PROGRAM BACKGROUND INFORMATION

Purpose

On March 11, 2021, President Biden signed into law the American Rescue Plan (ARP) Act of 2021. The ARP Act included an unprecedented \$800 million reservation within the Elementary and Secondary School Emergency Relief (ESSER) Fund to support the specific and urgent needs of homeless children and youth in recognition of the extraordinary impact of the coronavirus disease 2019 (COVID-19) pandemic on students experiencing homelessness. The Department is administering these funds through the ARP Homeless Children and Youth (ARP-HCY) Fund (see Appendix A for the full text of the relevant sections of section 2001 of the ARP Act).

The purposes of the ARP-HCY Fund are to help States and local educational agencies (LEAs) identify homeless children and youth, provide wraparound services that address the multiple effects of the COVID-19 pandemic on homeless children and youth, and ensure that homeless children and youth are able to attend school and participate fully in school activities.

As a result of the COVID-19 pandemic, students experiencing homelessness are increasingly under-identified, as learning outside of school building settings likely impeded the critical role of educators and staff in schools and LEAs to properly identify students, and these students have remained underserved by schools, LEAs, and States. New ARP Act funding to support students experiencing homelessness has tremendous potential to expand the systems in your State to identify and support the needs of homeless children and youth.

Eligibility

Each of the 50 States, the District of Columbia, and the Commonwealth of Puerto Rico.

Funding

The Department will award a total of \$799,000,000 to State educational agencies (SEAs) in proportion to each State's share of funds received under part A of title I of the Elementary and Secondary Education Act of 1965 (ESEA) in the most recent fiscal year.

As described in Appendix B, the first disbursement of these funds, 25 percent of the total amount, was provided on April 26, 2021 (hereafter referred to as ARP Homeless I). The remainder of the State's allocation (ARP Homeless II) will be disbursed upon receipt and approval of this application.

For ARP Homeless II, States may reserve up to 25% of their allocation for State uses and must distribute at least 75% of their allocation to LEAs via a formula that uses the LEA's allocation under part A of title I of the ESEA and the number of identified homeless children and youth in either school year 2018-19 or 2019-20, whichever number is greater. Additional parameters are described in Appendix A.

Timeline

Funds appropriated under section 2001 of the ARP Act are available initially through September 30, 2023. Under section 421(b) of the General Education Provisions Act, funds not obligated and expended prior to the beginning of the fiscal year following the fiscal year for which funds were appropriated remain available for obligation and expenditure for an additional year. Accordingly, funds appropriated under the ARP-HCY program will be available until September 30, 2024. The deadline for drawing down or expending obligated funds is 120 days later, or January 31, 2025 (see 2 C.F.R. § 200.344(b)).

Uses of Funds

Funding under this program must be used for the purposes of identifying homeless children and youth and providing homeless children and youth with (A) wrap-around services in light of the challenges of COVID-19; and (B) assistance needed to enable homeless children and youth to attend school and participate fully in school activities.

Funding provided under ARP Homeless II must follow the final requirements at <https://oese.ed.gov/files/2021/07/EO-12866-OESE-FY-21-NFR-ARP-HCY-with-disclaimer.docx>.

Furthermore, funding under the ARP Homeless I and II programs must adhere to the allowable uses of funds described in Title VII-B of the McKinney-Vento Homeless Assistance Act (McKinney-Vento Act). Under section 723(d) of the McKinney-Vento Act, LEAs may use subgrant funds for activities that support the purposes of the program, including:

- (1) The provision of tutoring, supplemental instruction, and enriched educational services that are linked to the achievement of the same challenging State academic standards as the State establishes for other children and youths.
- (2) The provision of expedited evaluations of the strengths and needs of homeless children and youths, including needs and eligibility for programs and services (such as educational programs for gifted and talented students, children with disabilities, and English learners, services provided under title I of the ESEA, 20 U.S.C. 6301 et seq., or similar State or local programs, programs in career and technical education, and school nutrition programs).
- (3) Professional development and other activities for educators and specialized instructional support personnel that are designed to heighten the understanding and sensitivity of such personnel to the needs of homeless children and youths, the rights of such children and youths under this part, and the specific educational needs of runaway and homeless youths.
- (4) The provision of referral services to homeless children and youths for medical, dental, mental, and other health services.
- (5) The provision of assistance to defray the excess cost of transportation for students under section 722(g)(4)(A) of the McKinney-Vento Act, not otherwise provided through Federal, State, or local funding, where necessary to enable students to attend the school selected under section 732(g)(3) of the McKinney-Vento Act.

- (6) The provision of developmentally appropriate early childhood education programs, not otherwise provided through Federal, State, or local funding, for preschool-aged homeless children.
- (7) The provision of services and assistance to attract, engage, and retain homeless children and youths, particularly homeless children and youths who are not enrolled in school, in public school programs and services provided to nonhomeless children and youths.
- (8) The provision for homeless children and youths of before- and after-school, mentoring, and summer programs in which a teacher or other qualified individual provides tutoring, homework assistance, and supervision of educational activities.
- (9) If necessary, the payment of fees and other costs associated with tracking, obtaining, and transferring records necessary to enroll homeless children and youths in school, including birth certificates, immunization or other required health records, academic records, guardianship records, and evaluations for special programs or services.
- (10) The provision of education and training to the parents and guardians of homeless children and youths about the rights of, and resources available to, such children and youths, and other activities designed to increase the meaningful involvement of parents and guardians of homeless children or youths in the education of such children or youths.
- (11) The development of coordination between schools and agencies providing services to homeless children and youths, as described in section 722(g)(5) of the McKinney-Vento Act.
- (12) The provision of specialized instructional support services (including violence prevention counseling) and referrals for such services.
- (13) Activities to address the particular needs of homeless children and youths that may arise from domestic violence and parental mental health or substance abuse problems.
- (14) The adaptation of space and purchase of supplies for any nonschool facilities made available under section 723(a)(2) of the McKinney-Vento Act to provide services under section 723(d) of the McKinney-Vento Act.
- (15) The provision of school supplies, including those supplies to be distributed at shelters or temporary housing facilities, or other appropriate locations.
- (16) The provision of other extraordinary or emergency assistance needed to enable homeless children and youths to attend school and participate fully in school activities.

Activities under both ARP Homeless I and II may include any expenses necessary to facilitate the identification, enrollment, retention, or educational success of homeless children and youth in order to enable homeless children and youth to attend school and participate fully in school activities, such as:

- providing wraparound services (which could be provided in collaboration with and/or through contracts with community-based organizations, and could include academic supports, trauma-informed care, social-emotional support, and mental health services);

- purchasing needed supplies (e.g., personal protective equipment, eyeglasses, school supplies, personal care items);
- providing transportation to enable homeless children and youth to attend school and participate fully in school activities;
- purchasing cell phones or other technological devices for unaccompanied, homeless children and youth to enable such children and youth to attend school and fully participate in school activities;
- providing access to reliable, high-speed internet for students through the purchase of internet-connected devices/equipment, mobile hotspots, wireless service plans, or installation of Community Wi-Fi Hotspots (e.g., at homeless shelters), especially in underserved communities;
- paying for short-term, temporary housing (e.g., a few days in a motel) when such emergency housing is the only reasonable option for COVID-safe temporary housing and when necessary to enable homeless children and youth to attend school and participate fully in school activities (including summer school); and
- providing store cards/prepaid debit cards to purchase materials necessary for students to participate fully in school activities.

LEAs must ensure that all costs are reasonable and necessary and that these uses of funds align with the purpose of, and other requirements in, the McKinney-Vento Act. In addition, when considering funding decisions, we want to emphasize that section 723(d)(16) of the McKinney-Vento Act allows the use of funds for “other extraordinary or emergency assistance needed to enable homeless children and youths to attend school and participate fully in school activities.” Accordingly, when considering funding decisions, LEAs should analyze the needs of students experiencing homelessness in light of the COVID-19 pandemic and its extraordinary impact.

**AMERICAN RESCUE PLAN – EDUCATION FOR HOMELESS CHILDREN AND YOUTH
PART B: PROGRAMMATIC, FISCAL, AND REPORTING ASSURANCES**

The Chief State School Officer or his/her authorized representative assures the following:

- a. Funds awarded under this application (ARP Homeless II) will adhere to the final requirements at <https://oese.ed.gov/files/2021/07/EO-12866-OESE-FY-21-NFR-ARP-HCY-with-disclaimer.docx>.
- b. The SEA will award at least 75% of its total allocation to LEAs, based on the formula set out in the final requirements. The funds remaining after subgrants are made to LEAs may be used by the Office of the State Coordinator for the Education of Homeless Children and Youth for State-level activities as reflected in sections 722(f) and (g) of the McKinney-Vento Act.
- c. The SEA will comply with, and ensure that LEAs comply with, all reporting requirements at such time and in such manner and containing such information as the Secretary may reasonably require, including but not limited to the requirements under the McKinney-Vento Act, and including but not limited to numbers of students experiencing homelessness identified and supported through ARP-HCY funding, and specific details about supports and services received by students.
- d. Within 60 days from publication of this application, the SEA will submit a plan to HomelessED@ed.gov that contains the following information:
 - i. For **ARP Homeless I**:
 1. How the SEA has used or will use up to 25 percent of funds awarded under ARP Homeless I for State-level activities to provide training, technical assistance, capacity-building, and engagement at the State and LEA levels, including support to LEAs to increase access to summer programming in 2021. This must include how the SEA has supported LEAs to plan for and provide wrap-around services, in collaboration with State and local agencies for immediate needs this spring 2021, and how it will support LEAs for school year 2021-2022. This should include the extent to which the SEA has or plans to build capacity in LEAs that have not received an EHCY subgrant in the past in order to ensure that these LEAs are well-prepared to utilize the funds provided in ARP Homeless II;

The Kansas State Department of Education will withhold the full 25% available for administration of the ARP-HCY-I funds to hire an additional staff member on our McKinney Vento program team. The responsibilities of the new ARP-HCY staff person will include additional training for state level and district level staff, and technical assistance on applying and using the ARP relief funds to identify and address the needs of our homeless children in youth who have been in school as well as developing strategies to re-engage those homeless children and youth who have not been in school and/or missed a large amount of school during the ongoing pandemic.

The new ARP-HCY staff member will also largely focus on assisting districts in developing plans for their use of ARP-HCY-II and will be the lead for those districts that have not received an

EHCY grant in the past. It is anticipated this work will include the application process, approvals, and maintaining the necessary documentation for the SEA. Training to LEAs will also be provided specific to application requirements, strategies to provide capacity on building relationships between districts and community-based organizations and to be the liaison between these organizations and our local school district McKinney Vento programs. The new ARP-HCY staff member will work with state organizations and local districts in order to help increase the capacity of local school districts to create, develop, and add on to additional programs to provide wrap around services for homeless students and their families.

The KSDE used other relief funds to provide summer activities that homeless students and families were able to partake in such as Sunflower Summer <https://www.sunflowersummer.org/> . The KSDE also strongly encouraged districts to create summer school programs that were geared to draw in students and provide enrichment as well as remedial learning when and where necessary for those students from underserved populations such as homeless children and youth. The KSDE plans to allow middle school and high school students to participate free of charge in taking the Pre-ACT, Work Keys, and the ACT <https://www.ksde.org/Agency/Division-of-Learning-Services/Career-Standards-and-Assessment-Services/CSAS-Home/Assessments>

The new ARP-HCY position will work with multiple stakeholders to help increase capacity for local districts to serve their homeless children and youth. Some of these groups include the Kansas Department of Children and Families, Head Start programs, Parents as Teacher programs, Jobs for America's Graduates, Advancement Via Individual Determination, Kansas Housing Corporation, regional service centers, Child Care Aware of Kansas, The Children's Alliance, Sunflower Summer, Kansas Health foundations, and local mental health clinics, Continuums of Care (Balance of State, Johnson County, Sedgwick County, Shawnee County, and Wyandotte County), and United Way agencies. Out of school programs may include groups such as 21st Century Community Learning Centers, YWCA, YMCA, Boys and Girls Clubs.

The new ARP-HCY staff member will help the local school districts expand the use of programs currently in place and assist them with starting new programs based on the needs of the homeless student populations in their district.

- 2. How the SEA has used or will use their funds for State-level activities to provide support to LEAs to increase access to summer programming and plan for and provide wraparound services for summer 2021, in collaboration with State and local agencies and other community-based organizations; and**

The KSDE used other relief funds to work with school districts to expand services for Summer 2021 and the KSDE is focusing the use of the state level activity funds to expand programs for the 21-22 school year, the 2022 Summer school sessions, the 22-23 school year, the 23 summer programs, and the 23-24 school year. The goals of any new programs

and enhancements of current programs will be to create sustainability of the programs currently in place, to assist homeless children and youth and to expand current programs so that they have a lasting affect long after the relief funds are no longer available. The KSDE and the McKinney Vento education support staff will continue to identify and develop relationships with the local school districts and local, regional, and state level community-based organizations.

3. **How the SEA has used or will use at least 75 percent of funds awarded under ARP Homeless I for distribution to LEAs in accordance with all requirements of EHCY. This must include the extent to which the SEA has or will use funds to supplement existing EHCY subgrants to allow for more rapid fund distribution to address the needs of students experiencing homelessness, and the extent to which the SEA analyzed and reviewed where there are significant concentrations of students and families experiencing homelessness across the State (including in LEAs that are not existing EHCY subgrantees), and how it has or will ensure that supports from ARP Homeless I can urgently reach them.**

The KSDE will award the HCY-I as enhancements/supplemental grants to the current McKinney-Vento grant programs. This will involve the current 12 school districts that received grants earlier this year in the competitive application process for the 2021-2022 school year. The current homeless staff is working with these districts to upgrade the programs currently in place and add additional capacity to develop more wrap around services locally and identify high quality programs and share this with other local homeless programs. As part of this grant districts will be expected to work with local, state and regional; community-based organizations to help with the enhancement of programs as well as creating new.

The KSDE is working with non-grantees to help them through reaching out to provide webinars on how to best address the needs of our homeless students who have been identified and find/create ways to reach out to the students who were not connected to the schools during the spring term of 2020 and the 2020-2021 school year. We will also be adding additional SEA level staff to help with the current districts who do not have programs prepare for the most effective use of the ARP-HCY-II allocations that will be available to all 286 districts in Kansas based on the Title I formula as well as a homeless per pupil amount. There will be a focus on working with community-based organizations and providing wrap around services to those students and families are needing extra support during the pandemic.

ii. For ARP Homeless II:

1. **How the SEA will use up to 25 percent of funds awarded under ARP Homeless II for State-level activities to provide training, technical assistance, capacity-building, and engagement at the State and LEA levels, including support to LEAs to plan for and provide wrap-around services, in collaboration with State and local agencies, for school year 2021-2022; and**

The KSDE currently does not plan on retaining any state level funding from the ARP-HCY-II funds. After careful consideration, this decision was made because we will be taking the full 25% for ARP-HCY-I. With 286 districts that will qualify for ARP-HCY-II, we feel it most appropriate to flow through the greatest amount of funding to the districts through these formula grant funds. The ARP-HCY-II funds will be used along with current state level McKinney-Vento funds to provide support to our local districts in working with local, regional, and state level community-based organizations to help create or enhance current wrap around services that are available to our homeless students and families.

- 2. How the SEA will use at least 75 percent of funds awarded under ARP Homeless II for distribution to LEAs in accordance with the final requirements. This must include a description of how the SEA will distribute funds in accordance with the required formula to address the needs of students experiencing homelessness and the extent to which the SEA has encouraged or will encourage the creation of consortia for those LEAs that may not meet the required minimum formula amount.**

The KSDE plans to distribute 100% of the ARP-HCY-II funds through the prescribed formula from the USDE. All Kansas districts receive Title I funding, therefore this will create the opportunity for all Kansas districts to choose to receive ARP-HCY-II direct funding for homeless students or, if their allocation would be less than \$5,000, they would be able to join a consortium. Fifty percent of the ARP-HCY-II funding will be determined by the current Title I formula which includes each district in Kansas and the other 50% will be based on a per-pupil allocation using the 2018-2019 homeless counts in Kansas school districts. The KSDE is encouraging all districts to participate as a district program or join a consortium of schools if the amount the district receives is less than the minimum \$5,000 allocation to have their own program. The KSDE will work with these school districts as well as our service centers that are located throughout the state to provide support to all homeless students across the state.

For both ARP Homeless I and ARP Homeless II:

- 1. How the SEA will ensure that ARP-HCY supplements the support and services provided with ARP ESSER funds and does not replace the use of ARP ESSER funds to support the needs of students experiencing homelessness;**

The KSDE education will provide training to local school districts on how to use these funds as supplemental to local, state, Title I, and McKinney-Vento funds to assure that homeless children and youth are getting the necessary education access to all programs and these funds should be used to enhance what the homeless students are already receiving through other funding sources.

The KSDE will be monitoring the use of funds through our current systems by adding more monitoring requirements and making sure all homeless programs are increasing their capacity to serve homeless students appropriately. All districts are currently monitored in

a three-year cycle for all ESEA programs. The ARP-HCY-I and the ARP-HCY-II will be added to this cycle. Currently the state coordinator does full monitoring twice in each three-year grant cycle and we will continue that process as well with the current McKinney-Vento grantees as well as the ARP-HCY-I program. The ARP-HCY-II program will have additional monitoring for all districts in their normal three-year monitoring cycle.

- 2. The extent to which the SEA will use its State-level activities funds to award subgrants or contracts to community-based organizations that are well-positioned to identify children and youth experiencing homelessness in historically underserved populations such as rural children and youth, Tribal children and youth, students of color, children and youth with disabilities, English learners, LGBTQ+ youth, and pregnant, parenting, or caregiving students experiencing homelessness, and connect them to educationally-related support and wraparound services; and**

The KSDE does not plan at this time to use state level funding to award subgrants or contracts to community-based organizations. Instead, we plan on adding state level staff with ARP-HCY-I funding to work with local, regional, and state level community-based organizations. The work with these organizations and the local school districts will be to develop plans for the local districts to possibly subgrant, contract or partner in other ways with the local, regional, and state community-based organizations. The focus will be to identify and support underserved populations such as migrant youth, foster care youth that are experiencing homelessness, runaways, LGBTQ+ students, pregnant, parenting, caregiving, tribal, students of color, students with disabilities, English learners and any other underserved population that the state and/or local school districts identifies.

- 3. How the SEA will encourage LEAs to award contracts to community-based organizations to help identify and support historically underserved populations experiencing homelessness.**

The KSDE through its current McKinney Vento staff and additional staff being hired with ARP-HCY-I funds plan to engage our local school districts with local, regional, and state level community-based organizations to help identify and serve historically underserved populations that are experiencing homelessness. The additional capacity being created at the state level will be able to reach out across the state and help connect community-based organizations with local staff. We will also be working with these community-based organizations and our local school districts to create resources that will be available for all districts. The new ARP-HCY staff member along with current staff will also be working to provide better lists of opportunities to work with community-based organizations to identify homeless children and youth and to provide wrap around services that are geared to address individual needs of the homeless children and youth population with a focus on our underserved youth. These populations include underserved populations such as migrant youth, foster care youth that have become homeless, runaways, LGBTQ+ students, pregnant, parenting, caregiving, tribal, students of color, students with disabilities, English learners, and any other identified homeless students that may fall in to a separate underserved population.

Some of these groups include the Kansas Department of Children and Families, Head Start programs, Parents as Teacher programs, Jobs for America's Graduates, Advancement Via Individual Determination, Kansas Housing Corporation, regional service centers, Child Care Aware of Kansas, The Children's Alliance, Sunflower Summer, Kansas Health foundations, and local mental health clinics, continuums of Care (Balance of State, Johnson County, Sedgwick County, Shawnee County, and Wyandotte County), and United Way agencies. Out of school programs may include groups such as 21st Century Community Learning Centers, YWCA, YMCA, Boys and Girls Clubs.
