

**ABSTRACT: HEBREW PUBLIC
CHARTER SCHOOLS PROGRAM FOR REPLICATION AND EXPANSION OF HIGH-
QUALITY CHARTER SCHOOLS**

Hebrew Public, a non-profit Charter Management Organization is requesting \$4,911,004 through a Charter Schools Program Replication and Expansion grant to increase the number of educationally disadvantaged students it serves in the state of New York.

Hebrew Public is a growing network of two high-quality charter schools that combine diversity, immersive foreign language instruction, and a rigorous academic program. Hebrew Public has a proven track record of dramatically raising the performance of educationally disadvantaged students, and intends to meet the purposes of the CSP grant by meeting the following goals and project objectives:

Goal: Significantly expand two high-quality Hebrew Public schools, and open four new high-quality Hebrew Public schools, while in each school making significant progress during the 5-year grant period toward closing the achievement gap for the educationally disadvantaged students we serve.

Project Objectives

1. Increase the number of high quality charter schools in NY
2. Increase the academic achievement for all students in our schools, while progressively closing the achievement gap for educationally disadvantaged students.
3. Exceed GPRA Required Measures
4. Maintain highly diverse schools that reduce racial and economic isolation.
5. Prepare our students to become fully bilingual citizens who are empathic, skilled in cross-cultural communication, and civically responsible.
