OFFICE OF ELEMENTARY AND SECONDARY EDUCATION

Dr. Ben Jones
Secretary of Education
South Dakota Department of Education,
800 Governors Drive
Pierre, SD 57501

June 9, 2020

Dear Secretary Jones:

Thank you for your participation in the U.S. Department of Education's (the Department) assessment peer review process under Title I of the Elementary and Secondary Education Act of 1965 (ESEA). I appreciate the efforts of the South Dakota Department of Education (SD DOE) to prepare for the peer review, which occurred in March 2020.

State assessment systems provide essential information that States, districts, principals and teachers can use to identify the academic needs of students, target resources and supports toward students who need them most, evaluate school and program effectiveness and close achievement gaps among students. A high-quality assessment system also provides useful information to parents about their children's advancement against and achievement of grade-level standards. The Department's peer review of State assessment systems is designed to provide feedback to States to support the development and administration of high-quality assessments.

External peer reviewers and Department staff carefully evaluated SD DOE's submission and the Department found, based on the evidence received, that this component of your assessment system met the requirements of the ESEA. Based on the recommendations from this peer review and our own analysis of the State's submission, I have determined the following:

- Reading/language arts and mathematics AA-AAAS (NCSC/MSAA) in grades 3-8 and high school: **Meets the requirements of the ESEA.**

Congratulations on this significant accomplishment. Assessments that produce valid and reliable results are fundamental to a State's accountability system. Please be aware that approval of SD DOE's assessments is not a determination that the system complies with Federal civil rights requirements, including Title VI of the Civil Rights Act of 1964, Title IX of the Education Amendments of 1972, Section 504 of the Rehabilitation Act of 1973, Title II of the Americans with Disabilities Act, and requirements under the Individuals with Disabilities Education Act. Also, please remember that, if SD DOE makes significant changes in its assessments, the State must submit information about those changes to the Department for review and approval.

The full peer review notes from the review are enclosed. These recommendations to the Department formed the basis of our determination. Please note that the peers' recommendations may differ from the

The Department of Education's mission is to promote student achievement and preparation for global competitiveness by fostering educational excellence and ensuring equal access.

Department's feedback; we encourage you to read the full peer notes for additional suggestions and recommendations for improving your assessment system beyond what is noted in the Department's feedback. Department staff will reach out to your assessment director in the next few days to discuss the peer notes and the Department's determination and to answer any questions you have.

The Office of Elementary and Secondary Education (OESE) placed a condition on SD DOE's Title I, Part A grant award beginning July 1, 2017. The condition stated that until SD DOE provided all of the requested information from assessment peer reviews held in 2016, the condition would remain on the grant. This condition was also placed on SD DOE's Title I, Part A grant award for Fiscal Year (FY) 2018 and 2019. Because all of the evidence has been resubmitted and approved in peer review, the Department is lifting this condition.

Thank you for your ongoing commitment to improving educational outcomes for all students. I look forward to our continued partnership as we move ahead with this critical work. I appreciate the work you are doing to improve your schools and provide a high-quality education for your students.

If you have any questions, please contact my staff at ESEA.Assessment@ed.gov.

Sincerely,

/s/

Frank T. Brogan
Assistant Secretary
for Elementary and Secondary Education

Peer Review of State Assessment Systems

March 2020 State Assessment Peer Review Notes

U. S. Department of Education
Office of Elementary and Secondary Education
Washington, D.C. 20202

Note: Peer review notes provide the combined recommendations of the individual peers to the U.S. Department of Education (Department), based on the statute and regulations, the Department's peer review guidance, and the peers' professional judgement of the evidence submitted by the State. These assessment peer review notes, however, do not necessarily reflect the final set of additional evidence, if any, that a State may need to submit to demonstrate that its assessment system meets all of the critical elements for assessment peer review. Although the peer notes inform the Secretary's consideration of each State's assessment system, the Department makes the final decision regarding whether the assessment system meets the requirements in the statute and regulations. As a result, these peer notes may not completely align with the final determination made by the Department.

U. S. DEPARTMENT OF EDUCATION

Peer Review of State Assessment Systems

March 2020 State Assessment Peer Review Notes

U. S. Department of Education
Office of Elementary and Secondary Education
Washington, D.C. 20202

Note: Peer review notes provide the combined recommendations of the individual peers to the U.S. Department of Education (Department), based on the statute and regulations, the Department's peer review guidance, and the peers' professional judgement of the evidence submitted by the State. These assessment peer review notes, however, do not necessarily reflect the final set of additional evidence, if any, that a State may need to submit to demonstrate that its assessment system meets all of the critical elements for assessment peer review. Although the peer notes inform the Secretary's consideration of each State's assessment system, the Department makes the final decision regarding whether the assessment system meets the requirements in the statute and regulations. As a result, these peer notes may not completely align with the final determination made by the Department.

Critical Element 2.3 – Test Administration

Critical Element	Evidence (Record document and page # for future reference)	Comments/Notes/Questions/Suggestions Regarding State Documentation or Evidence
<p>The State implements policies and procedures for standardized test administration; specifically, the State:</p> <ul style="list-style-type: none"> • Has established and communicates to educators clear, thorough and consistent standardized procedures for the administration of its assessments, including administration with accommodations; • Has established procedures to ensure that general and special education teachers, paraprofessionals, teachers of ELs, specialized instructional support personnel, and other appropriate staff receive necessary training to administer assessments and know how to administer assessments, including, as necessary, alternate assessments, and know how to make use of appropriate accommodations during assessments for all students with disabilities; • If the State administers technology-based assessments, the State has defined technology and other related requirements, included technology-based test administration in its standardized procedures for test administration, and established contingency plans to address possible technology challenges during test administration. 	<p>1_SD_4-MSAA2018.pdf; page 24 2_SD_Alt_Assessment_SDDOE_webpage.pdf; page 2. 3_SD_2018_NewCoordinatorsWorkshop_Participants.pdf 4_SD_2019_NewCoordinatorsWorkshop_Participants.pdf 5_SD_19MSAAWinter; 6_SD_2018_Winter_Workshop_Participants.pdf 7_SD_2019_Winter_Workshop_Participants.pdf</p>	<p>Requested for the Multi-State Alternate Assessment (MSAA): Evidence that State established and communicates to educators clear, thorough, and consistent standardized procedures for the administration of the MSAA assessments that include evidence of a policy that students have the opportunity to practice and become familiar with computer administration in writing (including the assessment delivery devices, accessibility tools and features available for students, and item formats) prior to testing.</p> <p>Department staff observed that the Test Administration Manual does provide an overview of the assessment and general instructions on how to administer the MSAA. The State provided screenshots of a dashboard that is used to track the attendance of staff who attend assessment trainings. The screenshots were from assessment workshops for district assessment coordinators, administrators, and their principals with the goal of assisting them in understanding the State assessment system. Sign-in sheets were also provided as evidence. The State provided evidence of sample items that can be accessed through the MSAA System. Sample items are available in reading/language arts (R/LA) and mathematics for grades 3-5, 6-8, and 11. Department staff observed that the sample items were easy to navigate in the MSAA System. Accessibility features were available such as line reader, magnification, and answer masking. Department staff observed that students will have an opportunity to practice writing items with the teacher prior to test administration. Department staff have determined that the State has met the requirements for this critical element.</p>
