

THE SECRETARY OF EDUCATION  
WASHINGTON, DC 20202

November 15, 2021

The Honorable Clayton Burch  
Superintendent of Schools  
West Virginia Department of Education  
1900 Kanawha Boulevard East  
Charleston, WV 25305-0330

Dear State Superintendent Burch:

I am pleased to approve West Virginia's American Rescue Plan Elementary and Secondary School Emergency Relief – Homeless Children and Youth (ARP-HCY) State plan. This plan, together with the unprecedented funding available under the American Rescue Plan Elementary and Secondary School Emergency Relief (ARP ESSER) Fund, will help support districts and schools in your State in identifying homeless children and youth, providing wraparound services in light of the impact of the coronavirus pandemic (COVID-19), providing assistance needed to enable homeless children and youth to attend school and participate fully in school activities, and address the social, emotional, mental health, and academic needs of students due to the impact of COVID-19.

West Virginia's plan is consistent with all ARP-HCY statutory and regulatory requirements and addresses all ARP-HCY State plan elements. This letter, along with the West Virginia's approved ARP-HCY State plan, will be posted on the U.S. Department of Education's (Department's) website.

Please be aware that approval of West Virginia's ARP-HCY State plan is not a determination that all the information included in the State plan complies with Federal civil rights requirements, including Title VI of the Civil Rights Act of 1964, Title IX of the Education Amendments of 1972, Section 504 of the Rehabilitation Act of 1973, Title II of the Americans with Disabilities Act, and requirements under the Individuals with Disabilities Education Act. It is West Virginia's responsibility to comply with these civil rights requirements.

The Department is committed to working in partnership with your State so that your ARP-HCY funds are quickly put to work to ensure children and youth experiencing homelessness are expeditiously identified and connected to wraparound services as well as other educationally related support services that they may need to recover fully from the impacts of the COVID-19 pandemic. The thoughtful, evidence-based, and timely use of ARP-HCY funds will have a lasting impact on our Nation's schools and help to address the inequities in resources, services, and opportunities available to our students.

Sincerely,

/s/

Miguel A. Cardona, Ed.D.
