• This webinar is being recorded

• The recording and slides will be posted online after the webinar

• All participants are muted as default

• Type your questions or comments into the Q&A box at any time
Webinar Agenda

• Welcome and Introduction

• Overview of Evidence and Evaluation in the Promise Neighborhoods Program

• Questions & Answers

• Resources & Upcoming Application Webinars
Webinar Objectives

During this presentation, attendees will learn about:

- Specific application requirements and competitive preference priorities related to evidence and evaluation for the Promise Neighborhoods program;

- Guidance on evidence-based best practices that support successful implementation of the Promise Neighborhoods program;

- Resources on evidence and evaluation relevant to Promise Neighborhoods.
Evidence Overview

- **CPP1**: Systemic evidence-based approach to reducing community violence.
- **CPP2**: Integrating multiple comprehensive and evidence-based services to increase postsecondary access, affordability, completion, and success.
- **CPP3**: Evidence-based strategies to improve student achievement.
- **Application Requirement (k)(1)**: Describe needs, proposed activities to address needs, and evidence supporting activities.
Promise Neighborhoods CPP3

Evidence-Based Activities to Support Academic Achievement (0 or 2 points)

Projects that propose to use evidence-based (as defined in this notice) activities, strategies, or interventions that support teaching practices that will lead to increasing student achievement (as defined in this notice), graduation rates, and career readiness.

Evidence-Based Definition

Evidence-based means the proposed project component is supported by one or more of strong evidence, moderate evidence, or promising evidence.
## Promising Evidence

<table>
<thead>
<tr>
<th></th>
<th>Practice Guide Recommendation</th>

<th>Single Study</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Relevance</strong></td>
<td>Evidence of effectiveness of key Project Component improving Relevant Outcome</td>
<td></td>
<td></td>
</tr>
<tr>
<td><strong>Source</strong></td>
<td>Prepared by WWC using any version of the WWC Handbook</td>
<td>Prepared by WWC using any version of the WWC Handbook</td>
<td>Correlational study with statistical controls for selection bias, Experimental, or Quasi-Experimental studies</td>
</tr>
<tr>
<td><strong>Strength of Evidence</strong></td>
<td>Reporting a “strong evidence base” or “moderate evidence base”</td>
<td>Positive or potentially positive effect on a Relevant Outcome, no negative or potentially negative effect</td>
<td>Statistically significant positive impact on a Relevant Outcome</td>
</tr>
</tbody>
</table>
Evidence Review

- Submit no more than 2 studies on Evidence Form to receive points for CPP3
- Describe significant findings and why those findings are relevant to your project and PN
- WWC certified reviewers will review citations to ensure they meet the promising evidence definition
Finding Evidence

Performance Measurement & Evaluation

Department of Education
(11) An explanation of how the eligible entity will continuously evaluate and improve the continuum of high-quality pipeline services to provide for continuous program improvement and potential expansion.
Program Requirements

(1) Each grantee under the PN competition must use the grant funds to implement the pipeline services and continuously evaluate the success of the program and improve the program based on data and outcomes. Section 4624(d) of the ESEA.
Performance Measures

The Secretary has established performance indicators (i.e., performance measures) for PN as required under section 4624(h) of the ESEA. Performance indicators established by the Secretary include improved academic and development outcomes for children, including indicators of school readiness, high school graduation, postsecondary education and career readiness, and other academic and developmental outcomes. These outcomes promote data-driven decision-making and access to a community-based continuum of high-quality services for children living in the most distressed communities of the United States, beginning at birth. All grantees will be required to submit data annually against these performance measures as part of their annual performance report.
Promise Neighborhoods Results

**Education**
- Children enter kindergarten ready to succeed in school
- Students are proficient in core academic subjects
- Students successfully transition from middle school grades to high school
- Youth graduate from high school
- High school graduates obtain a postsecondary degree, certification, or credential

**Family & Community Support**
- Students are healthy
- Students feel safe at school and in their community
- Students live in stable communities
- Families and community members support learning in Promise Neighborhood Schools
- Students have access to 21st-century learning tools
PN Performance Indicators (GPRAs)

**Education**

1 – # and % of children who demonstrate age-appropriate functioning at start of kindergarten

2 – (2.1) # and % of students at or above grade level on state Mathematics assessments (2.2) # and % of students at or above grade level on state English language arts assessments

3 – (3.1) Average daily attendance rate of students in 6th, 7th, 8th, and 9th grades (3.2) Chronic absenteeism rate of students in 6th, 7th, 8th, and 9th grades

4 – Four-year adjusted cohort graduation rate

5 – (5.1) # and % students who enroll in a two-year or four-year college or university after graduation; (5.2) # and % of Promise Neighborhood students who graduate from a two-year or four-year college or university or vocational certification completion.

**Family & Community Support**

6 – # and % of children who consume five or more servings of fruits and vegetables daily

7 – # and % of students who feel safe at school and traveling to and from school

8 – % of student entries and withdrawals from school (student mobility rate)

9– (9.1) # and % of parents or family members that read to or encourage their children to read three or more times a week; (9.2) # and % of parents/family members who report talking about the importance of college and career

10 – # and % of students who have school and home access to broadband internet and a connected computing device.
Performance Measures (2)

The [PN performance indicators] are not intended to limit an applicant from collecting and using data from additional Family and Community Support indicators proposed to the Department. Applicants are strongly encouraged, but not required, to propose additional performance indicators aligned to the specific pipeline services proposed in their application.

March 2019

Executive Summary: What Every Promise Neighborhood Implementation Grantee Needs to Know About Data (pages 1-19)
Population Data Sources

Local education agency administrative data for target schools

1 – # and % of children who demonstrate age-appropriate functioning at start of kindergarten
2 – (2.1) # and % of students at or above grade level on state Mathematics assessments
    (2.2) # and % of students at or above grade level on state English language arts assessments
3 – (3.1) Average daily attendance rate of students in 6th, 7th, 8th, and 9th grades
    (3.2) Chronic absenteeism rate of students in 6th, 7th, 8th, and 9th grades
4 – Four-year adjusted cohort graduation rate
8 – % of student entries and withdrawals from school (student mobility rate)

Guidance Document: Chapters 4 and 8
Population Data Sources (2)

Post-secondary data

5 –

**National Student Clearinghouse or equivalent source:**

(5.1) # and % students who enroll in a two-year or four-year college or university after graduation;

(5.2) # and % of Promise Neighborhood students who graduate from a two-year or four-year college or university...

**Alumni survey or other sources:**

(5.2) ... or vocational certification completion.

Guidance Document: 
Chapters 4, pages 68-73
Population Data Sources (3)

Annual school climate survey (target middle and high schools)

6 – # and % of children who consume five or more servings of fruits and vegetables daily

7 – # and % of students who feel safe at school and traveling to and from school

10 – # and % of students who have school and home access to broadband internet and a connected computing device.

Guidance Document: Chapter 7
Population Data Sources (4)

Neighborhood survey (in grant years 1, 3, and 5)

9– (9.1) # and % of parents or family members that read to or encourage their children to read three or more times a week; (9.2) # and % of parents/family members who report talking about the importance of college and career

Guidance Document: Chapter 7
Program Data

Data collected on individuals and families in PN programs is essential for assessing and reporting on early progress.

- Demographic information
- Family roster
- Implementation data
- Performance indicators for individuals and families* in PN programming

*Collected for all individuals and families or selectively by indicator.
Individual-Level Education Data

Being able to relate educational outcomes to students in PN programming provides a strong evidence base for continuous improvement and evaluation.

Requires obtaining consent from parents or eligible students and negotiating an agreement with local education agencies to access education records.

Guidance Document: Chapter 6
Individual-Level Education Data (2)

Be aware of FERPA and other requirements that govern personally-identifiable information.

Promise Neighborhoods are generally not eligible for FERPA exceptions; therefore, parental or eligible-student consent is needed to access protected education records.

In addition, all PN “research activities,” including data collection, must be reviewed and approved by an institutional review board.
Required Annual Reporting

(1) Information about the number and percentage of children in the neighborhood who are served by the grant program, including a description of the number and percentage of children accessing each support service offered as part of the pipeline of services; and

(2) Information relating to the metrics established under the PN Performance Indicators.
Required Annual Reporting (2)

In addition, grantees are required to make these data publicly available, including through electronic means.
