

## UNITED STATES DEPARTMENT OF EDUCATION

OFFICE OF ELEMENTARY AND SECONDARY EDUCATION

The Honorable Joy Hofmeister  
State Superintendent of Public Instruction  
Oklahoma State Department of Education  
Oliver Hodge Building  
2500 North Lincoln Boulevard  
Oklahoma City, Oklahoma 73105

January 15, 2020

Dear Superintendent Hofmeister:

Thank you for your participation in the U.S. Department of Education's (the Department) assessment peer review process under Title I of the Elementary and Secondary Education Act of 1965 (ESEA), as amended by the Every Student Succeeds Act (ESSA). I appreciate the efforts of the Oklahoma State Department of Education (OSDE) to prepare for the English language proficiency (ELP) assessment peer review, which occurred in April and June 2019. Specifically, OSDE submitted evidence regarding ACCESS and Alternate ACCESS.

The ESEA and its implementing regulations require a State to ensure that it provides an annual ELP assessment of all English learners (ELs) in grades K-12 in schools served by the State (ESEA section 1111(b)(2)(G); 34 CFR § 200.6(h)). Specifically, the ESEA requires a State to develop a uniform statewide ELP assessment to measure the ELP of all ELs in the State, including ELs with disabilities, and to provide an alternate ELP assessment (AELPA) for ELs who are students with the most significant cognitive disabilities who cannot participate in the regular ELP assessment even with accommodations (ESEA section 1111(b)(2)(G); 34 CFR § 200.6(h)(1), (5)). The ESEA and its implementing regulations require that a State's ELP assessments, including the AELPA, be aligned with the State's ELP standards, provide valid and reliable measures of the State's ELP standards, and be of adequate technical quality (ESEA section 1111(b)(2)(G); 34 CFR §§ 200.2(b)(2), (b)(4), (b)(5), 200.6(h)(2)).

External peer reviewers and Department staff carefully evaluated OSDE's submission and the Department found, based on the evidence received, that this component of your assessment system met some, but not all, of the statutory and regulatory requirements of the ESEA. Based on the recommendations from this peer review and our own analysis of the State's submission, I have determined the following:

- General ELP assessment (ACCESS): **Partially meets requirements of the ESEA, as amended by ESSA.**
- Alternate ELP assessment (Alternate ACCESS): **Partially meets requirements of the ESEA, as amended by ESSA.**

The assessments that partially meet requirements do not meet a number of the requirements of the statute and regulations and OSDE will need to provide substantial additional information to demonstrate it meets the requirements. The Department realizes that this was the first time your State was required to provide its ELP and AELPA for peer review and recognizes that it may take some time to address all of the required items. The specific list of items required for OSDE to submit is enclosed with this letter. Within 30 days, OSDE must provide a plan and timeline for submitting all required documentation. Upon submission of the plan, the

*The Department of Education's mission is to promote student achievement and preparation for global competitiveness by fostering educational excellence and ensuring equal access.*

Department will reach out to the State educational agency (SEA) to determine a mutually agreeable schedule. Resubmission should occur once all necessary evidence is complete (rather than in multiple submissions). The Department is placing a condition on OSDE's Title I, Part A grant award. To satisfy this condition, OSDE must submit satisfactory evidence to address the items identified in the enclosed list. If adequate progress is not made, the Department may take additional action.

The full peer review notes from the review are enclosed. These recommendations to the Department formed the basis of our determination. Please note that the peers' recommendations may differ from the Department's feedback; we encourage you to read the full peer notes for additional suggestions and recommendations for improving your assessment system beyond what is noted in the Department's feedback. Department staff will reach out to your assessment director in the next few days to discuss the peer notes and the Department's determination and to answer any questions you have.

Additionally, the Office of Special Education and Rehabilitative Services (OSERS) will monitor progress on matters pertaining to requirements in the Individuals with Disabilities Education Act (IDEA) related to the participation of students with disabilities in Title I assessments. In particular, OSERS will monitor progress against critical elements 1.4, 5.3, 5.4, 6.1 and 6.3. Insufficient progress to address such matters may lead OSERS to place a condition on OSDE's fiscal year 2020 IDEA Part B grant award.

Thank you for your ongoing commitment to improving educational outcomes for all students. I look forward to our continued partnership as we move ahead with this critical work. I appreciate the work you are doing to improve your schools and provide a high-quality education for your students.

If you have any questions, please contact my staff at: [ESEA.Assessment@ed.gov](mailto:ESEA.Assessment@ed.gov).

Sincerely,

/s/

Assistant Secretary  
for Elementary and Secondary Education

**Critical Elements Where Additional Evidence is Needed for Oklahoma’s Administration of the ACCESS and Alternate ACCESS English language proficiency (ELP) Assessments**

<b>Critical Element</b>	<b>Additional Evidence Needed</b>
<b>1.1 – State Adoption of ELP Standards for All ELs</b>	For the State’s ELP standards: <ul style="list-style-type: none"> <li>• Evidence that the State has adopted ELP standards.</li> </ul>
<b>1.2 – Coherent and Progressive ELP Standards that Correspond to the State’s Academic Content Standards</b>	For the State’s ELP standards: <ul style="list-style-type: none"> <li>• For science, evidence that the ELP standards contain language proficiency expectations that reflect the language needed for ELs to acquire and demonstrate their achievement of the knowledge and skills identified in the State’s academic content standards appropriate to each grade-level/grade-band.</li> <li>• For reading/language arts and mathematics, evidence of alignment of its current ELP standards to the State’s academic content standards, including a plan to address findings of the previous alignment study.</li> </ul>
<b>1.3 – Required Assessments</b>	For the Alternate ACCESS: <ul style="list-style-type: none"> <li>• Evidence that the alternate ELP assessment is available in kindergarten.</li> </ul>
<b>1.4 – Policies for Including All Students in Assessments</b>	For the Alternate ACCESS: <ul style="list-style-type: none"> <li>• See critical element 1.3</li> </ul>
<b>2.1 – Test Design and Development</b>	For ACCESS and the Alternate ACCESS: <ul style="list-style-type: none"> <li>• Evidence that both assessments are aligned to the depth and breadth of the State’s ELP standards, including:                             <ul style="list-style-type: none"> <li>○ Statement of the purposes and intended uses of results.</li> <li>○ Test blueprints.</li> <li>○ Processes to ensure that the ELP assessment is tailored to the knowledge and skills included in the State’s ELP standards and reflects appropriate inclusion of the range of complexity found in the standards (e.g., detail about the routing rules, detail of the item selection process for paper forms to ensure it adheres to the blueprint).</li> </ul> </li> </ul> For ACCESS: <ul style="list-style-type: none"> <li>• Evidence that the item pool and item selection procedures adequately support the multi-stage adaptive administrations.</li> <li>• Evidence that proficiency determinations are made with respect to the grade in which the student is enrolled.</li> </ul>
<b>2.2 – Item Development</b>	For ACCESS: <ul style="list-style-type: none"> <li>• Evidence of reasonable and technically sound procedures to develop and select items (e.g., timeline of development, qualifications of item writers, item-writing training, item review processes and reviewer qualifications, field test processes for each domain, and TAC review).</li> </ul> For the Alternate ACCESS: <ul style="list-style-type: none"> <li>• Evidence of reasonable and technically sound procedures to develop and select items to assess ELP (e.g., involvement of experts with knowledge of ELs with significant cognitive disabilities).</li> </ul>

# Peer Review of State Assessment Systems

## April State ELP Assessment Peer Review Notes

U. S. Department of Education  
Office of Elementary and Secondary Education  
Washington, D.C. 20202

Note: Peer review notes provide the combined recommendations of the individual peers to the U.S. Department of Education (Department), based on the statute and regulations, the Department's peer review guidance, and the peers' professional judgement of the evidence submitted by the State. These assessment peer review notes, however, do not necessarily reflect the final set of additional evidence, if any, that a State may need to submit to demonstrate that its assessment system meets all of the critical elements for assessment peer review. Although the peer notes inform the Secretary's consideration of each State's assessment system, the Department makes the final decision regarding whether the assessment system meets the requirements in the statute and regulations. As a result, these peer notes may not completely align with the final determination made by the Department.

## STATE ASSESSMENT PEER REVIEW NOTES FOR WIDA

### Section 2.5 Summary Statement

X The following additional evidence is needed/provide brief rationale:

#### **ACCESS**

- The delineation of responsibilities of test security between WIDA and the states, to include recommended guidelines or minimum standards for test security for states to implement
- Evidence of security procedures during test development
- Evidence of activities that prevent assessment irregularities, including maintaining the security of test materials (both during test development and at time of test administration), proper test preparation guidelines and administration procedures, incident-reporting procedures, consequences for confirmed violations of test security, and requirements for annual training at the district and school levels for all individuals involved in test administration;
- Evidence of detection of test irregularities;
- Evidence of remediation following any test security incidents involving any of the State's assessments; (provided by States)
- Evidence of the investigation of alleged or factual test irregularities to include forensic analysis and plans to address findings (provided by States)

#### **Alternate ACCESS**

- Evidence related to all aspects of this critical element are needed

**Critical Element 4.1 – Reliability**

Critical Element	Evidence (Record document and page # for future reference)	Comments/Notes/Questions/Suggestions Regarding State Documentation or Evidence
<p>The State has documented adequate reliability evidence for its assessments for the following measures of reliability for the State’s student population overall and each student group consistent with nationally recognized professional and technical testing standards. If the State’s assessments are implemented in multiple States, measures of reliability for the assessment overall and each student group consistent with nationally recognized professional and technical testing standards, including:</p> <ul style="list-style-type: none"> <li>• Test reliability of the State’s assessments estimated for its student population (<i>for ELP assessments, including any domain or component sub-tests, as applicable</i>);</li> <li>• Overall and conditional standard error of measurement of the State’s assessments, including any domain or component sub-tests, as applicable;</li> <li>• Consistency and accuracy of estimates in categorical classification decisions for the cut scores, achievement levels or proficiency levels based on the assessment results;</li> <li>• For computer-adaptive tests, evidence that the assessments produce test forms with adequately</li> </ul>	<p><b>ACCESS</b></p> <ul style="list-style-type: none"> <li>• 2.1-2, provided by domain</li> <li>• No subgroup information</li> </ul>	<p><b>ACCESS</b></p> <ul style="list-style-type: none"> <li>• While the various statistics (e.g. Cronbach’s alpha, decision consistency, TIF) are provided at the composite and domain levels, they are not computed for any subgroups, such as gender, SES, and accommodation type.</li> <li>• Accuracy and consistency measures for some composite scores and domains appeared low (see for example 2.1-2 p.345, p.167-168). If the proficiency levels are used to make decisions for these measures, then this needs to be addressed. The Peers’ understanding is that states can make decisions regarding the way in which scores are used to make decisions. ### Section 5.3 Summary Statement

The following additional evidence is needed/provide brief rationale:

#### **ACCESS**

- Evidence that the provided accommodations (1) are appropriate and effective for meeting the individual student's need(s) to participate in the assessments, (2) do not alter the construct being assessed, and (3) allow meaningful interpretations of results and comparison of scores for students who need and receive accommodations and students who do not need and do not receive accommodations;
- Evidence of a process to individually review and allow exceptional requests for a small number of students who require accommodations beyond those routinely allowed. (Provided by states)

#### **Alternate ACCESS**

- Evidence is needed for all aspects of this critical element.

Consistent with the note on page 1, the evidence requested by the peer reviewers does not necessarily reflect the final set of additional evidence, if any, that a State may need to submit to demonstrate that its assessment system meets all of the critical elements for the assessment peer review. As a result, a State should refer to the letter to the State, including the list of additional evidence needed, if any, from the Department.

## STATE ASSESSMENT PEER REVIEW NOTES FOR WIDA

### Section 6.4 Summary Statement

X The following additional evidence is needed/provide brief rationale:

#### **ACCESS & Alternate ACCESS**

- The State reports to the public its assessment results on *English language proficiency for all ELs including the number and percentage of ELs attaining ELP*. (provided by States)
- The State reports its assessment results for all students assessed, and the reporting facilitates **timely** interpretations and uses of those results by parents, educators, State officials, policymakers and other stakeholders, and the public. (provided by States)
- the State provides coherent and timely information about each student's attainment of the State's ELP standards to parents that are, to the extent practicable, written in a language that parents and guardians can understand or, if it is not practicable to provide written translations to a parent or guardian with limited English proficiency, are orally translated for such parent or guardian (provided by States)
- the State provides coherent and timely information about each student's attainment of the State's ELP standards to parents that upon request by a parent who is an individual with a disability as defined by the ADA, as amended, are provided in an alternative format accessible to that parent. (provided by States)

#### **Alternate ACCESS**

- Inclusion of performance level descriptors on student score reports

## SECTION 7: DOES NOT APPLY TO ELP ASSESSMENT PEER REVIEW

Consistent with the note on page 1, the evidence requested by the peer reviewers does not necessarily reflect the final set of additional evidence, if any, that a State may need to submit to demonstrate that its assessment system meets all of the critical elements for the assessment peer review. As a result, a State should refer to the letter to the State, including the list of additional evidence needed, if any, from the Department.

U. S. DEPARTMENT OF EDUCATION

# Peer Review of State Assessment Systems

## April State ELP Assessment Peer Review Notes

U. S. Department of Education  
Office of Elementary and Secondary Education  
Washington, D.C. 20202

Note: Peer review notes provide the combined recommendations of the individual peers to the U.S. Department of Education (Department), based on the statute and regulations, the Department's peer review guidance, and the peers' professional judgement of the evidence submitted by the State. These assessment peer review notes, however, do not necessarily reflect the final set of additional evidence, if any, that a State may need to submit to demonstrate that its assessment system meets all of the critical elements for assessment peer review. Although the peer notes inform the Secretary's consideration of each State's assessment system, the Department makes the final decision regarding whether the assessment system meets the requirements in the statute and regulations. As a result, these peer notes may not completely align with the final determination made by the Department.

<p>x No additional evidence is required.</p>		

Consistent with the note on page 1, the evidence requested by the peer reviewers does not necessarily reflect the final set of additional evidence, if any, that a State may need to submit to demonstrate that its assessment system meets all of the critical elements for the assessment peer review. As a result, a State should refer to the letter to the State, including the list of additional evidence needed, if any, from the Department.

Critical Element	Evidence (Record document and page # for future reference)	Comments/Notes/Questions/Suggestions Regarding State Documentation or Evidence
<p><b>For ELP achievement standards:</b> The State has ensured that ELP assessment results are expressed in terms that are clearly aligned with the State’s ELP standards, and its ELP performance-level descriptors.</p> <p>If the State has adopted alternate ELP achievement standards for ELs who are students with the most significant cognitive disabilities, the alternate ELP achievement standards should be linked to the State’s grade-level/grade-band ELP standards, and should reflect professional judgment of the highest ELP achievement standards possible for ELs who are students with the most significant cognitive disabilities.</p>
