submit individual .PDF files only when attaching files to their application. Specifically, the Department will be unable to review any attachments that contain files within a file, such as PDF Portfolio files, or an interactive or fillable .PDF file. Any attachments uploaded that are not .PDF files or are password protected files will be unable to be reviewed.

VII. Submit early on Grants.gov. Applications must be finished uploading, and be validated by the Grants.gov system, by 4:30:00pm, Washington, DC, time on June 5, 2018. Validation indicates if the submission was successful and may take up to two days. If the submitted application is deemed invalid due to an error, applicants may correct the error and resubmit only if the 4:30:00pm Washington, DC time deadline has not passed. Applicants are encouraged to review the submission to be sure that the files transmitted correctly. Grants.gov may not catch all errors. Late submissions or modifications to the submitted application will not be accepted after the deadline.

VIII. Each application will be reviewed under the competition it was submitted under in the Grants.gov system, and only applications that are successfully submitted by the established closing date will be peer reviewed. Applicants should be careful that they download the intended EIR application package and that they submit their Workspace applications under the intended EIR competition.

IX. NOTE: Applicants will receive multiple emails to confirm submission in Grants.gov, validation, and transmission to the Department of Education. Once the application is transmitted to the Department, applicants will receive a final email with a unique identifier called a PR Award Number. Use this number when making inquiries about the submitted application. Please review the email carefully to ensure that you submitted the application under the intended competition.
DUNS Number Instructions

All applicants must have a D-U-N-S number in order to apply for federal funds.

NOTE: Check with your fiscal office to see if your institution has an assigned D-U-N-S before contacting Dun & Bradstreet.

Please provide the applicant's D-U-N-S Number. You can obtain your D-U-N-S Number at no charge by calling 1-800-333-0505 or by completing a D-U-N-S Number Request Form. The form can be obtained via the Internet at the following URL:

The D-U-N-S Number is a unique nine digit number that does not convey any information about the recipient. A built-in check digit helps assure the accuracy of the D-U-N-S Number. The ninth digit of each number is the check digit, which is mathematically related to the other digits. It lets computer systems determine if a D-U-N-S Number has been entered correctly.

Dun & Bradstreet, a global information services provider, has assigned D-U-N-S numbers to over 43 million companies worldwide. **Live help Monday-Friday 8am-6pm (EST) Dial 1-888-814-1435.**

Note: Electronic submission via Grants.gov must use the D-U-N-S number your organization used when it registered in the System for Award Management.

**PROTECTION OF HUMAN SUBJECTS IN RESEARCH**

**I. Definitions and Exemptions**

**A. Definitions.**

A research activity involves human subjects if the activity is research, as defined in the Department’s regulations, and the research activity will involve use of human subjects, as defined in the regulations.

---Research

The ED Regulations for the Protection of Human Subjects, Title 34, Code of Federal Regulations, Part 97, define research as “a systematic investigation, including research Early-phase, testing and evaluation, designed to develop or contribute to generalizable knowledge.” If an activity follows a deliberate plan whose purpose is to develop or contribute to generalizable knowledge it is research. Activities which meet this definition constitute research whether or not they are conducted or supported under a program that is considered research for other purposes. For example, some demonstration and service programs may include research activities.

---Human Subject

The regulations define human subject as “a living individual about whom an investigator (whether professional or student) conducting research obtains (1) data through intervention or interaction with the individual, or (2) identifiable private information.” (1) If an activity involves obtaining information about a living person by manipulating that person or that person’s environment, as might occur when a new instructional technique is tested, or by communicating or interacting with the individual, as occurs with surveys and interviews, the definition of human subject is met. (2) If an activity involves obtaining private information about a living person in such a way that the information can be linked to that individual (the identity of the subject is or may be readily determined by the investigator or associated with the information), the definition of human subject is met. [Private information includes information about behavior that occurs in a context in which an individual can reasonably expect that no observation or recording is taking place, and information which has been provided for specific purposes by an individual and which the individual can reasonably expect will not be made public (for example, a school health record).]
educational practices, such as (a) research on regular and special education instructional strategies, or (b) research on the effectiveness of or the comparison among instructional techniques, curricula, or classroom management methods.

(2) Research involving the use of educational tests (cognitive, diagnostic, aptitude, achievement), survey procedures, interview procedures or observation of public behavior, unless: (a) information obtained is recorded in such a manner that human subjects can be identified, directly or through identifiers linked to the subjects; and (b) any disclosure of the human subjects’ responses outside the research could reasonably place the subjects at risk of criminal or civil liability or be damaging to the subjects’ financial standing, employability, or reputation. If the subjects are children, exemption 2 applies only to research involving educational tests and observations of public behavior when the investigator(s) do not participate in the activities being observed. Exemption 2 does not apply if children are surveyed or interviewed or if the research involves observation of public behavior and the investigator(s) participate in the activities being observed. [Children are defined as persons who have not attained the legal age for consent to treatments or procedures involved in the research, under the applicable law or jurisdiction in which the research will be conducted.]

(3) Research involving the use of educational tests (cognitive, diagnostic, aptitude, achievement), survey procedures, interview procedures or observation of public behavior that is not exempt under section (2) above, if the human subjects are elected or appointed public officials or candidates for public office; or federal statute(s) require(s) without exception that the confidentiality of the personally identifiable information will be maintained throughout the research and thereafter.

(4) Research involving the collection or study of existing data, documents, records, pathological specimens, or diagnostic specimens, if these sources are publicly available or if the information is recorded by the investigator in a manner that subjects cannot be identified, directly or through identifiers linked to the subjects.

(5) Research and demonstration projects which are conducted by or subject to the approval of department or agency heads, and which are designed to study, evaluate, or otherwise examine: (a) public benefit or service programs; (b) procedures for obtaining benefits or services under those programs; (c) possible changes in or alternatives to those programs or procedures; or (d) possible changes in methods or levels of payment for benefits or services under those programs.

(6) Taste and food quality evaluation and consumer acceptance studies, (a) if wholesome foods without additives are consumed or (b) if a food is consumed that contains a food ingredient at or below the level and for a use found to be safe, or agricultural chemical or environmental contaminant at or below the level found to be safe, by the Food and Drug Administration or approved by the Environmental Protection Agency or the Food Safety and Inspection Service of the U.S. Department of Agriculture.

II. Instructions for Exempt and Nonexempt Human Subjects Research Narratives

If the applicant marked “Yes” for Item 3 of Department of Education Supplemental Information for SF 424, the applicant must provide a human subjects “exempt research” or “nonexempt research” narrative. Insert the narrative(s) in the space provided. If you have multiple projects and need to provide more than one narrative, be sure to label each set of responses as to the project they address.

A. Exempt Research Narrative.

If you marked “Yes” for item 3 a. and designated exemption numbers(s), provide the “exempt research” narrative. The narrative must contain sufficient information about the involvement of human subjects in the proposed research to allow a determination by ED that the designated exemption(s) are appropriate. The narrative must be succinct.

B. Nonexempt Research Narrative.

If you marked “No” for item 3 a. you must provide the “nonexempt research” narrative. The narrative must address the following seven points. Although no specific page limitation applies to this section of the application, be succinct.

(1) Human Subjects Involvement and Characteristics:
Provide a detailed description of the proposed involvement of human subjects. Describe the
characteristics of the subject population, including their anticipated number, age range, and health status. Identify the criteria for inclusion or exclusion of any subpopulation. Explain the rationale for the involvement of special classes of subjects, such as children, children with disabilities, adults with disabilities, persons with mental disabilities, pregnant women, prisoners, institutionalized individuals, or others who are likely to be vulnerable.

(2) Sources of Materials: Identify the sources of research material obtained from individually identifiable living human subjects in the form of specimens, records, or data. Indicate whether the material or data will be obtained specifically for research purposes or whether use will be made of existing specimens, records, or data.

(3) Recruitment and Informed Consent: Describe plans for the recruitment of subjects and the consent procedures to be followed. Include the circumstances under which consent will be sought and obtained, who will seek it, the nature of the information to be provided to prospective subjects, and the method of documenting consent. State if the Institutional Review Board (IRB) has authorized a modification or waiver of the elements of consent or the requirement for documentation of consent.

(4) Potential Risks: Describe potential risks (physical, psychological, social, legal, or other) and assess their likelihood and seriousness. Where appropriate, describe alternative treatments and procedures that might be advantageous to the subjects.

(5) Protection Against Risk: Describe the procedures for protecting against or minimizing potential risks, including risks to confidentiality, and assess their likely effectiveness. Where appropriate, discuss provisions for ensuring necessary medical or professional intervention in the event of adverse effects to the subjects. Also, where appropriate, describe the provisions for monitoring the data collected to ensure the safety of the subjects.

(6) Importance of the Knowledge to be Gained: Discuss the importance of the knowledge gained or to be gained as a result of the proposed research. Discuss why the risks to subjects are reasonable in relation to the anticipated benefits to subjects and in relation to the importance of the knowledge that may reasonably be expected to result.

(7) Collaborating Site(s): If research involving human subjects will take place at collaborating site(s) or other performance site(s), name the sites and briefly describe their involvement or role in the research.

NOTE: The State Applicant Identifier on the SF 424 is for State Use only. Please complete it on the OMB Standard 424 in the upper right corner of the form (if applicable).

In addition, indicate whether ED, another Federal agency (Other) or State agency issued the approved agreement. 4. If you are requesting reimbursement for indirect costs on line 10, this information is to be completed by your Business Office. Depending on the grant program to which you are applying and/or your approved Indirect Cost Rate Agreement, some
direct cost budget categories in your grant application budget may not be included in the base and multiplied by your indirect cost rate. For example, you must multiply the indirect cost rates of "Training grants" (34 CFR 75.562) and grants under programs with "Supplement not Supplant" requirements ("Restricted Rate" programs) by a "modified total direct cost" (MTDC) base (34 CFR 75.563 or 76.563). When calculating indirect costs (line 10) for "Training grants" or grants under "Restricted Rate" programs, you must refer to the information and examples on ED’s website at:

INSTRUCTIONS
GRANT APPLICATION FORM FOR PROJECT
OBJECTIVES AND PERFORMANCE MEASURES INFORMATION

PURPOSE
Applicants must submit a GRANT APPLICATION FORM FOR PROJECT OBJECTIVES AND PERFORMANCE MEASURES INFORMATION via Grants.gov or in G5 when instructed to submit applications in G5. This form collects project objectives and quantitative and/or qualitative performance measures at the time of application submission for the purpose of automatically prepopulating this information into the U.S. Department of Education’s (ED) automated Grant Performance Report form (ED 524B), which is completed by ED grantees prior to the awarding of continuation grants.

Additionally, this information will prepopulate into ED's automated ED 524B that may be required by program offices of grant recipients that are awarded front loaded grants for their entire multi-year project up-front in a single grant award, and will also be prepopulated into ED's automated ED 524B for those grant recipients that are required to use the ED 524B to submit their final performance reports.

GENERAL INSTRUCTIONS

Applicant Information

Legal Name: The legal name of the applicant that will undertake the assistance activity will prepopulate from the Application Form for Federal Assistance (SF 424 Form). This is the organization that has registered with the System for Award Management (SAM). Information on registering with SAM may be obtained by visiting www.Grants.gov.

Project Objectives Information and Related Performance Measures Data

Your grant application establishes project objectives stating what you hope to achieve with your funded grant project. Generally, one or more performance measures are also established for each project objective that will serve to demonstrate whether you have met or are making progress towards meeting each project objective.

Project Objective: Enter each project objective that is included in your grant application. When completing this form in Grants.gov, a maximum of 26 project objectives may be entered. Only one project objective should be entered per row. Project objectives should be numbered sequentially, i.e., 1., 2., 3., etc. If applicable, project objectives may be entered for each project year; however, the year to which the project objective applies must be clearly identified as is presented in the following examples:

Year 1. Provide two hour training to teachers in the Boston school district that focuses on improving test scores.
Year 2. Provide two hour training to teachers in the Washington D.C. school district that focuses on improving test scores.

Performance Measure: For each project objective, enter each associated quantitative and/or qualitative performance measure. When completing this form in Grants.gov, a maximum of 26 quantitative and/or qualitative performance measures may be entered. There may be multiple quantitative and/or qualitative performance measures associated
with each project objective. Enter only one quantitative or qualitative performance measure per row. Each quantitative or qualitative performance measure that is associated with a particular project objective should be labeled using an alpha indicator. Example: The first quantitative or qualitative performance measure associated with project objective "1" should be labeled "1.a.," the second quantitative or qualitative performance measure for project objective "1" should be labeled "1.b.," etc. If applicable, quantitative and/or qualitative performance measures may be entered for each project year; however, the year to which the quantitative and/or qualitative performance measures apply must be clearly identified as is presented in the following examples:

1.a. **Year 1.** By the end of year one, 125 teachers in the Boston school district will receive a two hour training program that focuses on improving test scores.

2.a. **Year 2.** By the end of year two, 125 teachers in the Washington D.C. school district will receive a two hour training program that focuses on improving test scores.

**Measure Type:** For each performance measure, select the appropriate type of performance measure from the drop down menu. There are two types of measures that ED may have established for the grant program:

- **GPRA:** Measures established for reporting to Congress under the Government Performance and Results Act; and
- **PROGRAM:** Measures established by the program office for the particular grant competition.

In addition, you will be required to report on any project-specific performance measures (PROJECT) that you established in your grant application to meet your project objectives.

In the **Measure Type** field, select one (1) of the following measure types: **GPRA; PROGRAM; or PROJECT.**

**Quantitative Target Data:** For quantitative performance measures with established quantitative targets, provide the target you established for meeting each performance measure. Only quantitative (numeric) data should be entered in the Target boxes. If the collection of quantitative data is not appropriate for a particular performance measure (i.e., for qualitative performance measures), please leave the target data boxes blank.

The Target Data boxes are divided into three columns: **Raw Number; Ratio, and Percentage (%).**

For performance measures that are stated in terms of a single number (e.g., the number of workshops that will be conducted or the number of students that will be served), the target data should be entered as a single number in the **Raw Number column** (e.g., 10 workshops or 80 students). Please leave the **Ratio and Percentage (%) columns** blank.

For performance measures that are stated in terms of a percentage (e.g., percentage of students that attain proficiency), complete the **Ratio column,** and leave the **Raw Number and Percentage (%) columns** blank. The **Percentage (%)** will automatically calculate based on the entered ratio. In the **Ratio column** (e.g., 80/100), the numerator represents the numerical target (e.g., the number of students that are expected to attain proficiency), and the denominator represents the universe (e.g., all students served).
ASSURANCES AND CERTIFICATIONS INSTRUCTIONS

GENERAL EDUCATION PROVISIONS ACT (GEPA) SECTION 427

*ALL APPLICANTS MUST INCLUDE INFORMATION IN THEIR APPLICATIONS TO ADDRESS THIS PROVISION IN ORDER TO RECEIVE FUNDING UNDER THIS PROGRAM.

Section 427 requires each applicant to include in its application a description of the steps the applicant proposes to take to ensure equitable access to, and participation in, its federally-assisted program for students, teachers, and other program beneficiaries with special needs.

This provision allows applicants discretion in developing the required description. The statute highlights six barriers that can impede equitable access or participation: gender, race, national origin, color, disability, or age. Based on local circumstances, you should determine whether these or other barriers might prevent your teachers, etc. from such access or participation in the federally funded project or activity. The description in your application of steps to be taken to overcome these barriers need not be lengthy; you may provide a clear and succinct description of how you plan to address those barriers that are applicable in your circumstances.

A general statement of an applicant’s nondiscriminatory hiring policy is not sufficient to meet this requirement. Applicants must identify potential barriers and explain steps they will take to overcome these barriers.

First, applicants must identify at least one barrier that would prevent teachers, and other program beneficiaries from participating in grant activities. The statute highlights six types of barriers that can impede access to participation: gender, race, national origin, color, disability, or age. However, applicants can take a fairly broad view of what constitutes a barrier and may address a barrier that is not among these six. Nor does the barrier have to be related to an applicant’s own operation or way of conducting business. The barrier could be an attitude or perception held by people that the grant project is intended to serve. For example, an organization could be free of any discriminatory policies but still have trouble getting immigrant parents involved because these parents are reluctant to work with any official group or agency.

Second, applicants must explain what they will do to overcome the barrier.

Here are two examples of identifying a barrier and its solution:

- **Barrier**—Low-income parents cannot participate in grant activities held in the evening at a local school because they lack babysitting and transportation.
  
  **Solution**—Grant money will be spent to carry out a detailed plan (explained within the applicant’s GEPA statement) to help the parents overcome their babysitting and transportation difficulties.

- **Barrier**—Sight impaired students cannot benefit from reading tutors paid for with grant money because the students are unable to use the books available during the tutoring sessions.
  
  **Solution**—Grant money will pay for materials in Braille.
**ASSURANCES- NON-CONSTRUCTION PROGRAMS**

FY 2018 Early-Phase Grant Application Selection Criteria

Selection Criteria: Read the entire NIA for selection criteria

A. **Significance (up to 30 points).**
   In determining the significance of the project, the Secretary considers the following factors:
   1. The national significance of the proposed project.
   2. The extent to which the proposed project involves the development or demonstration of promising new strategies that build on, or are alternatives to, existing strategies.
   3. The extent to which the proposed project demonstrates a rationale (as defined in the NIA).
   4. The extent to which the proposed project represents an exceptional approach to the priority or priorities established for the competition.

B. **Quality of the Project Design and Management Plan (up to 50 points).**
   In determining the quality of the proposed project design, the Secretary considers the following factors:
   1. The extent to which the goals, objectives, and outcomes to be achieved by the proposed project are clearly specified and measurable.
   2. The adequacy of the management plan to achieve the objectives of the proposed project on time and within budget, including clearly defined responsibilities, timelines, and milestones for accomplishing project tasks.
   3. The extent to which performance feedback and continuous improvement are integral to the design of the proposed project.
   4. The mechanisms the applicant will use to broadly disseminate information on its project so as to support further development or replication.

C. **Quality of the Project Evaluation (up to 20 points).**
   In determining the quality of the project evaluation to be conducted, the Secretary considers the following factors:
   1. The extent to which the methods of evaluation will, if well implemented, produce evidence about the project's effectiveness that would meet the What Works Clearinghouse standards with or without reservations as described in the What Works Clearinghouse Handbook (as defined in the NIA).
   2. The extent to which the evaluation will provide guidance about effective strategies suitable for replication or testing in other settings.
   3. The extent to which the methods of evaluation will provide valid and reliable performance data on relevant outcomes.
   4. The extent to which the evaluation plan clearly articulates the key project components, mediators, and outcomes, as well as a measurable threshold for acceptable implementation.
Suggested Point Ranges\(^1\) for Rating Applicant Responses to the Selection Criteria

All applicants are required to respond to each of the selection criteria published in the NIA published in the Federal Register on April 19, 2018. Please assess applications based on the selection criteria. No outside factors, such as personal knowledge of past performance, or subjective judgments about what an application should contain may be considered. Please note that within each criterion no one factor is worth more points than the other. The application should be a comprehensive design for the proposed intervention and desired outcomes. Therefore, it is imperative that reviewers read the application in its entirety to determine the overall quality of the proposed project and the quality of the applicant’s response to each criterion.

The numerical scores assigned to an applicant’s response to the selection criteria must be consistent with the comments written. Comments and scores should reflect the same overall assessment of the quality of the response. It is important that you do not pair a negative comment with a positive score and vice versa. Comments indicate why the applicant’s response to each selection criterion is excellent, very good, good, fair, poor, or not addressed. Scores indicate how well or poorly the applicant responded to a selection criterion. Shown below are suggested point ranges for an evaluation of excellent, very good, good, fair, poor, or not addressed, for each of the criterion.

INSTRUCTIONS FOR BUDGET NARRATIVE

The Budget Narrative Form should include a detailed budget narrative justification that aligns to the line item budget (ED form 524).

Applicants may request EIR funding for up to 60 months and should make this determination at the time of application. Applicants must complete ED 524 for all budget years of the proposed project. Applicants must also provide a budget narrative that describes their proposed multiyear project activities and the costs associated with those activities as well as all costs associated with carrying out the proposed project. Section 75.112(b) of EDGAR requires applicants to present “a narrative that describes how and when, in each budget period of the project, the applicant plans to meet each objective of the project.” EDGAR may be accessed at:

In addition, applicants should include costs for four project staff persons (project director, evaluator, and two partners) to attend an annual 2 day project directors meeting in Washington, DC. Applicants should also include costs for two project staff persons to attend a one day post award meeting in Washington, DC.

The budget should include only costs that are allowable, reasonable, and necessary for carrying out the objectives of the EIR project. Rules about allowable costs are set out in 2 CFR Part 200, as adopted by the Department at 2 CFR Part 3474.

For each line item of both Sections A (federal costs) and B (non-federal costs/ match costs) of the Budget Form (ED 524), provide detailed costs (in dollars) accompanied by a narrative justification to support your request. Also, please note that, in Section B, an applicant shows the funds or in-kind donations it proposes to use to meet the matching requirement as well as any other match funds or in-kind donations that it proposes to use to support its EIR project. For example, an applicant that requests $1,000,000 must secure $100,000 in matching funds; therefore, the project budget narrative would reflect how the total proposed budget of $1,100,000 will be expended. An applicant need not have secured matching funds or in-kind donations in order to show those funds or donations in Section B; however, applicants must provide information on the source(s) of their matching contributions for the first year of the grant in their grant applications. If an applicant is submitting with its application a request for a reduction of the 10% matching requirement, the applicant may show in Section B the amount of match funds or in-kind donations it intends to use to support its EIR project consistent with that request.

Please check all figures and combined totals in the budget narrative, and compare the amounts with those reflected on the ED 524.

Instructions for Section C- Budget Narrative

Provide an itemized budget breakdown, and justification by project year, for each budget category listed in Sections A and B of the ED 524.

**Personnel (Line 1):** Provide each project personnel’s base salary and wages and FTE.

**Fringe Benefits (Line 2):** The institution’s normal fringe benefits contribution may be charged to the program. Leave this line blank if fringe benefits applicable to direct salaries and wages are treated as part of the indirect costs. If you are including fringe benefits, please explain how the fringe rate was calculated and identify the staff members who are receiving the benefits.

**Travel (Line 3):** Indicate the travel costs of employees and participants only. Provide a breakdown of the costs associated with each trip and justification for the costs. In addition, applicants should include costs for four project staff persons (project director, evaluator, and two partners) to attend an annual 2-day project directors meeting in Washington, DC. Applicants should also include costs for two project staff persons to attend a one-day post award meeting in Washington, DC.

**Equipment (Line 4):** Indicate the cost of tangible, non-expendable personal property that has usefulness greater than one year and acquisition costs that are the lesser of the capitalization level established by the applicant entity for financial statement purposes or $5,000 per article. Lower limits may be established to maintain consistency with the applicant’s policy. Indicate the amount of equipment that is being purchased, the cost per unit, and the justification of purchases that links to the project narrative.

**Supplies (Line 5):** Show all tangible, expendable personal property. Direct supplies and materials differ from equipment in that they are consumable, expendable, and of a relatively low unit cost. Supplies purchased with grant funds should directly benefit the grant project and be necessary for achieving the goals of the project. Applicants should provide a breakdown of how supplies costs are determined.

**Contractual (Line 6):** The contractual category should include all costs specifically incurred with actions that the applicant takes in conjunction with an established procurement system. Include consultant fees, expenses, and travel costs in this category if the consultant’s services are obtained through a written binding agreement or contract. Identify who is being contracted with, the amount of the contract (this should include a breakdown of the major service components of the contract and the costs of each portion) and an explanation of what the services are being provided by the contractor.

**Construction (Line 7):** Not applicable.

**Other (Line 8):** Indicate all direct costs not covered on lines 1-6. For example include costs such as space rental, required fees, honoraria and travel (where a contract is not in place for services), training, and communication and printing costs. Do not include costs that are included in the indirect cost rate.

**Total Direct Costs (Line 9):** The sum of lines 1-8.

**Indirect Costs (Line 10):** Indicate the applicant’s approved indirect cost rate, per sections 75.560 – 75.564 of EDGAR. Please note, an applicant that does not have a federally recognized indirect cost rate agreement may, if awarded a grant, charge indirect costs at a temporary rate of 10 percent of budgeted direct salaries and wages. See 34 CFR 75.560(c). In addition, under 2 CFR 200.414, certain grantees that have never received a negotiated indirect cost rate may elect to charge a de minimis rate of 10% of modified total direct costs (MTDC) which may be used indefinitely. LEAs, however, are not eligible for this de minimis rate.
NOTE: If you have questions about obtaining an approved Indirect Cost Rate or applying your Indirect Cost Rate, you may contact a cost negotiator using the information provided at the following URL: http://www2.ed.gov/about/offices/list/ocfo/fipao/icgreps.html.

Training Stipends (Line 11): Indicate the amount of stipend, the number of grant participants receiving the stipends and the justification for the stipend. Please make sure that training stipends are placed under this line item and not under “Personnel” or “Other.”

Total Cost (Line 12): This should equal to sum of lines 9-11 (total direct costs + indirect + training stipends).

*Please note that a budget justification should be provided for both Federal costs and Match costs.*

EXECUTIVE ORDER 12372
Intergovernmental Review of Federal Programs

This program falls under the rubric of Executive Order 12372 (Intergovernmental Review of Federal Programs) and the regulations in 34 CFR Part 79. One of the objectives of the Executive order is to strengthen federalism—or the distribution of responsibility between localities, States, and the Federal government—by fostering intergovernmental partnerships. This idea includes supporting processes that State or local governments have devised for coordinating and reviewing proposed Federal financial grant applications.

The process for doing this requires grant applicants to contact State Single Points of Contact for information on how this works. Multi-state applicants should follow procedures specific to each state.

Further information about the State Single Point of Contact process and a list of names by State can be found at:

Absent specific State review programs, applicants may submit comments directly to the Department. All recommendations and comments must be mailed or hand-delivered by the date indicated in the actual application notice to the following address: The Secretary, EO 12372--CFDA# [commenter must insert number—including suffix letter, if any], U.S. Department of Education, room 7E200. 400 Maryland Avenue, SW., Washington, DC 20202.

Proof of mailing will be determined on the same basis as applications (see 34 CFR §75.102). Recommendations or comments may be hand-delivered until 4:30 p.m. (Eastern Time) on the closing date indicated in this notice. Important note: The above address is not the same address as the one to which the applicant submits its completed applications. Do not send applications to the above address.
According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless such collection displays a valid OMB control number.
