  - To provide emergency support through grants to the local educational agencies (LEAs) that the State educational agency (SEA) deems most significantly impacted by COVID-19 to support the ability of such LEAs to continue to provide educational services to public and non-public school students and to support the on-going functionality of the LEA;
  - To provide emergency support through grants to institutions of higher education (IHEs) serving students within the State that the Governor determines have been most significantly impacted by COVID-19 to support the ability of such institutions to continue to provide educational services and support the on-going functionality of the institution; and
  - To provide support to any other IHE, LEA, or education-related entity within the State that the Governor deems essential for carrying out emergency educational services to students for authorized activities described in Section 18003(d)(1) of the CARES Act or the Higher Education Act of 1965, as amended (HEA), the provision of childcare and early childhood education, social and emotional support, and the protection of education-related jobs.
- The State will comply with the maintenance of effort provision in Section 18008(a) of Division B of the CARES Act absent waiver by the Secretary pursuant to Section 18008(b) thereof.
- The State, and each LEA, IHE, and other education-related entity that receives GEER funds will, to the greatest extent practicable, continue to pay its employees and contractors during the period of any disruptions or closures related to COVID-19 in compliance with Section 18006 of Division B of the CARES Act.
- The State will submit to the Department, within 45 days of receiving GEER funds, an initial report detailing the State's process for awarding those funds to LEAs, IHEs, or other education-related entities, including the criteria for determining those entities that are "most significantly impacted by coronavirus" and/or "essential for carrying out emergency educational services" and a description of the process and deliberations involved in formulating those criteria.
- The State will use its best efforts to provide grant funding on an expedited basis.
- The State will comply with all reporting requirements including those in Section 15011(b)(2) of Division B of the CARES Act and submit required quarterly reports to the Secretary, at such time and in such manner and containing such information as the Secretary may reasonably require in the future. - Similarly, the Department does expect increased reporting requirements if these funds are used for payments to education related entities. If a State, in the exercise of its discretion, allows GEER funds to be used accordingly, then it must report the amount of GEER funds (a) (i) used for, to subsidize, or to offset administrative or executive salaries and benefits and/or (ii) provided to or for the benefit of state, local, or IHE teacher or faculty unions or associations; and (b) a detailed description of the evidence providing a reasoned basis for the determination such funds (if any) are necessary to provide educational services to students and/or to support the on-going functionality of a LEA or IHE, or are otherwise specifically authorized by the plain statutory language and context of § 18002(c)(3) of the CARES Act.
- The State will ensure that an LEA receiving GEER funds will provide equitable services to students and teachers in non-public schools located within the LEA in the same manner as provided under section 1117 of the ESEA, as determined through timely and meaningful consultation with representatives of non-public schools.

- The number of public and non-public schools that received funds or services; and
  - A description of the internal controls the State has in place to ensure that funds were used for allowable purposes and in accordance with cash management principles.
- Generally speaking, the Department does not expect administrative or executive salaries and benefits for IHEs, SEAs, or the other education related entities referenced at § 18002(c)(3) to be a lawful purpose for GEER funds.
- Similarly, the Department does expect increased reporting requirements if these funds are used for payments to education related entities. If a State, in the exercise of its discretion, allows GEER funds to be used accordingly, then it must report the amount of GEER funds (a) (i) used for, to subsidize, or to offset administrative or executive salaries and benefits and/or (ii) provided to or for the benefit of state, local, or IHE teacher or faculty unions or associations; and (b) a detailed description of the evidence providing a reasoned basis for the determination such funds (if any) are necessary to provide educational services to students and/or to support the on-going functionality of a LEA or IHE, or are otherwise specifically authorized by the plain statutory language and context of § 18002(c)(3) of the CARES Act.
- The State will ensure that an LEA receiving GEER funds will provide equitable services to students and teachers in non-public schools located within the LEA in the same manner as provided under section 1117 of the ESEA, as determined through timely and meaningful consultation with representatives of non-public schools.
  - The State will ensure that a public agency will maintain control of funds for the services and assistance provided to a non-public school under the GEER Fund.
  - The State will ensure that a public agency will have title to materials, equipment, and property purchased with GEER funds.
  - The State will ensure that services to a non-public school with GEER funds will be provided by a public agency directly, or through contract with, another public or private entity.
- The State will ensure that every recipient and subrecipient of GEER funds will cooperate with any examination of records with respect to such funds by making records available for inspection, production, and examination, and authorized individuals available for interview and examination, upon the request of (i) the Department and/or its Inspector General; or (ii) any other federal agency, commission, or department in the lawful exercise of its jurisdiction and authority.
- The State will return to the Secretary any funds received under the GEER Fund that the State does not award within 1 year of receiving such funds.
