### **Purpose**

Under the Elementary and Secondary School Emergency Relief Fund (ESSER Fund), the Department awards grants to State educational agencies (SEAs) for the purpose of providing local educational agencies (LEAs), including charter schools that are LEAs, with emergency relief funds to address the impact that Novel Coronavirus Disease 2019 (COVID-19) has had, and continues to have, on elementary and secondary schools across the nation. LEAs must provide equitable services to students and teachers in non-public schools as required under the Coronavirus Aid, Relief, and Economic Security Act (CARES Act).

### **Eligibility**

SEAs in any of the 50 States, the District of Columbia, and the Commonwealth of Puerto Rico.

### **Timeline**

### **Uses of Funds**

#### **SEAs:**

The SEA must use no less than 90 percent of its allocation to make subgrants to LEAs, including charter schools that are LEAs, based on each LEA's share of funds received under part A of title I of the ESEA in fiscal year 2019. With the funds not subgranted to LEAs, the SEA may reserve up to an amount equal to  $\frac{1}{2}$  of 1 percent of the total allocation for administrative costs, and the remaining funds may be used for emergency needs as determined by the SEA to address issues responding to COVID-19. These emergency needs may be addressed through the use of grants or contracts.

#### **LEAs:**

LEAs may use funds for any purposes listed in section 18003(d) of the CARES Act. (See Appendix A.)

## **PART B: PROGRAMMATIC, FISCAL, AND REPORTING ASSURANCES**

The [Chief State School Officer or his/her authorized representative] assures the following:

1. The SEA will allocate no less than 90 percent of the grant funds under this program to local educational agencies (LEAs) (including charter schools that are LEAs) in the State. Under the ESSER Fund, the SEA will award grants by formula to State educational agencies (SEAs) for the purpose of providing LEAs, including charter schools that are LEAs, with emergency relief funds to address the impact that the Novel Coronavirus Disease 2019 (COVID-19) has had, and continues to have, on elementary and secondary schools across the Nation. This includes both continuing to provide educational services, such as remote learning, while schools and campuses are closed, and developing and implementing plans for the return to normal operations. The SEA will allocate these funds to LEAs on the basis of their respective shares of funds received under title I, part A of the Elementary and Secondary Education Act of 1965 in fiscal year 2019.
2. The SEA will use the remaining funds (hereafter SEA reserve) for emergency needs as determined by the SEA to address issues related to COVID-19, which may be addressed through the use of grants or contracts. From an SEA's reserve, the SEA may use not more than 1/2 of 1 percent of the SEA's total grant for administrative costs.
3. The SEA will ensure that LEAs use ESSER funds for activities allowable under section 18003(d) of Division B of the CARES Act. (See Appendix A.)  
The Department generally does not consider the following to be an allowable use of ESSER funds, under any part of 18003: 1) subsidizing or offsetting executive salaries and benefits of individuals who are not employees of the SEA or LEAs or 2) expenditures related to state or local teacher or faculty unions or associations.
4. The SEA will ensure that LEAs receiving ESSER funds will provide equitable services to students and teachers in non-public schools as required under 18005 of Division B of the CARES Act.
5. The SEA will ensure that an LEA receiving ESSER funds will provide equitable services to students and teachers in non-public schools located within the LEA in the same manner as provided under section 1117 of the ESEA, as determined through timely and meaningful consultation with representatives of non-public schools.
  - The SEA will ensure that a public agency will maintain control of funds for the services and assistance provided to a non-public school under the ESSER Fund.
  - The SEA will ensure that a public agency will have title to materials, equipment, and property purchased with ESSER funds.
  - The SEA will ensure that services to a non-public school with ESSER funds will be provided by a public agency directly, or through contract with, another public or private entity.
6. The SEA will comply with the maintenance of effort provision in Section 18008(a) of Division B of the CARES Act absent waiver by the Secretary pursuant to Section 18008(b) thereof.
7. The SEA and each LEA and any other entity that receives ESSER funds will, to the greatest extent practicable, continue to compensate its employees and contractors during the period of

any disruptions or closures related to COVID-19 in compliance with Section 18006 of Division B of the CARES Act. In addition, each entity that accepts funds will continue to pay employees and contractors to the greatest extent practicable based on the unique financial circumstances of the entity. CARES Act funds generally will not be used for bonuses, merit pay, or similar expenditures, unless related to disruptions or closures resulting from COVID-19.

8. The SEA must assure that, when applicable, it will provide technical assistance to LEAs on the use of ESSER funds for remote learning, which includes both distance education as defined in section 103(7) of the HEA and distance learning as defined in ESEA section 8101(14), so that students can continue learning during school closures.
9. The SEA will comply with all reporting requirements, including those in Section 15011(b)(2) of Division B of the CARES Act, and submit required quarterly reports to the Secretary at such time and in such manner and containing such information as the Secretary may subsequently require. (See also 2 CFR 200.327-200.329). The Secretary may require additional reporting in the future, which may include: the methodology LEAs will use to provide services or assistance to students and staff in both public and non-public schools, the uses of funds by the LEAs or other entities and demonstration of their compliance with Section 18003(d), such as any use of funds addressing the digital divide, including securing access to home-based connectivity and remote-use devices, related issues in supporting remote learning for all students, including disadvantaged populations.
10. The SEA will submit to the Department, within 60 days of receiving ESSER funds, a report that will include:
  - A budget for the SEA’s reserve that includes information about the up to 1/2 of 1 percent of the SEA’s total grant for administrative costs and the uses of funds for emergency needs to address issues related to COVID-19; and
  - An Internal Control and Subrecipient Monitoring Plan to ensure that funds are used for allowable purposes in accordance with cash management principles.
11. The SEA will ensure that every recipient and subrecipient of ESSER funds will cooperate with any examination of records with respect to such funds by making records available for inspection, production, and examination, and authorized individuals available for interview and examination, upon the request of (i) the Department and/or its Inspector General; or (ii) any other federal agency, commission, or department in the lawful exercise of its jurisdiction and authority.

## **PART C: USES OF ELEMENTARY AND SECONDARY SCHOOL EMERGENCY RELIEF FUNDS**

Section 18003 of Division B of the CARES Act provides in relevant part that grants awarded under the Elementary and Secondary School Emergency Relief Fund be used to support the ability of local educational agencies (LEAs) to continue to provide educational services to their students. The Department requests the following:

1. Information that the SEA may request LEAs to include in their subgrant applications to the SEA. For example, an SEA might propose to include the following in developing its subgrant application:
  - How the LEA will determine its most important educational needs as a result of COVID-19.
  - The LEA's proposed timeline for providing services and assistance to students and staff in both public and non-public schools.
  - The extent to which the LEA intends to use ESSER funds to promote remote learning.
  - How the LEA intends to assess and address student learning gaps resulting from the disruption in educational services.

The above considerations are in addition to the application information requirements from sections 442 and 427 of the General Education Provisions Act (GEPA) (20 U.S.C. § 1232e and § 1228a).

2. The extent to which the SEA intends to use any portion of its SEA reserve (up to 10 percent of its ESSER Fund award) to support:
  - technological capacity and access – including hardware and software, connectivity, and instructional expertise – to support remote learning. If so, please describe the strategies the SEA intends to use to serve disadvantaged populations listed in Sec. 18003(d)(4) of the CARES Act; and
  - remote learning by developing new informational and academic resources and expanding awareness of, and access to, best practices and innovations in remote learning and support for students, families, and educators.

## **PART C: USES OF ELEMENTARY AND SECONDARY SCHOOL EMERGENCY RELIEF FUNDS**

- 1. Information that the SEA may request LEAs to include in their subgrant applications to the SEA. For example, a SEA might propose to include the following in developing its subgrant application:**
  - **How the LEA will determine its most important educational needs as a result of COVID19.**
  - **The LEA's proposed timeline for providing services and assistance to students and staff in both public and non-public schools.**
  - **The extent to which the LEA intends to use ESSER funds to promote remote learning.**
  - **How the LEA intends to assess and address student learning gaps resulting from the disruption in educational services.**

The above considerations are in addition to the application information requirements from sections 442 and 427 of the General Education Provisions Act (GEPA) (20 U.S.C. § 1232e and §1228a).

TEA plans to request the following items in a streamlined LEA subgrant application for funding in order to negotiate, approve, and award the ESSER formula grant application.

- All basic contact and LEA information, standard budget schedules, and Equitable Access and Participation schedule included in TEA's standard application system
  - How the funds are planned to be expended per the statutory allowable activities, and an estimated timeline of the planned expenditure
  - How the LEA determined its needs caused by COVID-19
  - How the LEA prioritized the needs in determining its use of the ESSER formula grant funds
- 2. The extent to which the SEA intends to use any portion of its SEA reserve (up to 10 percent of its ESSER Fund award) to support:**
    - **technological capacity and access – including hardware and software, connectivity, and instructional expertise – to support remote learning. If so, please describe the strategies the SEA intends to use to serve disadvantaged populations listed in Sec. 18003(d)(4) of the CARES Act; and**
    - **remote learning by developing new informational and academic resources and expanding awareness of, and access to, best practices and innovations in remote learning and support for students, families, and educators.**

TEA will reserve the allowable 0.5% for agency administration of the formula grant grants and discretionary projects. TEA plans to budget a majority of the 9.5% discretionary set-aside to implement a series of interdisciplinary projects to continue distance learning and to upgrade remote learning resources in a variety of school settings. These projects will serve all student groups including disadvantaged populations. The projects will incorporate various strategies through multi-tiered systems of support and research-based approaches to meeting the needs of different student populations.

The planned discretionary projects include the following.

#### Additional Direct LEA COVID-19 Funds

TEA will reserve additional funds for 1) technical assistance to LEAs, and 2) for ensuring each LEA receives an ESSER allocation of sufficient size and scope to address the needs caused by the COVID-19 pandemic and school closures.

#### Online Summer Bridge to College Access

Many Texas' graduating seniors have lost the opportunity to complete Texas' specific college readiness requirements due to school closings caused by COVID-19. This will limit their ability to enter college. This project will provide online college prep math and college prep English courses over the summer to meet the readiness requirements. Additionally, students who normally receive advising support in person to enroll in college have lost access to those supports, so the project will also build an online advising system to ensure students who are college ready actually enroll. Over the next 12 months, we will utilize online curriculum that would guarantee students to be able to complete coursework through a co-requisite model earning them college credit for first level math and English.

#### District Remote Learning Diagnostic and Academic Recovery Support

Due to the impact of school closings as a result of COVID-19, schools were required to stand up educational supports for students in real time, with little opportunity for planning. This project will provide a diagnostic tool and multi-tiered system of support to LEAs for planning for SY2020-2021 instructional and operation scenarios, continuously monitor and improve instructional plans implemented for the 2020-2021 school year as well as planning for changes necessary for school year 2021-2022. Focus will be on continuous learning, mental health and social resiliency supports, redesigning instruction, and new schools to provide high dosage tutoring and curriculum that can be delivered both in the traditional classroom or in asynchronous remote methods.

#### Free Remote Education Delivery System

With over 1200 school systems in Texas, there is a huge variety in terms of the quality of distance learning curricular tools in place in varying district, leading to significant inequity in terms of student experience during COVID closures. This project is intended to address that inequity by providing a comprehensive set of instructional materials in an online, modifiable learning environment with aligned assessments and progress monitoring components. The high-quality instructional materials are available to make up for lost learning time and to contingency plan for possible future, continuous learning at-home in a variety of in-person/remote scenarios. This turnkey remote instructional support includes the content, technology platforms, and staff that work in partnership with the district to deliver instruction to students at-home.

#### Whole School Redesign for Online Learning Support

Texas school administrators and educators should be commended for their dedication and innovation during the school closings caused by COVID-19. Flexibility is key in getting students the academic supports they need, and it is important to understand what is and is not working in improving student outcomes and ensuring educational attainment continues to move forward. The project would support a select number of LEAs by providing financial resources and technical assistance for analyzing the impact of distance learning models implemented as a result of COVID-19 and then using this analysis to plan and launch new school designs/redesigns that will serve as models for their LEAs and across the state for how

to accelerate student learning and address student needs. These new school models will include, but not be limited to:

- High quality curriculum that can be delivered in blended and asynchronous ways
- Extended school day and year
- Plans for high dosage tutoring
- Services to increase student mental health and social resiliency
- Novel schedules, staffing models, and competency-based grading

### Project Restore

These are trying times for our administrators, educators, students and families. This project will provide mental and behavioral health supports for students across the state in response to COVID-19. The agency will provide trauma-informed care training to LEA staff and tele-counseling to assist students in returning to classrooms. Grants will assist the agency to support the work of our regional educational service centers, LEAs, and school campuses in their efforts to help students over the next two years and also create a mental health framework that will provide comprehensive tools and resources in the development of a positive school culture and the mental and behavioral wellbeing of students while driving student achievement forward.

### Remote Dyslexia Instruction Platform

Those students who require additional supports should continue to be supported even while school buildings are closed. This project provides a virtual evidence-based dyslexia intervention service that includes all required state components and using a technology platform that allows for continuity of dyslexia intervention to occur. The platform will include seamless integration of all curriculum resources and materials with delivery options that allow for the curriculum and related curriculum resources to be delivered through total virtual instruction, blended instruction, or face to face instruction.

5. The SEA will comply with the *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) requirements in Subpart D—Post Federal Award Requirements (2 CFR §§200.300-345) and Subpart E—Cost Principles (2 CFR §§200.400-475) to ensure that LEAs, including charter schools that are LEAs, are using ESSER funds for purposes that are reasonable, necessary, and allocable under the CARES Act.
6. The SEA and other entities will comply with the provisions of all applicable acts, regulations and assurances; the following provisions of Education Department General Administrative Regulations (EDGAR) 34 CFR parts 76, 77, 81, 82, 84, 97, 98, and 99; the OMB Guidelines to Agencies on Governmentwide Debarment and Suspension (Nonprocurement) in 2 CFR part 180, as adopted and amended as regulations of the Department in 2 CFR part 3485; and the Uniform Guidance in 2 CFR part 200, as adopted and amended as regulations of the Department in 2 CFR part 3474.
