

UNITED STATES DEPARTMENT OF EDUCATION

OFFICE OF ELEMENTARY AND SECONDARY EDUCATION

The Honorable Molly Spearman
State Superintendent of Education
South Carolina Department of Education
1429 Senate Street
Columbia, SC 29201

November 21, 2019

Dear Superintendent Spearman:

Thank you for your participation in the U.S. Department of Education's (the Department) assessment peer review process under Title I of the Elementary and Secondary Education Act of 1965 (ESEA), as amended by the Every Student Succeeds Act (ESSA). I appreciate the efforts of the South Carolina Department of Education (SCDE) to prepare for the English language proficiency (ELP) assessment peer review, which occurred in April and May 2019. Specifically, SCDE submitted evidence regarding ACCESS and Alternate ACCESS.

The ESEA and its implementing regulations require a State to ensure that it provides an annual ELP assessment of all English learners (ELs) in grades K-12 in schools served by the State (ESEA section 1111(b)(2)(G); 34 CFR § 200.6(h)). Specifically, the ESEA requires a State to develop a uniform statewide ELP assessment to measure the ELP of all ELs in the State, including ELs with disabilities, and to provide an alternate ELP assessment (AELPA) for ELs who are students with the most significant cognitive disabilities who cannot participate in the regular ELP assessment even with accommodations (ESEA section 1111(b)(2)(G); 34 CFR § 200.6(h)(1), (5)). The ESEA and its implementing regulations require that a State's ELP assessments, including the AELPA, be aligned with the State's ELP standards, provide valid and reliable measures of the State's ELP standards, and be of adequate technical quality (ESEA section 1111(b)(2)(G); 34 CFR §§ 200.2(b)(2), (b)(4), (b)(5), 200.6(h)(2)).

External peer reviewers and Department staff carefully evaluated SCDE's submission and the Department found, based on the evidence received, that this component of your assessment system met some, but not all of the statutory and regulatory requirements of the ESEA. Based on the recommendations from this peer review and our own analysis of the State's submission, I have determined the following:

- General ELP assessment (ACCESS): **Partially meets requirements of the ESEA, as amended by ESSA.**
- Alternate ELP assessment (Alternate ACCESS): **Partially meets requirements of the ESEA, as amended by ESSA.**

The assessments that partially meet requirements do not meet a number of the requirements of the statute and regulations and SCDE will need to provide substantial additional information to demonstrate it meets the requirements. The Department realizes that this was the first time your State was required to provide its ELP and AELPA for peer review and recognizes that it may take some time to address all of the required

items. The specific list of items required for SCDE to submit is enclosed with this letter. Within 30 days, SCDE must provide a plan and timeline for submitting all required documentation. Upon submission of the plan, the Department will reach out to the State educational agency (SEA) to determine a mutually agreeable schedule. Resubmission should occur once all necessary evidence is complete (rather than in multiple submissions). The Department is placing a condition on SCDE's Title I, Part A grant award. To satisfy this condition, SCDE must submit satisfactory evidence to address the items identified in the enclosed list. If adequate progress is not made, the Department may take additional action.

The full peer review notes from the review are enclosed. These recommendations to the Department formed the basis of our determination. Please note that the peers' recommendations may differ from the Department's feedback; we encourage you to read the full peer notes for additional suggestions and recommendations for improving your assessment system beyond what is noted in the Department's feedback. Department staff will reach out to your assessment director in the next few days to discuss the peer notes and the Department's determination and to answer any questions you have.

Additionally, the Office of Special Education and Rehabilitative Services (OSERS) will monitor progress on matters pertaining to requirements in the Individuals with Disabilities Education Act (IDEA) related to the participation of students with disabilities in Title I assessments. In particular, OSERS will monitor progress against critical elements 4.2, 5.1, 5.3, 5.4 and 6.3. Insufficient progress to address such matters may lead OSERS to place a condition on SCDE's fiscal year 2020 IDEA Part B grant award.

Thank you for your ongoing commitment to improving educational outcomes for all students. I look forward to our continued partnership as we move ahead with this critical work. I appreciate the work you are doing to improve your schools and provide a high-quality education for your students.

If you have any questions, please contact my staff at: ESEA.Assessment@ed.gov.

Sincerely,

/s/

Frank T. Brogan
Assistant Secretary for
Elementary and Secondary Education

Critical Elements Where Additional Evidence is Needed for the South Carolina’s Administration of the ACCESS and Alternate ACCESS English language proficiency (ELP) Assessments

Critical Element	Additional Evidence Needed
<p>1.2 – Coherent and Progressive ELP Standards that Correspond to the State’s Academic Content Standards</p>	<p>For the State’s ELP standards:</p> <ul style="list-style-type: none"> • For science, evidence that the ELP standards contain language proficiency expectations that reflect the language needed for English learners (ELs) to acquire and demonstrate their achievement of the knowledge and skills identified in the State’s academic content standards appropriate to each grade-level/grade-band. • For reading/language arts and mathematics, evidence of alignment of its current ELP standards to the State’s academic content standards.
<p>1.3 – Required Assessments</p>	<p>For the Alternate ACCESS:</p> <ul style="list-style-type: none"> • Evidence clarifies how ELs with significant cognitive disabilities are assessed in kindergarten (e.g., verify if they are administered the current Alternate ACCESS or some other assessment).
<p>2.1 – Test Design and Development</p>	<p>For ACCESS and the Alternate ACCESS:</p> <ul style="list-style-type: none"> • Evidence that both assessments are aligned to the depth and breadth of the State’s ELP standards, including: <ul style="list-style-type: none"> ○ Statement of the purposes and intended uses of results. ○ Test blueprints. ○ Processes to ensure that the ELP assessment is tailored to the knowledge and skills included in the State’s ELP standards and reflects appropriate inclusion of the range of complexity found in the standards (e.g., detail about the routing rules, detail of the item selection process for paper forms to ensure it adheres to the blueprint). <p>For ACCESS:</p> <ul style="list-style-type: none"> • Evidence that the item pool and item selection procedures adequately support the multi-stage adaptive administrations. • Evidence that proficiency determinations are made with respect to the grade in which the student is enrolled.
<p>2.2 – Item Development</p>	<p>For ACCESS:</p> <ul style="list-style-type: none"> • Evidence of reasonable and technically sound procedures to develop and select items (e.g., timeline of development, qualifications of item writers, item-writing training, item review processes and reviewer qualifications, field test processes for each domain, and technical advisory committee review). <p>For the Alternate ACCESS:</p> <ul style="list-style-type: none"> • Evidence of reasonable and technically sound procedures to develop and select items to assess ELP (e.g., involvement of experts with knowledge of ELs with significant cognitive disabilities).
<p>2.3 – Test Administration</p>	<p>For ACCESS:</p> <ul style="list-style-type: none"> • Evidence that the State has established contingency plans to address possible technology challenges during test administration.

Critical Element	Additional Evidence Needed
2.4 – Monitoring Test Administration	<p>For ACCESS and the Alternate ACCESS:</p> <ul style="list-style-type: none"> • Evidence that demonstrates the monitoring of test administration for all ELP assessments in the State system.
2.5 – Test Security	<p>For ACCESS and the Alternate ACCESS:</p> <ul style="list-style-type: none"> • Evidence that the State has implemented and documented an appropriate set of policies and procedures to ensure the integrity of test results through: <ul style="list-style-type: none"> ○ Remediation following any test security incidents involving any of the State’s assessments. ○ Investigation of alleged or factual test irregularities. <p>For the Alternate ACCESS:</p> <ul style="list-style-type: none"> • Evidence for the Alternate ACCESS of policies and procedures to protect the integrity of the test given that the test form is unchanged for the past several years.
2.6 – Systems for Protecting Data Integrity and Privacy	<p>For ACCESS and Alternate ACCESS:</p> <ul style="list-style-type: none"> • Evidence of State policies and procedures for protecting the integrity and confidentiality of its test materials, test-related data, and personally identifiable information, specifically guidelines for districts and schools.
3.1 – Overall Validity, including Validity Based on Content	<p>For ACCESS:</p> <ul style="list-style-type: none"> • Documentation of adequate alignment between the State’s ELP assessment and the ELP standards the assessment is designed to measure in terms of language knowledge and skills and the depth and breadth of the State’s ELP standards across all proficiency levels, domains, and modalities identified therein. • Documentation of alignment between the State’s ELP standards and the language demands implied by, or explicitly stated in, the State’s academic content standards. <p>For the Alternate ACCESS:</p> <ul style="list-style-type: none"> • Evidence of adequate linkage to the State’s ELP standards in terms of content match (i.e., no unrelated content) and that the breadth of content and linguistic complexity determined in test design is appropriate for ELs who are students with the most significant cognitive disabilities.
3.2 – Validity Based on Linguistic Processes	<p>For ACCESS and the Alternate ACCESS:</p> <ul style="list-style-type: none"> • Adequate validity evidence that its assessments tap the intended language processes appropriate for each grade level/grade-band as represented in the State’s ELP standards.
3.3 – Validity Based on Internal Structure	<p>For ACCESS and the Alternate ACCESS:</p> <ul style="list-style-type: none"> • Evidence that the scoring and reporting structures of the assessments are consistent with the subdomain structures of the State’s ELP standards (e.g., an explanation of how the included statistical analyses relate to the validity framework for the assessments).
3.4 – Validity Based on Relationships with Other Variables	<p>For ACCESS and Alternate ACCESS:</p> <ul style="list-style-type: none"> • Adequate validity evidence that the State’s assessment scores are related as expected with other variables.

Critical Element	Additional Evidence Needed
<p>4.1 – Reliability</p>	<p>For ACCESS and Alternate ACCESS:</p> <ul style="list-style-type: none"> • Evidence of test reliability, including: <ul style="list-style-type: none"> ○ Reliability by subgroups. ○ Consistency and accuracy of estimates in categorical classification decisions for the cut scores, achievement levels or proficiency levels based on the assessment results. ○ Evidence that reliability statistics are used to inform ongoing maintenance and development. <p>For ACCESS:</p> <ul style="list-style-type: none"> • For computer-adaptive tests, evidence that the assessments produce test forms with adequately precise estimates of an EL’s ELP. <p>For the Alternate ACCESS:</p> <ul style="list-style-type: none"> • Evidence of reliability, including test information functions (TIFs) for overall composite scores.
<p>4.2 – Fairness and accessibility</p>	<p>For ACCESS and the Alternate ACCESS:</p> <ul style="list-style-type: none"> • Evidence that the assessments are accessible to all students and fair across student groups in design, development, and analysis (e.g., the implementation of universal design principles, to the extent practicable, during item development and review, and additional differential item functioning (DIF) analyses to include more student subgroups). <p>For the Alternate ACCESS:</p> <ul style="list-style-type: none"> • Evidence that the State has taken reasonable and appropriate steps to ensure that its assessments are accessible to all EL students and fair across student groups, including ELs with disabilities, in their design, development, and analysis, guidance and instructions on appropriate instructional supports that can be used during the assessment, particularly for Braille and alternate modes of communication.
<p>4.3 – Full Performance Continuum</p>	<p>For ACCESS and the Alternate ACCESS:</p> <ul style="list-style-type: none"> • Evidence that each assessment provides an adequately precise estimate of student performance across the full performance continuum for ELP assessments, including performance for EL students with high and low levels of ELP.
<p>4.4 – Scoring</p>	<p>For ACCESS and the Alternate ACCESS:</p> <ul style="list-style-type: none"> • Evidence that if an EL has a disability that precludes assessment of the student in one or more of the required domains/components (listening, speaking, reading, and writing) because there are no appropriate accommodations for the affected domain(s)/component(s), the State ensures that the student is assessed in the remaining domain(s)/component(s) in which it is possible to assess the student, including a description of how this will occur.

Critical Element	Additional Evidence Needed
	<p>For ACCESS:</p> <ul style="list-style-type: none"> • Evidence of standardized scoring procedures and protocols that are designed to produce reliable and meaningful results, facilitate valid score interpretations, and report assessment results in terms of the State’s ELP standards (e.g., evidence that the scoring of speaking items on the paper form of the test is monitored.) <p>For the Alternate ACCESS:</p> <ul style="list-style-type: none"> • Evidence of the implementation of standardized scoring procedures and protocols (e.g., definitions of key terms and test administration and scoring procedures).
<p>4.5 – Multiple Assessment Forms</p>	<p>For ACCESS:</p> <ul style="list-style-type: none"> • Evidence that all forms adequately represent the State’s ELP standards and yield consistent score interpretations such that the forms are comparable within and across settings, particularly for the listening domain (e.g., rationales for why equating is not done for the paper versions of the reading and listening domains and rationales for the use of the anchor item sets). <p>For the Alternate ACCESS:</p> <ul style="list-style-type: none"> • Evidence that all forms adequately represent the State’s ELP standards and yield consistent score interpretations such that the forms are comparable within and across settings (e.g., evidence that using the same test items every year does not impact validity).
<p>4.7 – Technical Analysis and Ongoing Maintenance</p>	<p>For ACCESS and the Alternate ACCESS:</p> <ul style="list-style-type: none"> • Evidence of adequate technical quality is made public, including on the State’s website. <p>For the Alternate ACCESS:</p> <ul style="list-style-type: none"> • Evidence of a system for monitoring, maintaining, and improving, as needed, the quality of its assessment system.
<p>5.1 – Procedures for Including Students with Disabilities</p>	<p>For ACCESS and the Alternate ACCESS:</p> <ul style="list-style-type: none"> • Evidence of policies that require the inclusion of an EL with a disability that precludes assessment of the student in one or more of the required domains (speaking, listening, reading, and writing) such that there are no appropriate accommodations for the affected component.
<p>5.3 – Accommodations</p>	<p>For ACCESS and the Alternate ACCESS:</p> <ul style="list-style-type: none"> • Evidence of a process to individually review and allow exceptional requests for a small number of students who require accommodations beyond those routinely allowed. • Evidence that the provided accommodations: <ul style="list-style-type: none"> ○ Are appropriate and effective for meeting the individual student’s need(s) to participate in the assessments. ○ Do not alter the construct being assessed. ○ Allow meaningful interpretations of results and comparison of scores for students who need and receive accommodations and

<p>5.4 – Monitoring Test Administration for Special Populations</p>	<p>For ACCESS and the Alternate ACCESS:</p> <ul style="list-style-type: none"> • Evidence that the State monitors ELP test administration in its districts and schools to ensure that appropriate assessments, with or without accommodations, are selected for all ELs with disabilities so that they are appropriately included in assessments and receive accommodations that are: <ul style="list-style-type: none"> ○ Consistent with the State’s policies for accommodations. ○ Appropriate for addressing a student’s disability or language needs for each assessment administered. ○ Consistent with accommodations provided to the students during instruction and/or practice. ○ Consistent with the assessment accommodations identified by a student’s individualized education program team under the Individuals with Disabilities Education Act, placement team convened under section 504; or for students covered by Title II of the Americans with Disabilities Act, the individual or team designated by a district to make these decisions; or another process for an EL. ○ Administered with fidelity to test administration procedures. ○ Monitored for administrations of all required ELP assessments, and AELPA.
<p>6.1 – State Adoption of ELP Achievement Standards for All Students</p>	<p>For the ACCESS and the Alternate ACCESS:</p> <ul style="list-style-type: none"> • Evidence that the State adopted ELP achievement standards that address the different proficiency levels of ELs. <p>For the Alternate ACCESS:</p> <ul style="list-style-type: none"> • If the State has developed alternate ELP achievement standards, evidence that it has adopted them only for ELs who are students with the most significant cognitive disabilities who cannot participate in the regular ELP assessment even with appropriate accommodations.
<p>6.2 – ELP Achievement Standards-Setting</p>	<p>For the Alternate ACCESS:</p> <ul style="list-style-type: none"> • Evidence that the State used a technically sound method and process for setting ELP achievement standards, such that cut scores are developed for every grade/grade band, content domain/language domain, and/or composite for which proficiency-level scores are reported.
<p>6.3 – Aligned ELP Achievement Standards</p>	<p>For ACCESS:</p> <ul style="list-style-type: none"> • Evidence that ELP assessment results are expressed in terms that are clearly aligned with the State’s ELP standards and its ELP performance level descriptors.

Critical Element	Additional Evidence Needed
	<p>For the Alternate ACCESS:</p> <ul style="list-style-type: none"> • If the State has developed alternate ELP achievement standards, evidence that the alternate ELP achievement standards are linked to the State’s grade-level/grade-band ELP standards and reflect professional judgment of the highest ELP achievement standards possible for ELs who are students with the most significant cognitive disabilities.
<p>6.4 – Reporting</p>	<p>For ACCESS and the Alternate ACCESS:</p> <ul style="list-style-type: none"> • Evidence that the State provides information about each student’s attainment of the State’s ELP standards to parents that are, if it is not practicable to provide written translations to a parent or guardian with limited English proficiency, are orally translated for such parent or guardian. • Evidence that student reports are, upon request by an individual with a disability, provided in an alternative format accessible to that parent. <p>For the Alternate ACCESS:</p> <ul style="list-style-type: none"> • Evidence that performance level descriptors are included on student score reports.

Peer Review of State Assessment Systems

April State ELP Assessment Peer Review Notes

U. S. Department of Education
Office of Elementary and Secondary Education
Washington, D.C. 20202

Note: Peer review notes provide the combined recommendations of the individual peers to the U.S. Department of Education (Department), based on the statute and regulations, the Department's peer review guidance, and the peers' professional judgement of the evidence submitted by the State. These assessment peer review notes, however, do not necessarily reflect the final set of additional evidence, if any, that a State may need to submit to demonstrate that its assessment system meets all of the critical elements for assessment peer review. Although the peer notes inform the Secretary's consideration of each State's assessment system, the Department makes the final decision regarding whether the assessment system meets the requirements in the statute and regulations. As a result, these peer notes may not completely align with the final determination made by the Department.

ACCESS

- Test blueprints
- Evidence of Processes to ensure that the ELP assessment is tailored to the knowledge and skills included in *the State's ELP standards* and reflects appropriate inclusion of the range of complexity found in the standards. E.g. detail about the routing rules, detail of the item selection process for paper forms to ensure it adheres to the blueprint
- Evidence of the adequacy of the item pool and item selection procedures to support the multistage adaptive administrations.
- Evidence that all the items in the pool are age and grade appropriate

Alternate ACCESS

- Test blueprints
- Evidence of Processes to ensure that the Alternate ELP assessment is tailored to the knowledge and skills included in *the State's ELP standards* and reflects appropriate inclusion of the range of complexity found in the standards. E.g. detail of the item selection process to ensure forms adhere to the blueprint

Critical Element 3.1 – Overall Validity, Including Validity Based on Content

Critical Element	Evidence (Record document and page # for future reference)	Comments/Notes/Questions/Suggestions Regarding State Documentation or Evidence
<p>The State has documented adequate overall validity evidence for its assessments consistent with nationally recognized professional and technical testing standards. Critical Element 4.1 – Reliability

Critical Element	Evidence (Record document and page # for future reference)	Comments/Notes/Questions/Suggestions Regarding State Documentation or Evidence
<p>The State has documented adequate reliability evidence for its assessments for the following measures of reliability for the State’s student population overall and each student group consistent with nationally recognized professional and technical testing standards. If the State’s assessments are implemented in multiple States, measures of reliability for the assessment overall and each student group consistent with nationally recognized professional and technical testing standards, including:</p> <ul style="list-style-type: none"> • Test reliability of the State’s assessments estimated for its student population (<i>for ELP assessments, including any domain or component sub-tests, as applicable</i>); • Overall and conditional standard error of measurement of the State’s assessments, including any domain or component sub-tests, as applicable; • Consistency and accuracy of estimates in categorical classification decisions for the cut scores, achievement levels or proficiency levels based on the assessment results; • For computer-adaptive tests, evidence that the assessments produce test forms with adequately 	<p>ACCESS</p> <ul style="list-style-type: none"> • 2.1-2, provided by domain • No subgroup information 	<p>ACCESS</p> <ul style="list-style-type: none"> • While the various statistics (e.g. Cronbach’s alpha, decision consistency, TIF) are provided at the composite and domain levels, they are not computed for any subgroups, such as gender and SES, accommodation type. • Accuracy and consistency measures for some composite scores and domains appeared low (see for example 2.1-2 p.345, p.167-168). If the proficiency levels are used to make decisions for these measures, then this needs to be addressed. The Peers’ understanding is that states can make decisions regarding the way in which scores are used to make decisions. Does WIDA provide more guidance given the reliability information? • While it may have been done, the Peers could not locate, for computer-adaptive tests, evidence that the assessments produce test forms with adequately precise estimates of <i>an EL’s English proficiency</i>. Given the multistage adaptive administrations, the Peers were looking for evidence that WIDA has considered the reliability of the forms, or pathways, across students. • A large amount of statistical output was provided; however, there was not information or narrative about how this information is interpreted by WIDA and will be used to guide future development work within the program. For example, are there areas for which WIDA will focus efforts and try to improve in the future? For example, this could include TAC notes from the discussion of these statistics.

Therefore, why is module 3 not required and how is the rating monitored to ensure reliable results? There are recommendations for monitoring raters who administer the speaking test in 4.4-8, but how are these recommendations implemented and monitored? • WIDA provided evidence of four models for states to consider if an English learner has a disability that precludes assessment of the student in one or more of the required domains/components (listening, speaking, reading, and writing) such that there are no appropriate accommodations for the affected domain(s)/component(s). No additional evidence is required or

The following additional evidence is needed/provide brief rationale:

ACCESS & Alternate ACCESS

- The State reports to the public its assessment results on *English language proficiency for all ELs including the number and percentage of ELs attaining ELP*. (provided by the State)
- The State reports its assessment results for all students assessed, and the reporting facilitates **timely** interpretations and uses of those results by parents, educators, State officials, policymakers and other stakeholders, and the public. (provided by the State)
- the State provides coherent and timely information about each student's attainment of the State's ELP standards to parents that are, to the extent practicable, written in a language that parents and guardians can understand or, if it is not practicable to provide written translations to a parent or guardian with limited English proficiency, are orally translated for such parent or guardian (provided by the State)
- the State provides coherent and timely information about each student's attainment of the State's ELP standards to parents that upon request by a parent who is an individual with a disability as defined by the ADA, as amended, are provided in an alternative format accessible to that parent. (provided by the State)

Alternate ACCESS

- Inclusion of performance level descriptors on student score reports

SECTION 7: DOES NOT APPLY TO ELP ASSESSMENT PEER REVIEW

Consistent with the note on page 1, the evidence requested by the peer reviewers does not necessarily reflect the final set of additional evidence, if any, that a State may need to submit to demonstrate that its assessment system meets all of the critical elements for the assessment peer review. As a result, a State should refer to the letter to the State, including the list of additional evidence needed, if any, from the Department.

U. S. DEPARTMENT OF EDUCATION

Peer Review of State Assessment Systems

April State ELP Assessment Peer Review Notes

U. S. Department of Education
Office of Elementary and Secondary Education
Washington, D.C. 20202

Note: Peer review notes provide the combined recommendations of the individual peers to the U.S. Department of Education (Department), based on the statute and regulations, the Department's peer review guidance, and the peers' professional judgement of the evidence submitted by the State. These assessment peer review notes, however, do not necessarily reflect the final set of additional evidence, if any, that a State may need to submit to demonstrate that its assessment system meets all of the critical elements for assessment peer review. Although the peer notes inform the Secretary's consideration of each State's assessment system, the Department makes the final decision regarding whether the assessment system meets the requirements in the statute and regulations. As a result, these peer notes may not completely align with the final determination made by the Department.

SECTION 5: INCLUSION OF ALL STUDENTS

Critical Element 5.1 – Procedures for Including Students with Disabilities

Critical Element	Evidence (Record document and page # for future reference)	Comments/Notes/Questions/Suggestions Regarding State Documentation or Evidence
<p>The State has in place procedures to ensure the inclusion of all public elementary and secondary school students⁸ with disabilities in the State’s assessment system. Decisions about how to assess students with disabilities must be made by a student’s IEP Team under IDEA, the placement team under Section 504, or the individual or team designated by a district to make that decision under Title II of the ADA, as applicable, based on each student’s individual abilities and needs.</p> <ul style="list-style-type: none"> • For ELP assessments, policies that require the inclusion of an EL with a disability that precludes assessment of the student in one or more of the required domains (speaking, listening, reading, and writing) such that there are no appropriate accommodations for the affected component (the State must assess the student’s English language proficiency based on the remaining components in which it is possible to assess the student). 	<p>5.1-1 SC Accessibility Support Document.pdf</p> <p>5.1-2 Participation Guidance for IEP Teams.pdf</p> <p>5.1-3 Memo 2019 Accessibility Support Document.pdf</p>	<p>ACCESS and Alternate ACCESS</p> <p>In its narrative, the State acknowledges certain barriers that may prevent some students from accessing certain domains, but it indicates that it is in the process of developing guidance procedures on how to address these accessibility barriers. The State should provide evidence of how it assesses the student’s English language proficiency based on the remaining components in which it is possible to assess the student if an EL has a disability that precludes assessment in one or more of the required domains (speaking, listening, reading, and writing) such that there are no appropriate accommodations for the affected component. Once the state has identified the procedures in place to address identified barriers, that evidence should be submitted to address this critical element.</p>

⁸ For ELP peer review, this refers to ELs with disabilities.
