Project Services:	<ul style="list-style-type: none"> ▪ Support for child’s transition to elementary school ▪ High-quality early childhood education programs ▪ High-quality school and out-of-school-time programs and strategies ▪ Family and community engagement and supports, which may include engaging and supporting families at school and at home ▪ Social, health, nutrition, and mental health services and supports 																						
Total (5-Year Funding):	\$ 2,500,000.00																						

Project Summary: The **Marshalltown Community School Project** will create service hubs in **three Marshalltown Community School District elementary schools** and develop a network of robust community partnerships that engage and strengthen families, reduce early challenges to academic success, provide parents with training and supports to help their children succeed, and generally improve the community educational climate and educational expectations. Goals are to: provide high-quality and highly coordinated community and school-based early childhood programs; provide students with opportunities for continued learning and community connections; provide families with the knowledge resources and supports necessary to help their children fully participate in school every day, and ensuring schools have the resources needed to create strong parent engagement partnerships. Outcomes expected include: children entering school ready to learn, students who are academically proficient, and students who are safe, healthy, and supported by engaged parents. This grant also addresses **Competitive Preference Priorities 2**(Broadly Representative Consortiums), **3** (History of Effectiveness), and **4** (Evidence Based Activities, Strategies, or Interventions).
