<b>ESSER Year 2 (FY21)</b>	closed	<b>7/3/23 to 7/20/23</b>

EANS Year 1 (FY21)	closed	9/11/23 to 9/21/23

**EANS Year 2 (FY22) APR period will close 6/29/23** - APR submission is required by 8pm EDT on Thursday, 6/29/23. Late submissions will not be accepted, and deadline extensions will not be granted. If you do not see your EANS Year 2 (FY22) APR after logging into the ESF Data Collection Tool, manually refresh your page by selecting **Ctrl + F5** or select the **Application Updated** - [Click here or reload page for latest version link](#) at the top of the page, if available.

**ESSER Year 2 (FY21) APR re-open period:** The ESSER Year 2 APR data collection will re-open on 7/3/23 and close on 3/20/23 to allow SEAs a final opportunity to correct or update any previously reported data. SEAs can log in to review or print the previously submitted data, however updates may not be made until 7/3/23.

See the [ESF Grantee Help page](#) for resources. Please continue to submit any APR-related questions to [ESSER.GEER.EANS.AnnualReport@ed.gov](mailto:ESSER.GEER.EANS.AnnualReport@ed.gov). The ESF Reporting Helpdesk can also be reached by phone at 1-866-890-0913.

**FFATA Subaward Reporting Accuracy Requirement** – Grantees should continue to review program subawards in [FSRS](#) and demonstrate efforts to ensure accurate monthly subaward reporting by:

- Confirming FFATA subaward data for each grant displays accurately in [USASpending.gov](#)
- Providing an explanation of subaward reporting to their SGR program officer for any grant that displays a *Percent of Prime Award Obligated Amounts* under 90% (See the *Sub-Awards* tab in the *Award History* section of the *USASpending Award Profile* for each grant). Examples of acceptable explanations include:
  - Manner of grant implementation (subawards under \$30,000 or contracts determined to not justify a subrecipient relationship)
  - Technical challenges with FSRS (active FSD ticket/incident numbers must be shared with SGR)
- Correcting subaward reporting of any grant that displays a *Percent of Prime Award Obligated Amounts* over 100% (overallocated) in [USASpending.gov](#).
- Sharing any Federal Service Desk ticket numbers and a description of the reported issues with their SGR program officer (required for SGR escalation of FSRS system issues that are not being actively worked on by the Federal Service Desk). If you do not receive a response from the Federal Service Desk within three business days, SGR can escalate your issue to GSA.

Questions? Please contact your SGR program officer through your State Mailbox or see [FSRS FAQs](#), and [ESSER](#), [GEER](#), and [EANS](#) reporting pages for guidance.

**FFATA Subaward Reporting System (FSRS) Improvements** – Would you like to influence improvements to the FFATA Subaward Reporting System? If so, GSA wants to hear from you. Please offer your recommendations by going to the *Gotta sec?* link on the [FSRS home page](#) or by navigating directly to [this link](#).
