

# Emergency Assistance to Non-Public Schools

Authorized by the American Rescue Plan Act of 2021

## Methodology for Calculating Allocations

Section 2002 of the American Rescue Plan (ARP) Act of 2021 appropriated \$2,750,000,000 for a second round of allocations under the Emergency Assistance to Non-Public School (EANS) program authorized in section 312(d) of the Coronavirus Response and Relief Supplemental Appropriations Act, 2021 (CRRSAA). Section 312(d) of the CRRSAA requires the Department to allocate EANS funds on the basis of each State's relative number of children aged 5 through 17 at or below 185 percent of poverty who are enrolled in non-public schools in the State. The Department used school enrollment and poverty data from the American Community Survey (ACS) 5-Year (2015-2019) Public Use Microdata Sample (PUMS) to determine the relative shares of such children in each State. Section 312(d)(5) of the CRRSAA specifies that States receiving EANS funds may reserve not more than the greater of \$200,000 or one-half of 1 percent of such funds for administrative costs. The following table shows each State's EANS allocation as well as the maximum reservation allowed for administration.

Note that while the EANS appropriation under the ARP is the same as under the CRRSAA (\$2,750,000,000), the allocations below differ from the initial round of EANS allocations under the CRRSAA. This because CRRSAA EANS allocations were based on ACS PUMS private school enrollment and poverty data for the 2014-2018 5-year period. The ACS has since released updated school enrollment and poverty data for the 2015-2019 5-year period, and the Department determined that use of the updated data would be most consistent with the statutory requirements of the EANS program, which call for allocations to be based on the "best available data."
