FFATA Subaward Reporting Accuracy Requirement – Grantees should review program subawards in [FSRS](#) and demonstrate efforts to ensure accurate monthly subaward reporting by:

- Confirming FFATA subaward data for each grant displays accurately in USApending.gov.
- Providing an explanation of subaward reporting to their SGR program officer for any grant that displays a *Percent of Prime Award Obligated Amounts* under 90%.
- Correcting subaward reporting of any grant that displays a *Percent of Prime Award Obligated Amounts* over 100% (overallocated) in USApending.gov.
- Sharing any Federal Service Desk ticket numbers, along with a description of the reported issues, with their SGR program officer (required for SGR escalation of FSRS system issues). If you do not receive a response from the Federal Service Desk within three business days, SGR can escalate your issue to GSA.

Findings will be issued this month to States that have not demonstrated efforts to ensure accuracy of ESSER, GEER, and EANS reporting. Questions? Please contact your Program Officer through your State Mailbox or see [FFATA Reporting Requirements and Accuracy](#), [FSRS FAQs](#), and [ESSER](#), [GEER](#), and [EANS](#) reporting pages for guidance.
