## SCHOOL MENTAL HEALTH TEAM ALIGNMENT TOOL

School or district mental health teams are encouraged to complete this template to map all teams that currently address factors related to student mental health and well-being as well as overall school culture and climate. Teams should appoint one member to lead the completion of this alignment tool by reaching out to one member of each identified team. Each person who completes a portion of the tool should be asked whether all teams are represented, as there may not be one person who would know about all pertinent teams to map.

	Membership		Tier			Purpose	Meeting	Overlap
