All TQP applications must be received on or before 11:59:59 p.m. Washington, DC Time, on July 2, 2020. Late applications will not be accepted. The Department is required to enforce the established deadline to ensure fairness to all applicants. No changes or additions to an application will be accepted after the deadline date and time.

After successfully submitting a Workspace application, a Grants.gov Tracking Number (GRANTXXXXXXXX) is automatically assigned to the application. The number will be listed on the Confirmation page that is generated after submission. Using the tracking number, access the Track My Application page under the Applicants tab or the Details tab in the submitted Workspace.

FY 2020 TQP Application Instructions Package:
Please note that the TQP Application Instructions Package is for applicants to download and use as a guide only. Unless the applicant qualifies for an exception to the electronic submission requirement, all TQP grant applications must be submitted online using Workspace in Grants.gov.

Intent to Apply:
The Department strongly encourages each potential applicant to notify the Department of its intent to submit an application for TQP funding by sending an email to TQPartnership@ed.gov by June 17, 2020. Applicants that do not indicate their intent to apply may still apply for funding.

How to Apply:
A Grants.gov applicant must apply online using Workspace. Instructions on getting started on your Workspace Application can be found on the Grants.gov website here: https://www.grants.gov/web/grants/applicants/workspace-overview.html. Each application will be reviewed under the competition for which it was submitted in the Grants.gov system, and only applications that are successfully submitted by the established deadline will be reviewed.
III. Grants.gov Submission Procedures

IMPORTANT – PLEASE READ FIRST

U.S. Department of Education

Grants.gov Submission Procedures and Tips for Applicants

To facilitate your use of Grants.gov, this document includes important submission procedures you need to be aware of to ensure your application is received in a timely manner and accepted by the Department.

Browser Support:
The latest versions of Microsoft Internet Explorer (IE), Mozilla Firefox, Google Chrome, and Apple Safari are supported for use with Grants.gov. However, these web browsers undergo frequent changes and updates, so we recommend you have the latest version when using Grants.gov. Legacy versions of these web browsers may be functional, but you may experience issues.

For additional information or updates, please see the Grants.gov Browser information in the Applicant FAQs: http://www.grants.gov/web/grants/applicants/applicant-faqs.html#browser.

ATTENTION – Workspace, Adobe Forms and PDF Files:
Grants.gov applicants can apply online using Workspace. Workspace is a shared, online environment where members of a grant team may simultaneously access and edit different web forms within an application. For each funding opportunity announcement (FOA), you can create individual instances of a workspace.

Below is an overview of applying on Grants.gov. For access to complete instructions on how to apply for opportunities, refer to: https://www.grants.gov/web/grants/applicants/workspace-overview.html.

1) Create a Workspace: Creating a workspace allows you to complete the application online and route it through your organization for review before submitting.

2) Complete a Workspace: Add participants to the workspace to work on the application together, complete all the required forms online or by downloading PDF versions, and check for errors before submission. The Workspace progress bar will display the state of your application process as you apply. As you apply using Workspace, you may click the blue question mark icon near the upper-right corner of each page to access context-sensitive help.

   a. Adobe Reader: If you decide not to apply by filling out web forms you can download individual PDF forms in Workspace. The individual PDF forms can be downloaded and saved to your local device storage, network drive(s), or external drives, then accessed through Adobe Reader.

   NOTE: Visit the Adobe Software Compatibility page on Grants.gov to download the appropriate version of the software at: https://www.grants.gov/web/grants/applicants/adobe-software-compatibility.html

   b. Mandatory Fields in Forms: In the forms, you will note fields marked with an asterisk and a different background color. These fields are mandatory fields that must be completed to successfully submit your application.

   c. Complete SF-424 Fields First: The forms are designed to fill in common required fields across other forms, such as the applicant name, address, and DUNS Number. Once it is completed, the information will transfer to the other forms.
3) **Submit a Workspace**: An application may be submitted through workspace by clicking the Sign and Submit button on the Manage Workspace page, under the Forms tab. Grants.gov recommends submitting your application package at least 24-48 hours prior to the close date to provide you with time to correct any potential technical issues that may disrupt the application submission.

4) **Track a Workspace Submission**: After successfully submitting a workspace application, a Grants.gov Tracking Number (GRANTXXXXXXXX) is automatically assigned to the application. The number will be listed on the Confirmation page that is generated after submission. Using the tracking number, access the Track My Application page under the Applicants tab or the Details tab in the submitted workspace.

For additional training resources, including video tutorials, refer to [https://www.grants.gov/web/grants/applicants/applicant-training.html](https://www.grants.gov/web/grants/applicants/applicant-training.html).

**Helpful Reminders:**

1) **REGISTER EARLY** – Grants.gov registration involves many steps including registration on SAM ([www.sam.gov](http://www.sam.gov)) which may take approximately one week to complete, but could take upwards of several weeks to complete, depending upon the completeness and accuracy of the data entered into the SAM database by an applicant. You may begin working on your application while completing the registration process, but you cannot submit an application until all of the Registration steps are complete. Please note that once your SAM registration is active, it will take 24-48 hours for the information to be available in Grants.gov, and before you can submit an application through Grants.gov. For detailed information on the Registration Steps, please go to: [http://www.grants.gov/web/grants/register.html](http://www.grants.gov/web/grants/register.html)

**Note:** Grants.gov has relaxed the requirement for applicants to have an active registration in the System for Award Management (SAM) in order to apply for funding during the COVID-19 pandemic. An applicant that does not have an active SAM registration can still register with Grants.gov, but must contact the Grants.gov Support Desk, toll-free, at 1–800–518–4726, in order to take advantage of this flexibility.

Primary information about SAM is available at [www.sam.gov](http://www.sam.gov). However, to further assist you with obtaining and registering your DUNS number and TIN in SAM or updating your existing SAM account the Department has prepared a SAM.gov Tip Sheet: [http://www2.ed.gov/fund/grant/apply/sam-faqs.html](http://www2.ed.gov/fund/grant/apply/sam-faqs.html).

2) **SUBMIT EARLY** – We strongly recommend that you do not wait until the application deadline to submit your application. Grants.gov will put a date/time stamp on your application and then process it only after it is fully uploaded. The time it takes to upload an application will vary depending on a number of factors including the size of the application and the speed of your Internet connection, and the time it takes Grants.gov to process the application will vary as well. If Grants.gov rejects your application (see step three below), you will need to resubmit successfully to Grants.gov on or before 11:59:59 p.m. Washington, DC Time on the deadline date.

**Note:** To submit successfully, you must provide the DUNS number on your application that was used when you registered as an Authorized Organization Representative (AOR) on Grants.gov. This DUNS number is typically the same number used when your organization registered with the SAM. If you do not enter the same DUNS number on your application as the DUNS you registered with, Grants.gov will reject your application.

3) **VERIFY SUBMISSION IS OK** – You will want to verify that Grants.gov received your application submission on time and that it was validated successfully. To see the date/time your application was received, login to Grants.gov and click on the Track My Application link. For a successful submission, the date/time received should be on or before 11:59:59 p.m. Washington, DC time, on the deadline date, AND the application status should be: Validated, Received by Agency, or Agency Tracking Number Assigned. Once the Department receives your application from Grants.gov, an Agency Tracking Number (PR/award number) will be assigned to your application and will be available for viewing on the Grants.gov Track My Application link.
If the date/time received is later than 11:59:59 p.m. Washington, DC Time, on the deadline date, your application is late. If your application has a status of “Received” it is still awaiting validation by Grants.gov. Once validation is complete, the status will either change to “Validated” or “Rejected with Errors.” If the status is “Rejected with Errors,” your application has not been received successfully. Some of the reasons Grants.gov may reject an application can be found on the Grants.gov site: http://www.grants.gov/web/grants/applicants/encountering-error-messages.html. For more detailed information on troubleshooting Adobe errors, you can review the Adobe Reader Software Tip Sheet at: http://www.grants.gov/web/grants/applicants/adobe-software-compatibility.html. If you discover your application is late or has been rejected, please see the instructions below. Note: You will receive a series of confirmations both online and via e-mail about the status of your application. Please do not rely solely on e-mail to confirm whether your application has been received timely and validated successfully.

Submission Problems – What should you do?

If you have problems submitting to Grants.gov before the closing date, please contact Grants.gov Customer Support at 1-800-518-4726 or email at: support@grants.gov or access the Grants.gov Self-Service Knowledge Base web portal at: https://grants-portal.psc.gov/Welcome.aspx?pt=Grants.

If electronic submission is required, you must submit an electronic application before 11:59:59 p.m. Washington, DC Time, unless you follow the procedures in the NIA and qualify for one of the exceptions to the electronic submission requirement and submit, no later than two weeks before the application deadline date, a written statement to the Department that you qualify for one of these exceptions. If electronic submission is optional and you have problems that you are unable to resolve before the deadline date and time for electronic applications, please follow the transmittal instructions for hard copy applications in the NIA and get a hard copy application postmarked by midnight on the deadline date. (See the NIA for detailed instructions.)

Helpful Hints When Working with Grants.gov

Dial-Up Internet Connections
When using a dial up connection to upload and submit your application, it can take significantly longer than when you are connected to the Internet with a high-speed connection, e.g., cable modem/DSL/T1. While times will vary depending upon the size of your application, it can take a few minutes to a few hours to complete your grant submission using a dial up connection. **If you do not have access to a high-speed connection and electronic submission is required, you may want to consider following the instructions in the Common Instructions for Applicants to Department of Education Discretionary Grant Programs to obtain an exception to the electronic submission requirement no later than two weeks before the application deadline date.**
**Attaching Files – Additional Tips**

Please note the following tips related to attaching files to your application:

- When you submit your application electronically, you must upload any narrative sections and all other attachments to your application as files in either Portable Document Format (PDF) or Microsoft Word. Although applicants have the option of uploading any narrative sections and all other attachments to their application in either PDF or Microsoft Word, we recommend applicants submit all documents as read-only flattened PDFs, meaning any fillable PDF files must be saved and submitted as non-fillable PDF files and not as interactive or fillable PDF files, to better ensure applications are processed in a more timely, accurate, and efficient manner.

- Grants.gov cannot process an application that includes two or more files that have the same name within a grant submission. Therefore, each file uploaded to your application package should have a unique file name.

- When attaching files, applicants should follow the guidelines established by Grants.gov on the size and content of file names. Uploaded file names must be fewer than 50 characters, and, in general, applicants should not use any special characters. However, Grants.gov does allow for the following UTF-8 characters when naming your attachments: A-Z, a-z, 0-9, underscore, hyphen, space, period, parenthesis, curly braces, square brackets, ampersand, tilde, exclamation point, comma, semi colon, apostrophe, at sign, number sign, dollar sign, percent sign, plus sign, and equal sign. Applications submitted that do not comply with the Grants.gov guidelines will be rejected at Grants.gov and not forwarded to the Department.

- Applicants should limit the size of their file attachments. Documents submitted that contain graphics and/or scanned material often greatly increase the size of the file attachments and can result in difficulties opening the files. For reference, the average discretionary grant application package with all attachments is less than 5 MB. Therefore, you may want to check the total size of your package before submission.

**DUNS Number Instructions**

All applicants must have a DUNS number in order to apply for Federal funds.

**NOTE:** Check with your fiscal office to see if your institution has an assigned DUNS number before contacting Dun & Bradstreet to obtain a DUNS number.

Please provide the applicant’s DUNS number. You can obtain your DUNS number at no charge by calling **1-800-333-0505** or by completing a DUNS Number Request Form. The form can be obtained via the internet at the following URL:

The DUNS number is a unique nine-digit number that does not convey any information about the recipient. A built-in check digit helps assure the accuracy of the DUNS number. The ninth digit of each number is the check digit, which is mathematically related to the other digits. It lets computer systems determine if a DUNS number has been entered...
Dun & Bradstreet, a global information services provider, has assigned DUNS numbers to over 43 million companies worldwide. For live help Monday-Friday 9am-6pm (EST), dial 1-888-814-1435.

**NOTE:** Electronic submission via Grants.gov must use the DUNS number your organization used when it registered in the Central Contractor Registry.

**Application Tips**

I. **Register or maintain registration on SAM.gov.** The SAM registration process can take approximately seven business days, but may take upwards of several weeks, depending on the completeness and accuracy of the data entered into the SAM database by an entity. Thus, if you think you might want to apply for Federal financial assistance under a program administered by the Department, please allow sufficient time to obtain and register your DUNS number and TIN. Once your SAM registration is active, you will need to allow 24 to 48 hours for the information to update in the system. **Note:** Grants.gov has relaxed the requirement for applicants to have an active registration in the System for Award Management (SAM) in order to apply for funding during the COVID-19 pandemic. An applicant that does not have an active SAM registration can still register with Grants.gov, but must contact the Grants.gov Support Desk, toll-free, at 1–800–518–4726, in order to take advantage of this flexibility.

II. **Register early on Grants.gov.** The registration process may take up to two weeks to complete. For additional information on the registration and submission process please review the resources available on the Grants.gov Website.

III. **Verify that the person assigned to submit the application has been designated as an Authorized Organization Representative (AOR).** You must be “active” in order to submit an application on behalf of the organization.

IV. **Carefully review the FY 2020 NIA for eligibility requirements.** Clearly state which absolute priority under which you are submitting an application.

V. **Review the submission for clarity.** Applications will be read by multiple peer reviewers; therefore it is important to ensure that the application can be understood by someone who is unfamiliar with your project.

VI. **Submit early on Grants.gov.** Applications must be finished uploading, and be validated by the Grants.gov system, by 11:59:59 p.m. Washington, DC Time on **July 2, 2020**. Validation indicates if the submission was successful and may take up to two days. If the submitted application is deemed invalid due to an error, applicants may correct the error and resubmit only if the 11:59:59 p.m. Washington, DC Time deadline has not passed. Applicants are encouraged to review the submission to be sure that the files transmitted correctly. Grants.gov may not catch all errors. Late submissions or modifications to the submitted application will not be accepted after the deadline.

VII. Each application will be reviewed under the competition for which it was submitted in the Grants.gov system, and only applications that are successfully submitted by the established closing date will be reviewed.

**NOTE:** Applicants will receive multiple emails to confirm submission in Grants.gov, validation, and transmission to the Department. Once the application is transmitted to the Department, applicants will receive a final email with a unique identifier called a PR Award Number. Use this number when making inquiries about the submitted application. Please review the email carefully to ensure that you submitted the application under the intended competition.
IV. Instructions for Completing an Application

Please carefully read the entire application instructions package, the NIA, and the TQP program statute before submitting your TQP application.

INSTRUCTIONS FOR APPLICATION

Applicants applying for the TQP program will use the following Grants.gov and ED narrative forms:

- ED Abstract Narrative Attachment Form
- Project Narrative Attachment Form
- Budget Narrative Attachment Form
- Other Attachments Form

ED and TQP Required forms, found on page 16 of this document, should also be uploaded into Grants.gov.

The ED Abstract Narrative Attachment Form is where the applicant will attach the one-page project abstract.

The Project Narrative Attachment Form is where the applicant will attach the narrative sections addressing the Selection Criteria, the Absolute Priority and, if relevant, the Competitive Preference Priority(ies) and Invitational Priority.

The Budget Narrative Attachment Form is where the applicant must upload the Required EED Applicant/Grantee Budget Worksheet to provide a budget summary and budget narrative for federal and nonfederal funds. Please note this form replaces the ED 524 Form for the TQP program. Applicants are encouraged to review the Budget and Match pre-application webinar for instructions on how to use this new budget form.

The Other Attachments Form is where the applicant will attach proposal appendices. This is where the applicant will include information such as REQUIRED TQP Program Checklists, resumes/curriculum vitae of key personnel, letters of support, waiver request form, etc. The Grants.gov system will allow applicants to attach as many as ten separate appendices in this section.

Please complete the Standard Form (SF) 424 first. Grants.gov will automatically insert the correct CFDA (84.336s) and program name wherever needed thereafter.

NOTE: Please do not attach any narratives, supporting files, or application components to the SF 424.

INSTRUCTIONS FOR ED ABSTRACT NARRATIVE

The abstract narrative may not exceed one page and should use language that will be understood by a range of audiences. The abstract should include the following items: priorities addressed, project goals and expected outcomes, brief project description, target number of project participants to be served each year, and members of the eligible partnership and any other key partner organizations. It is a summary of your project.

INSTRUCTIONS FOR PROJECT NARRATIVE

The Project Narrative should describe the project that an applicant would carry out if funded and include the eligible applicant’s response to the selection criteria since the application will be evaluated and scored against these criteria.

The NIA provides applicants with instructions for preparing and submitting the application, information describing the absolute priorities and competitive preference priorities that have been established for this competition, the selection criteria that will be used to evaluate the application, and other pertinent information concerning the competition for awards.
Applicants must address the Absolute Priority. Should an applicant choose to apply and meet the requirements of one or both of the competitive preference priority(ies), the application can earn up to 106 points. After review of the Absolute Priority, only applicants for which competitive preference points could enable them to be funded will have their competitive preference priorities applied to their final score. It is expected that applicants will use the selection criteria to frame their project narratives.

**Formatting**

We strongly encourage applicants to limit the project narrative to the equivalent of no more than 50 pages, using the following standards:

- A “page” is 8.5” x 11”, on one side only, with 1” margins at the top, bottom, and both sides.
- Use a font that is either 12 point or larger or no smaller than 10 pitch (characters per inch).
- Use one of the following fonts: Times New Roman, Courier, Courier New, or Arial.

Furthermore, applicants are strongly encouraged to include a table of contents that specifies where each required part of the application is located.

**Priorities**

All applicants are required to address the Absolute Priority (Partnership Grants for the Establishment of Effective Teaching Residency Programs). Applicants that do not address the Absolute Priority will be deemed ineligible. Applicants may also choose to address one or both competitive preference priorities. Clear headings should be provided to indicate an applicant’s response to the Absolute Priority and competitive preference priority(ies) under which the application is submitted, as applicable.

**NOTE:** We refer applicants to the TQP NIA for a full language of the Absolute Priority and competitive preference priorities.

**Selection Criteria**

The selection criteria outlined below will be used to evaluate the quality of applications submitted for funding. The full description of the selection criteria is contained in the NIA. Within each criterion, there are specific factors that will be used in evaluating that criterion. In addition, applicants should keep in mind that there is a lot of overlap between the TQP General Program requirements and the TQP Absolute Priority requirements. For this reason, you may address the TQP general program requirements as part of your project narrative when addressing the selection criteria.

**NOTE:** We refer applicants to the TQP NIA for a full description of each selection criterion and its sub factors. Applicants are strongly encouraged to carefully read each criterion and its sub factors when preparing their applications. These are the criteria that will be used to review and score applications.

**INSTRUCTIONS FOR BUDGET NARRATIVE**

Before preparing the budget narrative, applicants should review the NIA and the program statute for specific guidance and requirements. Note that applications will be evaluated according to the specific selection criteria specified in the NIA.

The budget should include only costs that are allowable, reasonable, and necessary for carrying out the objectives of the TQP project. Rules about allowable costs are set out in the Uniform Administrative Requirements, Cost Principles, And Audit Requirements for Federal Awards at 2 CFR Part 2001, as adopted by the Department at 2 CFR Part 3474 (Uniform Guidance).

Applicants must use the EED Applicant/Grantee Budget Worksheet to provide an itemized budget breakdown narrative, for all five years of the proposed project. Applicants must provide a budget narrative for both Federal and Non-Federal costs.

**Training Indirect Cost Rate**

The TQP program uses a training indirect cost rate of up to 8% as described in 34 CFR § 75.562. If an applicant has a negotiated indirect cost rate that is lower than 8%, they must use the lower rate. The training indirect cost rate does not apply to agencies of Indian tribal governments, local governments, and States as required by 34 CFR § 75.562(c)(4), and those applicants must instead use their approved restricted indirect cost rate.

**2% Administrative Cost Cap**

Under section 203(d) of the HEA, an eligible partnership that receives a grant under this part may use not more than two percent of the funds provided to administer the grant. Applicants are encouraged to review the TQP budget webinar to ensure they understand how to correctly apply this cost principle to their budgets.

**IMPORTANT NOTE:** This 2% Administrative Cost Cap may result in your indirect cost rate being reduced to a rate lower than the Training Rate of 8 percent. Please refer to the TQP pre-application webinar on budget and match requirement for additional discussion of this administrative cost cap.

**Non-Federal Cost Share or Match Requirement**

The TQP grant program has a 100% non-Federal cost share or match requirement. Applicants must use the Required TQP Cost Share Worksheet to describe where cost share funds will come from and how they will be used. Cost share funds may be cash or in-kind contributions to carry out the activities supported by the grant. All project costs must be allowable for both federal and nonfederal funds. The Secretary does not, as a general matter, anticipate waiving this requirement for recipients of grants under this competition given the importance of matching funds to the long-term success of the project.

**Supplement-not-Supplant Requirement**

Under section 202(k) of the HEA, the TQP grant program has a Supplement-not-Supplant requirement. This means that costs may not be charged to TQP funds or to cost share funds if, in the absence of TQP funds, these costs would be borne by the applicant anyway. Both Federal and cost share funds must supplement, not supplant, existing funds used to carry out activities supporting the grant.

**EED Applicant/Grantee Budget Worksheet LINE ITEM DESCRIPTIONS**

This new budget worksheet replaces the ED 524 form for the TQP program. The line items from the ED 524 are the same and the two budget forms look similar. When providing an itemized proposed budget, use the descriptions below to determine which line item will cover each project cost. Applicants should provide a budget summary and a budget narrative for both federal and nonfederal funds using the EED Applicant/Grantee Budget Worksheet.

**Personnel (Line 1):** Provide each project personnel’s base salary or wages, as well as the percentage full time equivalency (FTE) each individual is projected to work on the TQP project.

**Fringe Benefits (Line 2):** The institution’s or agency’s normal contributions for fringe benefits may be charged to TQP funds or contributed as cost share. If you are including fringe benefits, please explain how the fringe rate was calculated and identify the staff members who would receive the benefits. Leave this line blank if fringe benefits applicable to direct salaries and wages are included in indirect costs.

**Travel (Line 3):** Indicate the proposed travel costs of employees and participants only. Provide a breakdown of the costs associated with each proposed trip and justification for the costs. In addition, applicants should include costs for up to three project staff persons to attend an annual project directors’ meeting in Washington, D.C.
**Equipment (Line 4):** Describe all equipment to be purchased for the TQP project, i.e., all tangible, non-expendable personal property that would be purchased to support the TQP project. In this regard, equipment has usefulness greater than one year and acquisition costs that are the lesser of the capitalization level established by the applicant entity for financial statement purposes or $5,000 per article. An applicant may establish a lower limit to maintain consistency with its general policies. Also provide, for each piece of equipment to be purchased, the amount to be purchased, the cost per unit and how this cost was determined, and the justification for these purchases.

**Supplies (Line 5):** Describe all supplies to be purchased for the TQP project, i.e., all tangible, expendable personal property to be purchased to support the TQP project. Supplies (which include materials) differ from equipment in that they are consumable, expendable, and have a unit cost below that of equipment. For each kind of supply, provide the amount to be purchased, the projected cost and how this cost was determined, and a justification for these purchases.

**Contractual (Line 6):** The contractual category should include all costs specifically incurred with actions that the applicant takes in conjunction with an established procurement system. Include consultant fees, expenses, and travel costs in this category if the consultant’s services are obtained through a written binding agreement or contract. Identify the contractor, the amount of the contract (this should include a breakdown of the major service components of the contract and the costs of each portion) and an explanation of what the services are being provided by the contractor. In addition, if applicant proposes to select a contractor before receiving a TQP award, please see 34 CFR 75.135(a) - (c) (section 75.135(a) - (c) of EDGAR) on how the requirements for competitive procurements that normally apply may be avoided by naming the contractors in the application.

**Construction (Line 7):** Not applicable.

**Other (Line 8):** Describe all direct costs not covered on lines 1-6. For example describe costs such as space rental, required fees, honoraria and travel (where a contract is not in place for services), training, and communication and printing costs. **Do not include any costs that are included in calculations of indirect costs.**

**Total Direct Costs (Line 9):** The sum of lines 1-8.

**Indirect Costs (Line 10):** The TQP program requires a Training Rate of 8% per 34 CFR 75.562. If an applicant has a negotiated indirect cost rate that is lower than 8%, they must use the lower indirect cost rate. If the applicant is an agency of Indian tribal governments, local governments, or States, the applicant must use their restricted indirect cost rate. Under section 203(d) of the HEA, an eligible partnership that receives a grant under this program may use not more than two percent of the funds provided to administer the grant. This may result in the applicant’s indirect cost rate being reduced to a rate lower than the Training Rate of 8 percent. Please see above for more information on indirect cost rates and the TQP administrative cost cap.

**NOTE:** If you have questions about how to obtain an approved restricted indirect cost rate or how to apply that rate, you may contact a cost negotiator using the information provided at: [http://www2.ed.gov/about/offices/list/ocfo/fipao/icgreps.html](http://www2.ed.gov/about/offices/list/ocfo/fipao/icgreps.html). If you have further questions about restricted indirect cost rates, please refer to the TQP FAQs. Applicants should also refer to the TQP pre-application webinar on budget and match requirement for additional discussion of the 2% administrative cost cap. Applicants may also contact the Department’s Indirect Cost Rate Group at IndirectCostGroup@ed.gov.

**Training Stipends (Line 11):** If your project is to implement a teaching residency program under the Absolute Priority, indicate the amount of the living wage stipend, the number of grant participants to receive the stipends and the justification for the stipend. Please make sure that training stipends are placed under this line item and not under “Personnel” or “Other.” Living Wage stipends are the only allowable participant stipend for this program.

**Total Cost (Line 12):** This should equal to sum of lines 9-11 (total direct costs + indirect + training stipends).
