Dual eligible

Dear Staci Cummins,

Your school district has been identified as eligible for funding under the **Rural Education Achievement Program (REAP)** for the 2020-2021 school year. REAP contains two programs: the Small, Rural School Achievement (SRSA) grant program and the Rural and Low-Income School (RLIS) grant program. For more information on REAP programs, see the [U.S. Department of Education \(Department\) website](#).

The Department has implemented a new streamlined application process for the SRSA program beginning with school year 2020-2021. School districts are now able to access the application simply by clicking on the link provided at the end of this email, which is unique to ABC Example School District. The application form has also been revised and simplified so that it should take no more than 30 minutes to complete. In order to complete the application, a school district will need the following information: an authorized representative contact, a secondary contact, and its Data Universal Numbering System (DUNS) number. If you have any questions regarding the grant or application process, please check the [Department website](#) or contact the Department at [REAP@ed.gov](mailto:REAP@ed.gov).

## Small, Rural School Achievement Application

### The Small, Rural School Achievement Application, FY 2020.

#### Application Instructions

Welcome to the fiscal year (FY) 2020 Small, Rural School Achievement (SRSA) application!

We estimate it will take approximately 30 minutes to complete this application, which is the first of two tasks that must be completed in order to receive FY 2020 SRSA award funding. After submitting the application you will be automatically redirected to the second task, which is to confirm an active Data Universal Numbering System (DUNS) number status for your organization at System for Award Management ([SAM.gov](https://sam.gov)). School districts need an active DUNS number in order to drawdown SRSA funds, so we strongly encourage immediate action if your SAM status is inactive. Upon completion of the application you will receive a confirmation email, which will include a summary of your responses and an Application Tracking Number, which serves as an identifying number in case of questions.

Please submit the application by **April 17, 2020**. If you have any questions about the application, please see the FY 2020 SRSA Notice of Application Deadline, U.S. Department of Education (the Department) [website](#), or contact the Department at [reap@ed.gov](mailto:reap@ed.gov).

## General Education Provisions Act (GEPA) Statement

Section 427 of the General Education Provisions Act requires that applicants for Small, Rural School Achievement (SRSA) funds include in their application a description of the steps the applicant proposes to take to ensure equitable access to, and participation in, the SRSA program for students, teachers, and other SRSA beneficiaries with special needs. This provision allows applicants discretion in developing the required description. The statute highlights six types of barriers that can impede equitable access or participation: gender, race, national origin, color, disability, or age. Based on local circumstances, you should determine whether these or other barriers may prevent your students, teachers, etc., from such access or participation in the SRSA-funded project or activity. The description of steps to be taken to overcome these barriers need not be lengthy; you may provide a clear and succinct description of how you plan to address those barriers that are applicable to your circumstances.

Section 427 is not intended to duplicate the requirements of civil rights statutes, but rather to ensure that, in designing their projects, applicants for Federal funds address equity concerns that may affect the ability of certain potential beneficiaries to fully participate in the project and to achieve to high standards. Consistent with program requirements and its approved application, an applicant may use the Federal funds awarded to it to eliminate barriers it identifies.

**The General Education Provisions Act (GEPA) statement consists of:**

1. A specific explanation of your school district's proposed use(s) of SRSA grant funds; and
2. A specific explanation of how your school district will use SRSA funds in a way that addresses barriers to access and does not discriminate on the basis of any federally-protected category.

**Example:**

"Our school district will use SRSA grant funds to purchase computers and laptops as part of our school-wide technology upgrade. Because a significant portion of our students are from families where Spanish is the primary language spoken at home, we will provide user instructions for the computers both in Spanish and in English."

For more examples, please see the [GEPA page](#) on the REAP website.

**\* 6 Has your school district previously submitted a GEPA Statement to the U.S. Department of Education that is still current, and will the school district continue to implement its SRSA grant consistent with that statement?**

**i** Choose one of the following answers

- ☐ Yes, my school district previously submitted a GEPA Statement to the U.S. Department of Education that is still current, and will continue to implement its SRSA grant consistent with that statement.
- ☐ No, my school district has not previously submitted a GEPA Statement to the U.S. Department of Education or my school district's previously submitted GEPA statement is no longer current. As part of this application, I am submitting a GEPA statement below.

**\* 7** If you indicated in question 6 that your school district does not have a current GEPA statement on file, please submit a GEPA statement below:

**i** Please check the format of your answer.

# Section 427 of the General Education Provisions Act (GEPA)

For example, your GEPA statement might consist of:

- ✓ A specific explanation of **your school district's proposed use(s) of SRSA grant funds**; and
- ✓ A specific explanation of **how your school district will use SRSA funds in a way that addresses barriers to access** and does not discriminate on the basis of any federally-protected category

For more information, see the [GEPA resource page](#) on the REAP website.
