U.S. Department of Education
Late Liquidation Process

Late Liquidation Requests
The traditional late liquidation process for funds that were properly obligated, and activities are completed but the State was unable to draw down funds by the end of the liquidation period (January 28, 2023), if timely and valid obligations, were made pursuant to 34 C.F.R. § 76.707.

Required Components
A request, on letterhead, and signed by either the Chief State School Officer or the Chief Financial Officer, that includes:
- The ALN (formerly CFDA) number
- PR Award number of the grant
- A detailed explanation for why the liquidation period needs to be re-opened and for why the funds were not liquidated during the established period of availability.
- A description of the measures the State is taking to preclude the circumstance necessitating the late liquidation from happening again (for CRSSA and ARP funds).
- The total dollar amount that the grantee wants to draw down from the balance. This amount should be based on ACTUAL expenditures, not any remaining funds.
- The amount of time needed to complete the drawdown, if longer than 3 business days, should the request be approved.
- An attestation that the information contained in the letter is accurate.

Documentation that shows the obligations were made during the period of availability of funds and for allowable purposes. Some examples of such documentation could include copies of invoices, contracts, ledgers, etc.

Liquidation Extension Process

Liquidation Period Extensions*
An up-to-14-month extension to the liquidation period that allows for grantees and subrecipients to continue contracted activities and payments, if timely and valid obligations were made pursuant to 34 C.F.R. § 76.707.

A State may submit a liquidation extension request for CARES Act funds or CRRSA Act funds as soon as data are available for submission.

*The liquidation extension request process is specific to CARES Act and CRRSA Act funds. The Department strongly encourages States and local educational agencies (LEAs) and other subgrantees to obligate and liquidate ARP Act funds with urgency for activities that support students’ academic recovery and mental health.*
Liquidation and Obligation Requirements

What does it mean to “Obligate” Funds?

The regulations at 34 C.F.R. § 76.707 govern when an obligation of Federal funds by a State or subgrantee such as an LEA occurs. Specifically, for services or assistance provided through a contract, the obligation is made on the date that the State or subgrantee makes a binding written commitment to obtain the services, work, or products. For rental or lease of real or personal property, the obligation is made when the property is used.

Liquidation and Obligation Requirements

What does it mean to “Liquidate” Funds?

The drawing down and expenditure of funds by a grantee for obligations incurred during the grant’s legal obligation period. Timely liquidation occurs during the project performance period and through the first 120 days after the final day of that period or an extension of that period authorized by ED, pursuant to 2 C.F.R. § 200.344(b).
