PURPOSE OF THE CHARTER SCHOOLS PROGRAM (CSP)

The major purposes of the CSP are to:

- Expand opportunities for all students, particularly traditionally underserved students, to attend charter schools and meet challenging State academic standards;
- Provide financial assistance for the planning, program design, and initial implementation of public charter schools;
- Increase the number of high-quality charter schools available to students across the United States;
- Evaluate the impact of charter schools on student achievement, families, and communities, and share best practices between charter schools and other public schools;
- Encourage States to provide facilities support to charter schools; and support efforts to strengthen the charter school authorizing process.

PURPOSE OF 84.282A – GRANTS TO STATE ENTITIES

- The State Entities program is a competitive grant program that enables State entities to award subgrants to eligible applicants in their State to open and prepare for the operation of new charter schools and to replicate and expand high-quality charter schools.
- The CSP State Entities program provides financial assistance to State entities to support charter schools that serve elementary and secondary school students.
- Charter schools receiving funds under the CSP State entities program also may serve students in early childhood education programs or postsecondary students.

PURPOSE OF 84.282A – GRANTS TO STATE ENTITIES

- Grant funds are also used by the State entity to:
 - provide technical assistance to eligible applicants and authorized public chartering agencies in opening and preparing for the operation of new charter schools, or replicating or expanding high-quality charter schools; and
 - to work with authorized public chartering agencies to improve authorizing quality, including developing capacity for, and conducting, fiscal oversight and auditing of charter schools.
- A State entity receiving a grant under this program shall:
 - use **not less** than 90 percent of the grant funds to award subgrants
 - reserve **not less** than seven (7) percent of funds to provide technical assistance to eligible applicants and authorized public chartering agencies
 - and reserve **not more** than three (3) percent of funds for administrative costs

ELIGIBILITY

STATE ENTITIES - ELIGIBLE APPLICANTS

Eligible applicants are State entities in States with a State statute specifically authorizing the establishment of charter schools.

State Entity means—

- a) A State educational agency;
- b) A State charter school board;
- c) A governor of a State; or
- d) A charter school support organization

ELIGIBILITY

- No State Entity may receive a grant under this competition for use in a State in which an SE received a new State Entities grant in FY 2017 or FY 2018 and is currently using the grant; these States are Arkansas, Arizona, Colorado, Delaware, Idaho, Indiana, Maryland, Michigan, Minnesota, Mississippi, New Mexico, New York, North Carolina, Oklahoma, Rhode Island, Texas, and Wisconsin.
- The NIA states that “Under section 4303(e)(1) of the ESEA, no State entity may receive a grant under this program for use in a State in which a State entity is currently using a grant received under this program.”
 - The Department interprets the language in section 4303(e)(1) of the ESEA as applying only in cases where the active grant was awarded under the reauthorized program (the ESSA version of the ESEA).
 - Therefore, a State entity located in a State in which an SEA has an active grant awarded prior to FY 2017 (including an SEA with an active grant) **could** be eligible to apply for a new award under this competition. **Please note:** *No applicant may receive a new award to conduct the same activities that are approved under an existing active grant; newly proposed activities must be outside the scope of currently funded activities.*

ELIGIBILITY

SUBGRANTEE - ELIGIBLE APPLICANT

Eligible applicant when used with respect to subgrants made by a State entity, means a developer that has—

- (a) Applied to an authorized public chartering authority to operate a charter school; and
- (b) Provided adequate and timely notice to that authority.

DEVELOPER

An individual or group of individuals (including a public or private nonprofit organization), which may include teachers, administrators and other school staff, parents, or other members of the local community in which a charter school project will be carried out.

SPECIFIC FEATURES FOR FY 2019

The FY 2019 CSP State Entities competition under section 4303 of the ESEA is the 3rd State entities competition run under ESSA. It is relatively similar to the FY2017 and FY2018 competition, some highlights include:

1. Subgrants may be for up to 60 months, and the State Entity grant may be for up to 60 months.
2. If multiple state entities in a State submit applications only the highest-scoring application amongst such State entities (assuming in funding range) would be funded.
3. Subgrants can be for opening and preparing for the operation of:
 - a. New charter schools;
 - b. Replicated high-quality charter schools; or
 - c. Expanding high-quality charter schools.
4. Grant funds may be used for:
 - a. At least 90 percent subgrants;
 - b. At least 7 percent technical assistance; and
 - c. No more than 3 percent administrative costs
5. A state entity may use grant funds to carry out technical assistance activities directly or through grants, contracts, or cooperative agreements.
6. Charter schools may serve students in early childhood education programs or postsecondary students.
7. Allowable uses of funds have expanded.

CHANGES FOR FY 2019

The FY2018 and FY2019 notice are relatively similar. The following changes were made:

- Maximum subgrant is \$1,500,000.
- Clarification that the Uniform Guidance requires that applications be in English. Peer reviewers will only consider supporting documents submitted with the application that are in English.
- If application requirements are responded to within the context of a response to the competitive preference priorities or selection criteria, a request that the applicant notes the page that contains the information.

 - b. Open and prepare for the operation of replicated high-quality charter schools; or
 - c. Expand high-quality charter schools; and

- **not less** than 90 percent of the grant funds to award subgrants to eligible applicants for activities related to opening and preparing for the operation of new charter school or to replicate or expand high-quality charter schools;
- reserve **not less** than **seven percent** of funds to provide technical assistance to eligible applicants and authorized public chartering agencies in:

 - in improving authorizing quality, including developing capacity for, and conducting, fiscal oversight and auditing of charter schools; and
- reserve **not more** than **three percent** of funds for administrative costs, which may include technical assistance.

A State entity may use a grant received under this program to carry out technical assistance activities authorized under this program directly or through grants, contracts, or cooperative agreements

APPLICATION PACKAGE OVERVIEW

BUDGET NARRATIVE - FUNDING RESTRICTIONS AND BUDGETS

Subgrants should support activities related to opening and preparing for the operation of new charter schools or replicating or expanding high-quality charter schools, this can include:

- a) Costs associated with preparing teachers, school leaders, and specialized instructional support personnel
 - i. professional development,
 - ii. Hiring and compensating during planning period – teachers, school leaders, and/or specialized instructional support personnel.
- b) Acquiring supplies, training, equipment (including technology), and educational materials (including developing and acquiring instructional materials).

- d) Providing one-time, startup costs associated with providing transportation to students to and from the charter school.
- e) Carrying out community engagement activities, which may include paying the cost of student and staff recruitment.
- f) Providing for other appropriate, non-sustained costs related to the activities in opening and preparing for the operation of charter schools.

APPLICATION PACKAGE OVERVIEW

BUDGET NARRATIVE - FUNDING RESTRICTIONS AND BUDGETS

A few more things to note:

- 1) The subgrantee maximum is \$1,500,000.
- 2) A subgrant can be for no more than five years, of which an eligible applicant may use not more than 18 months for planning and program design.
- 3) In your narrative you should clearly delineate not only the costs under each cost category but whether they are related to administrative costs, technical assistance, or if they are subgrants.
 - Double check your numbers and percentage maximums – you don't want to be reduced because of a calculation error.
 - The number of subgrants you are budgeting for should be clearly delineated. We recommend budgeting year by year with only the money needed for that year's subgrant award amount. Except for in year 5 in which we encourage the applicant to ensure they have enough funds to equally and fully support any subgrantees awarded. This ensures that there are not expiration of funds and that the grant funding can be responsive to pipeline changes.

APPLICATION PACKAGE OVERVIEW

BUDGET NARRATIVE - FUNDING RESTRICTIONS AND BUDGETS

An eligible applicant may not receive more than one subgrant under this program for each individual charter school for a five-year period, unless the eligible applicant demonstrates to the State entity that such individual charter school has at least three years of improved educational results for students enrolled in such charter school, with respect to the elements described in the definition of a High-Quality charter school.

A charter school that previously received CSP funds for planning or initial implementation under section 5202(c)(2) of the ESEA, as amended by the NCLB (CFDA number 84.282B) , or for the replication or expansion of a high-quality charter school under one of the Department's Appropriations Acts (CFDA number 84.282M), is not eligible to receive funds from a state entity under this program for the same or a substantially similar purpose. However, a charter school may be eligible to receive funds to expand if the school is a high-quality charter school.

Likewise, a charter school that receives funds from a State entity is ineligible to receive funds for the same or a substantially similar purpose under the Developer or CMO grant programs.

BUDGET EXAMPLE

End goal: For my state, I would like to start 25 charter schools by the end of the 5 year project period. This would average to 5 school per year.

5 schools per year x \$1,500,000 max amount = \$7,500,000

\$7,500,000 per year x 5 years = \$37,500,000

\$37,500,000 subgrant must be **not less** than 90% of grant

$\$37,500,000 / .9 = \$41,666,666$ total grant amount

Example		
Subgrant \geq	\$37,500,000	Not less than 90%
Admin/TA	\$4,166,666	10%
Admin \leq	\$1,249,999	Not MORE than 3%
TA \geq	\$2,916,667	Not less than 7%
Grant Total	\$41,666,666

CSP PERFORMANCE MEASURES

PROGRAM PERFORMANCE MEASURES (GPRA)

The primary goal of the CSP is to support the creation and development of a large number of high-quality charter schools that are free from State or local rules that inhibit flexible operation, are held accountable for enabling students to reach challenging State performance standards, and are open to all students. The Secretary has established two performance indicators to measure progress towards this goal:

- 1) The number of charter schools in operation around the Nation;
- 2) The percentage of fourth-and-eighth grade charter school students who are achieving at or above the proficient level on State assessments in mathematics and reading/language arts.

Additionally, the Secretary has established the following measure to examine the efficiency of the CSP:

- 3) Federal cost per student in implementing a successful school (defined as a school in operation for three or more consecutive years).

All grantees will be expected to submit an annual performance report documenting their contribution in assisting the Department in meeting these performance measures.

CSP PERFORMANCE MEASURES

PROJECT-SPECIFIC PERFORMANCE MEASURES

Applicants must propose project-specific performance measures and performance targets consistent with the objectives of the proposed project. Applications must provide the following information as directed under 34 CFR 75.110(b) and (c):

1. Performance measures.
2. Baseline data.
3. Performance targets.
4. Data Collection.

Note: All grantees must submit an annual performance report with information that is responsive to these performance measures. ***If you will be unable to report on a measure annually it should not be identified as a project-specific performance measure.***

Note: For technical assistance in developing effective performance measures, applicants are encouraged to review information provided by the Department's Regional Educational Laboratories (RELs).

Year 1	5 total
Year 2	10 total
Year 3	15 total
Year 4	20 total
Year 5	25 total

SMART - specific, measurable, achievable, relevant, and time bound.

OPEN LICENSING

NEW DEPARTMENT OF EDUCATION REGULATION COVERING EIR GRANTEES

All Department of Education grantees awarded competitive grant funds, unless an exception applies, must openly license to the public all copyrightable grant deliverables that are created with Department grant funds, including such deliverable as educational software, curriculum materials, professional development training materials, assessment systems, etc. This requirement applies to CSP State entity grants and subgrants.

Purposes:

- Promotes efficient dissemination of grant-funded works.
- Promotes innovation through creative re-use of grant funded works.

The Rule:

<https://www.federalregister.gov/documents/2017/01/19/2017-00910/open-licensing-requirement-for-competitive-grant-programs>

WHAT DOES OPEN LICENSING MEAN?

Under an open license, the public is given permission...

- to access, reproduce, publicly perform, publicly display, and distribute the copyrightable work;
- to prepare derivative works, as defined in the Copyright Act, 17 U.S.C. 101, and to reproduce, publicly perform, publicly display and distribute those derivative works; and
- to otherwise use the copyrightable work, created in whole or in part with competitive grant funds provided by the Department, provided that in all such instances attribution is given to the copyright holder.

Note: Grantees may use any open licenses that comply with the rule (see additional conditions in the actual rule), including a license that limits use to noncommercial purposes.

WHAT IS A “DELIVERABLE” COVERED BY THE OPEN LICENSING RULE?

- Copyrightable grant deliverables, or deliverables, are final versions of a work developed to carry out the purpose of the grant, as specified in the grant announcement (i.e., notice inviting applications or application package).
- The [open licensing] requirement will apply both to the deliverables themselves and to any final version of program support materials necessary to the use of the deliverables.

MORE ABOUT THE OPEN LICENSING RULE

- The rule does not apply to pre-existing works,
- When pre-existing works are modified under grant funding, the rule only applies to the modifications
- A grantee or subgrantee that is awarded competitive grant funds must have a plan to disseminate the openly licensed copyrightable works.
- In some limited cases, exceptions to the rule may be granted by the Department. However, such exceptions will not be considered until after grant awards are made, and applicants must not assume that an exception would be granted.

APPLICABLE REGULATIONS AND STATUTE

- i. The Education Department General Administrative Regulations (EDGAR) in 34 CFR parts 75, 76, 77, 79, 81, 82, 84, 86, 97, 98, and 99.

- iii. The Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards in 2 CFR part 200, as adopted and amended in 2 CFR part 3474.

GRANTS.GOV REGISTRATION PROCESS

The Grants.gov registration process involves five (5) basic steps:

1. Obtain a DUNS number
2. Register with SAM
3. Set up your Authorized Organization Representative (AOR) profile
4. Get authorized as an AOR by your organization's e-Biz POC
5. Track your AOR status

GRANTS.GOV REGISTRATION PROCESS

1. The complete Grants.gov registration process takes **up to 4 weeks** to complete.
2. You do not have to register with Grants.gov if you only want to find grant opportunities or to download application packages – **but you MUST register to SUBMIT!**

GRANTS.GOV REGISTRATION PROCESS

Step 1: Register Your Organization

- To register, your organization will need to obtain a DUNS number. If your organization does not have a DUNS number, you can call **1-866-705-5711**. Check with your organization's grants office before obtaining a DUNS number. **Use the same DUNS number used on the SF 424 form.**

Step 2: SAM Registration

- Register both your DUNS number and TIN with the System for Award Management (SAM) (formerly the Central Contractor Registry (CCR)). Your organization must have a DUNS number to register with SAM. SAM registration takes approximately 7 business days, but may take up to several weeks, to complete. **Once your SAM registration is active, you will need to allow 24 to 48 hours for the information to be available in Grants.gov and before you can submit an application through Grants.gov. SAM requires an annual registration – you will be unable to submit if this has not been updated. This may take three or more business days.**

GRANTS.GOV REGISTRATION PROCESS

Step 3: AOR Registration

- Create your Authorized Organization Representative (AOR) registration to obtain your username and password. You will need your organization DUNS number to complete the profile.

Step 4: Confirm AOR Registration

- The E-Business Point of Contact at your organization will receive your registration from Grants.gov. The E-Biz POC will then authorize you as an AOR. The E-Biz POC is usually someone in your grants office. Only an AOR may submit an application.

GRANTS.GOV REGISTRATION PROCESS

Step 5: Track your AOR status

- The length of time is contingent upon how long it takes your E-Biz POC to authorize you as an AOR. There may be more than one AOR at the organization.
- All 5 registration steps can be found on the Grants.gov website.

<http://www.grants.gov/web/grants/applicants/organization-registration.html>
