### School Improvement Grants (SIG) Program FY 2013 Assurances

By submitting this application, the SEA assures that it will do the following (check each box):

- Use FY 2013 SIG funds solely to make continuation awards and will not make any new awards<sup>1</sup> to its LEAs.
- Use the renewal process identified in [State]'s most recently approved SIG application to determine whether to renew an LEA's School Improvement Grant.
- Monitor and evaluate the actions an LEA has taken, as outlined in its approved SIG application, to recruit, select and provide oversight to external providers to ensure their quality.
- Monitor and evaluate the actions the LEA has taken, as outlined in its approved SIG application, to sustain the reforms after the funding period ends and provide technical assistance to LEAs on how they can sustain progress in the absence of SIG funding.
- If a Tier I or Tier II school implementing the restart model becomes a charter school LEA, hold the charter school operator or charter management organization accountable, or ensure that the charter school authorizer holds the respective entity accountable, for meeting the final requirements.
- Report the specific school-level data required in section III of the final SIG requirements.

**By submitting the assurances and information above, Missouri agrees to carry out its most recently approved SIG application and does not need to submit a new FY 2013 SIG application; however, the State must submit the signature page included in the full application package (page 3).**

<sup>1</sup> A "new award" is defined as an award of SIG funds to an LEA for a school that the LEA was not previously approved to serve with SIG funds in the school year for which funds are being awarded—in this case, the 2014–2015 school year. New awards may be made with the FY 2013 funds or any remaining SIG funds not already committed to grants made in earlier competitions.
