## **PART B: PROGRAMMATIC, FISCAL, AND REPORTING ASSURANCES**

The [Chief State School Officer or his/her authorized representative] assures the following:

1. The SEA will allocate no less than 90 percent of the grant funds under this program to local educational agencies (LEAs) (including charter schools that are LEAs) in the State. Under the ESSER Fund, the SEA will award grants by formula to State educational agencies (SEAs) for the purpose of providing LEAs, including charter schools that are LEAs, with emergency relief funds to address the impact that the Novel Coronavirus Disease 2019 (COVID-19) has had, and continues to have, on elementary and secondary schools across the Nation. This includes both continuing to provide educational services, such as remote learning, while schools and campuses are closed, and developing and implementing plans for the return to normal operations. The SEA will allocate these funds to LEAs on the basis of their respective shares of funds received under title I, part A of the Elementary and Secondary Education Act of 1965 in fiscal year 2019.
2. The SEA will use the remaining funds (hereafter SEA reserve) for emergency needs as determined by the SEA to address issues related to COVID-19, which may be addressed through the use of grants or contracts. From an SEA's reserve, the SEA may use not more than 1/2 of 1 percent of the SEA's total grant for administrative costs.
3. The SEA will ensure that LEAs use ESSER funds for activities allowable under section 18003(d) of Division B of the CARES Act. (See Appendix A.)  
The Department generally does not consider the following to be an allowable use of ESSER funds, under any part of 18003: 1) subsidizing or offsetting executive salaries and benefits of individuals who are not employees of the SEA or LEAs or 2) expenditures related to state or local teacher or faculty unions or associations.
4. The SEA will ensure that LEAs receiving ESSER funds will provide equitable services to students and teachers in non-public schools as required under 18005 of Division B of the CARES Act.
5. The SEA will ensure that an LEA receiving ESSER funds will provide equitable services to students and teachers in non-public schools located within the LEA in the same manner as provided under section 1117 of the ESEA, as determined through timely and meaningful consultation with representatives of non-public schools.
  - The SEA will ensure that a public agency will maintain control of funds for the services and assistance provided to a non-public school under the ESSER Fund.
  - The SEA will ensure that a public agency will have title to materials, equipment, and property purchased with ESSER funds.
  - The SEA will ensure that services to a non-public school with ESSER funds will be provided by a public agency directly, or through contract with, another public or private entity.
6. The SEA will comply with the maintenance of effort provision in Section 18008(a) of Division B of the CARES Act absent waiver by the Secretary pursuant to Section 18008(b) thereof.
7. The SEA and each LEA and any other entity that receives ESSER funds will, to the greatest extent practicable, continue to compensate its employees and contractors during the period of

any disruptions or closures related to COVID-19 in compliance with Section 18006 of Division B of the CARES Act. In addition, each entity that accepts funds will continue to pay employees and contractors to the greatest extent practicable based on the unique financial circumstances of the entity. CARES Act funds generally will not be used for bonuses, merit pay, or similar expenditures, unless related to disruptions or closures resulting from COVID-19.

8. The SEA must assure that, when applicable, it will provide technical assistance to LEAs on the use of ESSER funds for remote learning, which includes both distance education as defined in section 103(7) of the HEA and distance learning as defined in ESEA section 8101(14), so that students can continue learning during school closures.
9. The SEA will comply with all reporting requirements, including those in Section 15011(b)(2) of Division B of the CARES Act, and submit required quarterly reports to the Secretary at such time and in such manner and containing such information as the Secretary may subsequently require. (See also 2 CFR 200.327-200.329). The Secretary may require additional reporting in the future, which may include: the methodology LEAs will use to provide services or assistance to students and staff in both public and non-public schools, the uses of funds by the LEAs or other entities and demonstration of their compliance with Section 18003(d), such as any use of funds addressing the digital divide, including securing access to home-based connectivity and remote-use devices, related issues in supporting remote learning for all students, including disadvantaged populations.
10. The SEA will submit to the Department, within 60 days of receiving ESSER funds, a report that will include:
  - A budget for the SEA's reserve that includes information about the up to 1/2 of 1 percent of the SEA's total grant for administrative costs and the uses of funds for emergency needs to address issues related to COVID-19; and
  - An Internal Control and Subrecipient Monitoring Plan to ensure that funds are used for allowable purposes in accordance with cash management principles.
11. The SEA will ensure that every recipient and subrecipient of ESSER funds will cooperate with any examination of records with respect to such funds by making records available for inspection, production, and examination, and authorized individuals available for interview and examination, upon the request of (i) the Department and/or its Inspector General; or (ii) any other federal agency, commission, or department in the lawful exercise of its jurisdiction and authority.
12. The SEA will return to the Secretary any funds received under the ESSER Fund that the SEA does not award within 1 year of receiving such funds.

## **PART C: USES OF ELEMENTARY AND SECONDARY SCHOOL EMERGENCY RELIEF FUNDS**

Section 18003 of Division B of the CARES Act provides in relevant part that grants awarded under the Elementary and Secondary School Emergency Relief Fund be used to support the ability of local educational agencies (LEAs) to continue to provide educational services to their students. The Department requests the following:

1. Information that the SEA may request LEAs to include in their subgrant applications to the SEA. For example, an SEA might propose to include the following in developing its subgrant application:
  - How the LEA will determine its most important educational needs as a result of COVID-19.
  - The LEA's proposed timeline for providing services and assistance to students and staff in both public and non-public schools.
  - The extent to which the LEA intends to use ESSER funds to promote remote learning.
  - How the LEA intends to assess and address student learning gaps resulting from the disruption in educational services.

The above considerations are in addition to the application information requirements from sections 442 and 427 of the General Education Provisions Act (GEPA) (20 U.S.C. § 1232e and § 1228a).

The West Virginia Department of Education (WVDE) will request the following information in the LEA Application for ESSER funding:

1. A description and summary of findings for the LEA's needs assessment related to improving the response to COVID-19 school closures (including student/staff access to technology, remote learning capacity, needs of high-risk populations).
2. The LEA's selection of allowable activities for use of ESSER funding based on needs assessment findings along with general amount of funding allocated to each activity and a timeline for implementation.
3. Where applicable, a brief description of how the LEA will work with their private school administrators to plan and implement equitable services to students and staff from private schools.
4. Assurances that the LEA will comply with all requirements and regulations of the federal funding program.

2. The extent to which the SEA intends to use any portion of its SEA reserve (up to 10 percent of its ESSER Fund award) to support:
- technological capacity and access – including hardware and software, connectivity, and instructional expertise – to support remote learning. If so, please describe the strategies the SEA intends to use to serve disadvantaged populations listed in Sec. 18003(d)(4) of the CARES Act; and
  - remote learning by developing new informational and academic resources and expanding awareness of, and access to, best practices and innovations in remote learning and support for students, families, and educators.

The West Virginia Department of Education (WVDE) intends to utilize its full portion of SEA reserve (ten percent) to support technological capacity; specifically, connectivity. Throughout the COVID-19 school closure, LEA needs assessments related to remote learning effectiveness have indicated that internet connectivity is the key to keeping students engaged in learning activities. Economically disadvantaged students and student living in geographical locations where internet access is not available or of limited quality are struggling to engage with learning activities and are at a significant disadvantage of not meeting academic standards compared to their peers who have internet connectivity. The WVDE is currently surveying LEAs to gather student and teacher level data on home internet access.

In coordination with the Governor and higher education, the WVDE is developing a multi-faceted plan to address this barrier to learning. The plan aims to address:

1. determining the most efficient modes of connectivity to meet the needs of students living in geographical areas that do not have adequate internet access; and
2. developing programs to fund internet services for economically disadvantaged students.

West Virginia intends to coordinate multiple sources of funding to make significant improvement in internet connectivity:

- It is anticipated that a portion of the Governor’s Education Emergency Relief funding will be dedicated to improving internet connectivity in underserved geographical areas;
- LEAs will be encouraged to address remote learning capacity with their portion of ESSER funding by ensuring that students have access to technology devices for remote learning (including assistive technology) and high quality remote learning platforms/strategies;

The WVDE intends to apply for a Discretionary Grant for States with Highest Coronavirus Burden from which some portion will be dedicated to funding internet services for economically disadvantaged students.

## PART D: OTHER ASSURANCES AND CERTIFICATIONS

The [Chief State School Officer or his/her authorized representative] assures or certifies the following:

1. The SEA will comply with all applicable assurances in OMB Standard Forms 424B and D (Assurances for Non-Construction and Construction Programs), including the assurances relating to the legal authority to apply for assistance; access to records; conflict of interest; merit systems; nondiscrimination; Hatch Act provisions; labor standards; flood hazards; historic preservation; protection of human subjects; animal welfare; lead-based paint; Single Audit Act; and the general agreement to comply with all applicable Federal laws, executive orders and regulations.
2. With respect to the certification regarding lobbying in Department Form 80-0013, no Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the making or renewal of Federal grants under this program; the SEAe will complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," when required (34 C.F.R. Part 82, Appendix B); and the SEA will require the full certification, as set forth in 34 C.F.R. Part 82, Appendix A, in the award documents for all subawards at all tiers.
3. Any LEA receiving funding under this program will have on file with the SEA a set of assurances that meets the requirements of section 442 of the General Education Provisions Act (GEPA) (20 U.S.C. 1232e).
4. To the extent applicable, an LEA will include in its local application a description of how the LEA will comply with the requirements of section 427 of GEPA (20 U.S.C. 1228a). The description must include information on the steps the LEA proposes to take to permit students, teachers, and other program beneficiaries to overcome barriers (including barriers based on gender, race, color, national origin, disability, and age) that impede equal access to, or participation in, the program.
5. The SEA will comply with the *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) requirements in Subpart D—Post Federal Award Requirements (2 CFR §§200.300-345) and Subpart E—Cost Principles (2 CFR §§200.400-475) to ensure that LEAs, including charter schools that are LEAs, are using ESSER funds for purposes that are reasonable, necessary, and allocable under the CARES Act.
6. The SEA and other entities will comply with the provisions of all applicable acts, regulations and assurances; the following provisions of Education Department General Administrative Regulations (EDGAR) 34 CFR parts 76, 77, 81, 82, 84, 97, 98, and 99; the OMB Guidelines to Agencies on Governmentwide Debarment and Suspension (Nonprocurement) in 2 CFR part 180, as adopted and amended as regulations of the Department in 2 CFR part 3485; and the Uniform Guidance in 2 CFR part 200, as adopted and amended as regulations of the Department in 2 CFR part 3474.
